The related letter of transmittal states that by so acknowledging and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer in connection with resales of the Exchange Notes received in exchange for the Initial Notes where such Initial Notes in the applicable Exchange Offer were acquired by such broker-dealer as a result of market-making activities or other trading activities. We have agreed that, for a period of 180 days following the effective date of the registration statement of which this prospectus forms a part, we will make this prospectus available to any broker-dealer for use in connection with any such resale. See “Plan of Distribution.”

INDUSTRY AND MARKET DATA

We obtained the industry and market data used throughout, or incorporated by reference into, this prospectus from our own research, surveys or studies conducted by third parties and industry or general publications. Industry publications and surveys generally state that they have obtained information from sources believed to be reliable, but do not guarantee the accuracy and completeness of such information. While we believe that each of these studies and publications is reliable, we have not independently verified such data and we make no representation as to the accuracy of such information. Similarly, we believe our internal research is reliable but it has not been verified by any independent sources.

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference into this prospectus may include “forward-looking statements” within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by the forward-looking statements. In some cases, you can identify forward-looking statements by terms such as “may,” “will,” “should,” “could,” “would,” “expects,” “plans,” “anticipates,” “intends,” “believes,” “estimates,” “projects,” “predicts,” “potential” and similar expressions intended to identify forward-looking statements. All statements, other than statements of historical facts, included in or incorporated by reference into this prospectus that address activities, events or developments that we expect or anticipate will or may occur in the future, including such things as estimated future net revenues from oil and gas reserves and the present value thereof, future capital expenditures (including the amount and nature thereof), drilling activity, production, expenses, business strategy and measures to implement strategy, competitive strengths, goals, expansion and growth of our business and operations, references to future success, references to intentions as to future matters and other such matters are forward-looking statements. These statements are based on certain assumptions and analyses made by us in light of our experience and our perception of historical trends, current conditions and expected future developments as well as other factors we believe are appropriate in the

[Table of Contents](#)

circumstances. However, whether actual results and developments will conform with our expectations and predictions is subject to a number of risks and uncertainties, general economic, market or business conditions, the opportunities (or lack thereof) that may be presented to and pursued by us, competitive actions by other oil and gas companies, changes in laws or regulations, hurricanes and other natural disasters and other factors, many of which are beyond our control, including those discussed under the heading “Risk Factors” herein and those discussed in the documents we have incorporated by reference, including our Annual Report on Form 10-K for the fiscal year ended December 31, 2016, Quarterly Report on Form 10-Q for the first quarter ended March 31, 2017 and subsequent filings we make with the SEC. Consequently, all of the forward-looking statements made in or incorporated by reference into this prospectus are qualified by these cautionary statements and we cannot assure you that the actual results or developments anticipated by us will be realized or, even if realized, that they will have the expected consequences to or effects on us, our business or operations. We have no intention, and disclaim any obligation, to update or revise any forward-looking statements, whether as a result of new information, future results or otherwise.

SUMMARY

This summary highlights selected information contained elsewhere in this prospectus about us and the Exchange Offers. This summary does not contain all the information that is important to you. You should read the entire prospectus carefully, including the "Risk Factors," as well as the financial statements and related notes thereto incorporated by reference into this prospectus. In this prospectus, except as otherwise indicated, the words "Gulfport," the "Company," "we," "us," "our" and "ours" refer to Gulfport Energy Corporation and its subsidiaries, unless otherwise indicated or the context otherwise requires. We have provided definitions for certain oil and natural gas terms used in this prospectus in the "Glossary of Oil and Gas Terms."

Overview

We are an independent oil and natural gas exploration and production company focused on the exploration, exploitation, acquisition and production of natural gas, crude oil and natural gas liquids in the United States. Our corporate strategy is to internally identify prospects, acquire lands encompassing those prospects and evaluate those prospects using subsurface geology and geophysical data and exploratory drilling. Using this strategy, we have developed an oil and natural gas portfolio of proved reserves, as well as development and exploratory drilling opportunities on high potential conventional and unconventional oil and natural gas prospects. Our principal properties are located in the Utica Shale primarily in Eastern Ohio and the SCOOP Woodford and SCOOP Springer plays in Oklahoma. In addition, among other interests, we hold an acreage position along the Louisiana Gulf Coast in the West Cote Blanche Bay and Hackberry fields, an acreage position in the Alberta oil sands in Canada through our interest in Grizzly Oil Sands ULC and an approximate 25.1% equity interest in Mammoth Energy Services, Inc., an oil field services company listed on the NASDAQ Global Select Market (TUSK). We seek to achieve reserve growth and increase our cash flow through our annual drilling programs.

Our Offices

Our principal executive offices are located at 3001 Quail Springs Parkway, Oklahoma City, Oklahoma 73134, and our telephone number is (405) 252-4600. Our website address is www.gulfportenergy.com. Information contained on our website does not constitute a part of this prospectus.

Summary of the Terms of the Exchange Offer

The summary below includes a description of the principal terms of the Exchange Offers. Certain of the terms and conditions described below are subject to important limitations and exceptions. Additional information regarding the terms and conditions of the Exchange Offers and the Exchange Notes can be found under the headings “The Exchange Offers,” “Description of the 2024 Exchange Notes” and “Description of the 2025 Exchange Notes.”

The 2024 Initial Notes

On October 14, 2016, we issued \$650.0 million in aggregate principal amount of 6.000% Senior Notes due 2024, which we refer to as the 2024 Initial Notes, to qualified institutional buyers pursuant to Rule 144A under the Securities Act and to certain non-U.S. persons in accordance with Regulation S under the Securities Act under an indenture among us, our subsidiary guarantors and Wells Fargo Bank, National Association, as the trustee, which indenture we refer to as the 2024 Indenture.

The 2025 Initial Notes

On December 21, 2016, we issued \$600.0 million in aggregate principal amount of 6.375% Senior Notes due 2025, which we refer to as the 2025 Initial Notes, to qualified institutional buyers pursuant to Rule 144A under the Securities Act and to certain non-U.S. persons in accordance with Regulation S under the Securities Act under an indenture among us, our subsidiary guarantors and Wells Fargo Bank, National Association, as the trustee, which indenture we refer to as the 2025 Indenture.

The Exchange Offer

We are offering to exchange up to \$650.0 million aggregate principal amount of our 6.000% Senior Notes due 2024 that have been registered under the Securities Act for up to \$650.0 million aggregate principal amount of 2024 Initial Notes and up to \$600.0 million aggregate principal amount of our 6.375% Senior Notes due 2025 that have been registered under the Securities Act for up to \$600.0 million aggregate principal amount of 2025 Initial Notes. You may exchange your Initial Notes only by following the procedures described elsewhere in this prospectus under the “The Exchange Offers—Procedures for Tendering Initial Notes.”

Registration Rights

We issued the 2024 Initial Notes in a private offering on October 14, 2016 and the 2025 Initial Notes in a private offering on December 21, 2016. In connection with the offering of the Initial Notes, we entered into registration rights agreements with the initial purchasers of the Initial Notes, or the initial purchasers, which agreements provide for, among other things, these Exchange Offers.

Resale of Exchange Notes

Based upon interpretive letters written by the SEC, we believe that the Exchange Notes issued in the Exchange Offers may be offered for resale, resold or otherwise transferred by you without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:

- You are acquiring the Exchange Notes in the ordinary course of your business;

[Table of Contents](#)

- You are not participating, do not intend to participate, and have no arrangement or understanding with any person to participate, in the distribution of the Exchange Notes; and
- You are not our “affiliate,” as that term is defined for the purposes of Rule 144A under the Securities Act.

If any of the foregoing are not true and you transfer any Exchange Note without registering the Exchange Note and delivering a prospectus meeting the requirements of the Securities Act, or without an exemption from registration of your Exchange Notes from such requirements, you may incur liability under the Securities Act. We do not assume any responsibility for, and will not indemnify you for, any such liability.

Each broker-dealer that receives Exchange Notes for its own account in exchange for Initial Notes that were acquired by such broker-dealer as a result of market-making or other trading activities must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of the Exchange Notes. A broker-dealer may use this prospectus for an offer to resell, a resale or any other retransfer of the Exchange Notes. See “Plan of Distribution.”

Consequences of Failure to Exchange Initial Notes

Initial Notes that are not tendered or that are tendered but not accepted will, following the completion of the Exchange Offers, continue to be subject to existing restrictions upon transfer. The trading market for Initial Notes not exchanged in the Exchange Offers may be significantly more limited than at present. Therefore, if your Initial Notes are not tendered and accepted in the Exchange Offers, it may become more difficult for you to sell or transfer your Initial Notes. Furthermore, you will no longer be able to compel us to register the Initial Notes under the Securities Act and we will not be required to pay additional interest as described in the registration rights agreements. In addition, you will not be able to offer or sell the Initial Notes unless they are registered under the Securities Act (and we will have no obligation to register them, except in limited circumstances), or unless you offer or sell them under an exemption from the requirements of, or a transaction not subject to, the Securities Act.

Expiration of the Exchange Offers

Each Exchange Offer will expire at midnight, New York City time on September 7, 2017, unless we decide to extend the expiration date for such Exchange Offer.

Conditions to the Exchange Offers

Neither Exchange Offer is subject to any condition other than certain customary conditions, which we may, but are not required to, waive. We currently anticipate that each of the conditions will be satisfied and that we will not need to waive any conditions. We reserve the

[Table of Contents](#)

	<p>right to terminate or amend each Exchange Offer at any time before the expiration date of such Exchange Offer if any such condition occurs. In the event of a material change in either of the Exchange Offers, including the waiver of a material condition, we will extend, if necessary, the expiration date of the affected Exchange Offer such that at least five business days remain in the affected Exchange Offer following notice of the material change. For additional information regarding the conditions to the Exchange Offers, see “The Exchange Offers—Conditions to the Exchange Offers.”</p>
Procedures for Tendering Initial Notes	<p>If you wish to accept the Exchange Offer applicable to your Initial Notes, you must complete, sign and date the letter of transmittal, or a facsimile of the letter of transmittal, and transmit it together with all other documents required by the letter of transmittal (including the Initial Notes to be exchanged) to Wells Fargo Bank, National Association, as exchange agent, at the address set forth on the cover page of the letter of transmittal. In the alternative, you can tender your Initial Notes by following the procedures for book-entry transfer, as described in this prospectus. For more information on accepting the Exchange Offer applicable to your Initial Notes and tendering your Initial Notes, see “The Exchange Offers—Procedures for Tendering Initial Notes.”</p>
Special Procedures for Beneficial Holders	<p>If you are a beneficial holder whose Initial Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your Initial Notes in the applicable Exchange Offer, you should contact the registered holder promptly and instruct the registered holder to tender your Initial Notes on your behalf. If you are a beneficial holder and you wish to tender your Initial Notes on your own behalf, you must, prior to delivering the letter of transmittal and your Initial Notes to the exchange agent, either make appropriate arrangements to register ownership of your Initial Notes in your own name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time.</p>
Withdrawal Rights	<p>You may withdraw the tender of your Initial Notes at any time prior to midnight, New York City time, on the expiration date of the Exchange Offer applicable to your Initial Notes. To withdraw, you must send a written or facsimile transmission of your notice of withdrawal to the exchange agent as described under “The Exchange Offers—Withdrawal of Tenders” by midnight, New York City time, on the expiration date.</p>
Acceptance of Initial Notes and Delivery of Exchange Notes	<p>Subject to certain conditions, we will accept all Initial Notes that are properly tendered in the Exchange Offers and not withdrawn prior to midnight, New York City time, on the expiration date. We will</p>

[Table of Contents](#)

	<p>deliver the Exchange Notes promptly after the expiration date. Initial Notes will be validly tendered and not validly withdrawn if they are tendered in accordance with the terms of the Exchange Offers as detailed under “The Exchange Offers—Procedures for Tendering Initial Notes” and not withdrawn in accordance with the terms of the Exchange Offers as detailed under “The Exchange Offers—Withdrawal of Tenders.”</p>
United States Federal Income Tax Consequences	<p>We believe that the exchange of Initial Notes for Exchange Notes generally will not be a taxable exchange for federal income tax purposes, but you should consult your tax adviser about the tax consequences of this exchange. See “Material U.S. Federal Income Tax Considerations.”</p>
Exchange Agent	<p>Wells Fargo Bank, N.A., the trustee under the Indentures, is serving as exchange agent in connection with the Exchange Offers. The mailing address of the exchange agent is set forth on the cover page of the letter of transmittal.</p>
Fees and Expenses	<p>We will bear all expenses related to consummating the Exchange Offers and complying with the registration rights agreements.</p>
Use of Proceeds	<p>We will not receive any cash proceeds from the issuance of the Exchange Notes. We received net proceeds of approximately \$638.9 million, after deducting the initial purchasers’ discounts and offering expenses, from the issuance of the 2024 Initial Notes, which we used to (i) to purchase our outstanding 7.750% Senior Notes due 2020, which we refer to as the 2020 Notes, tendered pursuant to a tender offer for all of our outstanding 2020 Notes, to pay fees and expenses thereof and to redeem all of the 2020 Notes that were not tendered and remained outstanding thereafter and (ii) for general corporate purposes, which included the funding of a portion of our capital development plans. We received net proceeds of approximately \$584.7 million, after deducting the initial purchasers’ discounts and offering expenses, from the issuance of the 2025 Initial Notes, which we used to fund a portion of the cash consideration for our previously reported acquisition of certain assets from Vitruvian II Woodford, LLC, which we completed on February 17, 2017 and refer to herein as the Vitruvian Acquisition.</p>
Regulatory Approvals	<p>Other than those under federal securities laws, there are no federal or state regulatory requirements that we must comply with and there are no approvals that we must obtain in connection with the Exchange Offers.</p>

- will be effectively subordinated to our secured indebtedness, including all borrowings and other obligations under our secured revolving credit facility, to the extent of the value of the collateral securing such indebtedness.

Similarly, the guarantees of the Exchange Notes will be senior unsecured obligations of the guarantors and:

- will rank equally in right of payment with all of the applicable guarantor's senior indebtedness;
- will rank senior in right of payment to all of the applicable guarantor's future subordinated indebtedness, if any; and
- will be effectively subordinated to all of the applicable guarantor's secured indebtedness, including the applicable guarantor's guarantee of all borrowings and other obligations under our secured revolving credit facility, to the extent of the value of the collateral securing such indebtedness.

The Exchange Notes and the guarantees will be structurally subordinated to all obligations, including trade payables, of any subsidiary that is not a guarantor, including any unrestricted subsidiary.

As of March 31, 2017, the Exchange Notes and the guarantees would have ranked effectively subordinated to approximately \$262.4 million of secured indebtedness, consisting of \$238.7 million of letters of credit under our secured revolving credit facility and \$23.7 million under our construction loan for our new corporate headquarters, in each case to the extent of the value of the assets securing such indebtedness. See "Description of Other Indebtedness—Construction Loan."

Optional Redemption

On and after October 15, 2019, we will be entitled, at our option, to redeem all or a portion of the 2024 Notes (including the 2024 Exchange Notes) at the redemption prices listed under "Description of the 2024 Exchange Notes—Optional Redemption," plus accrued interest to the redemption date. Prior to October 15, 2019, we will be entitled, at our option, to redeem all or a portion of the 2024 Notes at a redemption price equal to 100% of the principal amount of the 2024 Notes plus a "make-whole" premium and accrued and unpaid interest to the redemption date.

In addition, any time prior to October 15, 2019, we will be entitled, at our option, to redeem the 2024 Notes (including the 2024 Exchange Notes) in an aggregate principal amount not to exceed 35% of the aggregate principal amount of the 2024 Notes issued prior to such date at a redemption price of 106.000%, plus accrued and unpaid interest to the redemption date, with an amount equal to the net cash proceeds from certain equity offerings. See "Description of the 2024 Exchange Notes—Optional Redemption."

[Table of Contents](#)

On and after May 15, 2020, we will be entitled, at our option, to redeem all or a portion of the 2025 Notes (including the 2025 Exchange Notes) at the redemption prices listed under “Description of the 2025 Exchange Notes—Optional Redemption,” plus accrued interest to the redemption date. Prior to May 15, 2020, we will be entitled, at our option, to redeem all or a portion of the 2025 Notes at a redemption price equal to 100% of the principal amount of the 2025 Notes plus a “make-whole” premium and accrued and unpaid interest to the redemption date.

In addition, any time prior to May 15, 2020, we will be entitled, at our option, to redeem the 2025 Notes (including the 2025 Exchange Notes) in an aggregate principal amount not to exceed 35% of the aggregate principal amount of the 2025 Notes issued prior to such date at a redemption price of 106.375%, plus accrued and unpaid interest to the redemption date, with an amount equal to the net cash proceeds from certain equity offerings. See “Description of the 2025 Exchange Notes—Optional Redemption.”

Mandatory Offers to Purchase

If we experience certain change of control transactions, we will be required to make an offer to repurchase the Notes (including Exchange Notes) at a price equal to 101% of the principal amount thereof, plus accrued and unpaid interest to the date of repurchase. See “Description of the 2024 Exchange Notes—Change of Control,” “Description of the 2025 Exchange Notes—Change of Control” and “Risk Factors.”

If we sell certain assets and fail to use the proceeds in a manner specified in the applicable Indenture, we will be required to make an offer to repurchase the Notes (including the Exchange Notes) issued under such Indenture at a price equal to 100% of the principal amount thereof, plus accrued and unpaid interest to the date of repurchase. See “Description of the 2024 Exchange Notes—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock” and “Description of the 2025 Exchange Notes—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock.”

Restrictive Covenants

Each Indenture contains certain covenants that, among other things, limit our ability and the ability of our restricted subsidiaries to:

- incur or guarantee additional indebtedness;
- make certain investments;
- declare or pay dividends or make distributions on our capital stock;
- prepay subordinated indebtedness;
- sell assets including capital stock of restricted subsidiaries;
- agree to payment restrictions affecting our restricted subsidiaries;
- consolidate, merge, sell or otherwise dispose of all or substantially all of our assets;

[Table of Contents](#)

- enter into transactions with our affiliates;
- incur liens;
- engage in business other than the oil and gas business; and
- designate certain of our subsidiaries as unrestricted subsidiaries.

These limitations are subject to a number of exceptions and qualifications. See “Description of the 2024 Exchange Notes—Certain Covenants” and “Description of the 2025 Exchange Notes—Certain Covenants.”

No Prior Market

The Exchange Notes will not be listed on any securities exchange or included in any automated quotation system. When the Initial Notes were issued, such Initial Notes were new securities with no established market. The initial purchasers have advised us that they have been making a market in the Initial Notes and, when issued, intend to make a market in the Exchange Notes. The initial purchasers, however, are not obligated to do so and may discontinue market-making activities at any time without notice. Accordingly, we cannot assure you that a liquid market for the Exchange Notes will develop or be maintained.

Risk Factors

You should consider carefully the information set forth in the section entitled “Risk Factors” and all other information contained in or incorporated by reference into this prospectus for a discussion of certain risks relating to an investment in the Exchange Notes.

RATIO OF EARNINGS (DEFICIT) TO FIXED CHARGES

The following table sets forth our ratios of earnings (deficit) to fixed charges for the periods indicated. We have calculated the ratio of earnings (deficit) to fixed charges by dividing the sum of income from continuing operations plus fixed charges by fixed charges. Fixed charges consist of interest expense and capitalized interest. You should read these ratios in connection with our consolidated financial statements incorporated by reference herein. The financial measures used in this table may not be comparable to similarly titled financial measures used in our various agreements, including our secured revolving credit facility, the indentures governing our Existing Notes, the indenture relating to the 2023 Notes and the Indentures.

RISK FACTORS

You should carefully consider each of the risks described below, in our Annual Report on Form 10-K for the year ended December 31, 2016, our Quarterly Report on Form 10-Q for the quarterly period ended March 31, 2017 and subsequent filings we make with the SEC, incorporated by reference into this prospectus, and all of the other information contained in or incorporated by reference into this prospectus, before participating in the Exchange Offers. Our business, financial condition and results of operations could be materially and adversely affected by any of these risks. The risks described below and those incorporated by reference into this prospectus are not the only ones facing us. Additional risks not presently known to us or which we currently consider immaterial also may adversely affect us.

Risks Related to the Exchange Notes, the Exchange Offers and Our Other Indebtedness

Your failure to participate in the applicable Exchange Offer may have adverse consequences.

If you do not exchange your Initial Notes for Exchange Notes in the applicable Exchange Offer, you will continue to be subject to the restrictions on transfer of your Initial Notes, as set forth in the legend on your Initial Notes. The restrictions on transfer of your Initial Notes arise because we sold the Initial Notes in a private offering. In general, the Initial Notes may not be offered or sold, unless registered under the Securities Act or pursuant to an exemption from, or in a transaction not subject to, such registration requirements.

After completion of the Exchange Offers, holders of Initial Notes who do not tender their Initial Notes in the Exchange Offers will no longer be entitled to any exchange or registration rights under the registration rights agreements, except in limited circumstances. The tender of Initial Notes under the applicable Exchange Offer will reduce the principal amount of such currently outstanding Initial Notes. Due to the corresponding reduction in liquidity, this may have an adverse effect upon, and increase the volatility of, the market price of any currently outstanding Initial Notes that you continue to hold following completion of the applicable Exchange Offer. See “The Exchange Offers.”

You must comply with the Exchange Offers procedures in order to receive new, freely tradable Exchange Notes.

Delivery of the Exchange Notes in exchange for the Initial Notes tendered and accepted for exchange pursuant to the applicable Exchange Offer will be made provided the procedures for tendering the Initial Notes are followed. We are not required to notify you of defects or irregularities in tenders of Initial Notes for exchange. See “The Exchange Offers.”

Some holders who exchange their Initial Notes may be deemed to have received restricted securities, and these holders will be required to comply with the registration and prospectus delivery requirements in connection with any resale transaction.

If you exchange your Initial Notes in the applicable Exchange Offer for the purpose of participating in a distribution of the Exchange Notes, you may be deemed to have received restricted securities and, if so, will be required to comply with the registration and prospectus delivery requirements of the Securities Act in connection with any resale transaction.

The consummation of the Exchange Offers may not occur.

We are not obligated to complete the Exchange Offers under certain circumstances. See “The Exchange Offers—Conditions to the Exchange Offers.” Even if each Exchange Offer is completed, it may not be completed on the schedule described in this prospectus. Accordingly, holders participating in the applicable Exchange Offer may have to wait longer than expected to receive their Exchange Notes. You may be required to deliver prospectuses and comply with other requirements in connection with any resale of the Exchange Notes.

Table of Contents

We cannot assure you that an active trading market will develop for the Exchange Notes.

We do not intend to apply for listing of the Exchange Notes on any securities exchange or to arrange for quotation of the Exchange Notes on any automated dealer quotation system. When the Initial Notes were issued, such Initial Notes were new securities with no established trading market. The initial purchasers have advised us that they have been making a market in the Initial Notes and, when issued, intend to make a market in the Exchange Notes. The initial purchasers are not obligated, however, to do so, and any such market may be discontinued by the initial purchasers in their discretion at any time without notice. See “Plan of Distribution.” In addition, the liquidity of the trading market in the Notes, and the market price quoted for the Notes, may be adversely affected by changes in the overall market for this type of security and by changes in our financial performance or prospects or in the prospects for companies in our industry generally. As a result, we cannot assure you that an active trading market for the Exchange Notes will develop or will be maintained. If an active trading market is not developed or maintained, the market price and liquidity of the Exchange Notes may be adversely affected. In that case, you may not be able to sell your Exchange Notes at a particular time, or you may not be able to sell your Exchange Notes at a favorable price. Consequently, a purchaser of the Exchange Notes may not be able to liquidate its investment readily and the Exchange Notes may not be readily accepted as collateral for loans. Furthermore, the market for non-investment grade debt has been subject to disruptions that have caused substantial fluctuations in the price of the securities. Any disruptions may have a negative effect on noteholders, regardless of our prospects and financial performance.

Our substantial level of indebtedness could adversely affect our business, financial condition, results of operations and prospects and prevent us from fulfilling our obligations under the Notes and our other indebtedness.

As of March 31, 2017, we had total indebtedness (net of unamortized debt issuance costs) of approximately \$1.6 billion, including \$350.0 million attributable to our outstanding 6.625% Senior Notes due 2023, which we refer to as the 2023 Notes, \$650.0 million attributable to our outstanding 2024 Initial Notes, \$600.0 million attributable our outstanding 2025 Initial Notes, \$40.0 in borrowings outstanding under our secured revolving credit facility and approximately \$23.7 million outstanding under the construction loan for our new corporate headquarters. As of March 31, 2017, we had a borrowing base of \$700.0 million, \$40.0 million in borrowings outstanding and borrowing base availability of \$421.3 million under our secured revolving credit facility after giving effect to an aggregate of \$238.7 million of letters of credit. On May 4, 2017, our secured revolving credit facility was amended to increase the borrowing base from \$700.0 million to \$1.0 billion.

Our outstanding indebtedness could have important consequences to you, including the following:

- our high level of indebtedness could make it more difficult for us to satisfy our obligations with respect to our indebtedness, and any failure to comply with the obligations under any of our debt instruments, including restrictive covenants, could result in a default under our secured revolving credit facility, the indenture relating to the 2023 Notes or the Indentures;
- the restrictions imposed on the operation of our business by the terms of our debt agreements may hinder our ability to take advantage of strategic opportunities to grow our business;
- our ability to obtain additional financing for working capital, capital expenditures, debt service requirements, restructuring, acquisitions or general corporate purposes may be impaired, which could be exacerbated by further volatility in the credit markets;
- we must use a substantial portion of our cash flow from operations to pay interest on the Notes and our other indebtedness, which will reduce the funds available to us for operations and other purposes;
- our level of indebtedness could place us at a competitive disadvantage compared to our competitors that may have proportionately less debt;
- our flexibility in planning for, or reacting to, changes in our business and the industry in which we operate may be limited;

Table of Contents

- our high level of indebtedness makes us more vulnerable to economic downturns and adverse developments in our business; and
- we may be vulnerable to interest rate increases, as our borrowings under our secured revolving credit facility are at variable interest rates.

Any of the foregoing could have a material adverse effect on our business, financial condition, results of operations, prospects and ability to satisfy our obligations under the Notes.

If we default on our obligations to pay our other indebtedness, we may not be able to make payments on the Notes.

Any default under the agreements governing our indebtedness could prohibit us from making payments of principal, premium, if any, or interest on the Notes and could substantially decrease the market value of the Notes. If we are unable to generate sufficient cash flow and are otherwise unable to obtain funds necessary to meet required payments of principal, premium, if any, or interest on our indebtedness, or if we otherwise fail to comply with the various covenants, including financial and operating covenants, in the instruments governing our indebtedness, we could be in default under the terms of the agreements governing such indebtedness. In the event of such default, the holders of such indebtedness could elect to declare all the funds borrowed thereunder to be due and payable, together with accrued and unpaid interest. More specifically, the lenders under our secured revolving credit facility could elect to terminate their commitments, cease making further loans and institute foreclosure proceedings against our assets, and we could be forced into bankruptcy or litigation.

Any significant reduction in our borrowing base under our secured revolving credit facility as a result of the periodic borrowing base redeterminations or otherwise may negatively impact our ability to fund our operations, and we may not have sufficient funds to repay borrowings under our secured revolving credit facility if required as a result of a borrowing base redetermination.

As of March 31, 2017, our borrowing base was set at \$700.0 million, we had \$40.0 million outstanding under our revolving credit facility and total funds available for borrowing, after giving effect to an aggregate of \$238.7 million of outstanding letters of credit, were \$421.3 million. On May 4, 2017, our secured revolving credit facility was amended to increase the borrowing base from \$700.0 million to \$1.0 billion. The borrowing base is subject to scheduled semiannual and other elective collateral borrowing base redeterminations based on our oil and natural gas reserves and other factors. Under our secured revolving credit facility, any future issuance of senior notes will reduce the borrowing base under our senior secured revolving credit facility by 25% of the amount of such issuance (net of any proceeds used to repurchase or redeem senior notes).

We intend to continue to borrow under our secured revolving credit facility in the future. Any significant reduction in our borrowing base as a result of such borrowing base redeterminations or otherwise may negatively impact our liquidity and our ability to fund our operations and, as a result, may have a material adverse effect on our financial position, results of operation and cash flow. Further, if the outstanding borrowings under our secured revolving credit facility were to exceed the borrowing base as a result of any such redetermination, we would be required to repay the excess. We may not have sufficient funds to make such repayments. If we do not have sufficient funds and we are otherwise unable to negotiate renewals of our borrowings or arrange new financing, we may have to sell significant assets. Any such sale could have a material adverse effect on our business and financial results.

Servicing our indebtedness requires a significant amount of cash, and we may not have sufficient cash flow from our business to pay our substantial indebtedness.

Our ability to make scheduled payments of the principal of, to pay interest on or to refinance our indebtedness, including the Notes and 2023 Notes, depends on our future performance, which is subject to

Table of Contents

economic, financial, competitive and other factors beyond our control. Our business may not generate cash flow from operations in the future sufficient to service our debt and make necessary capital expenditures. If we are unable to generate such cash flow, we may be required to adopt one or more alternatives, such as reducing or delaying capital expenditures, selling assets, restructuring debt or obtaining additional equity capital on terms that may be onerous or highly dilutive. However, we cannot assure you that undertaking alternative financing plans, if necessary, would allow us to meet our debt obligations. In the absence of such cash flows, we could have substantial liquidity problems and might be required to sell material assets or operations to attempt to meet our debt service and other obligations.

Our existing debt agreements, including the Indentures, restrict our ability to use the proceeds from asset sales. We may not be able to consummate those asset sales to raise capital or sell assets at prices that we believe are fair, and proceeds that we do receive may not be adequate to meet any debt service obligations then due. See “Description of Other Indebtedness,” “Description of the 2024 Exchange Notes” and “Description of the 2025 Exchange Notes.” Our ability to refinance our indebtedness will depend on the capital markets and our financial condition at the time. We may not be able to engage in any of these activities or engage in these activities on desirable terms, which could result in a default on our debt obligations and have an adverse effect on our financial condition.

We may still be able to incur substantial additional indebtedness in the future, which could further exacerbate the risks that we and our subsidiaries face.

We and our subsidiaries may be able to incur substantial additional indebtedness in the future. The terms of our existing debt agreements, including the Indentures, restrict, but in each case do not completely prohibit, us from doing so. As of March 31, 2017, our borrowing base under our secured revolving credit facility was set at \$700.0 million. As of that date, we had \$40.0 million in borrowings outstanding under our secured revolving credit facility and total funds available for borrowing, after giving effect to an aggregate of \$238.7 million of outstanding letters of credit, were \$421.3 million. On May 4, 2017, our secured revolving credit facility was amended to increase the borrowing base from \$700.0 million to \$1.0 billion. In addition, our existing debt agreements, including the Indentures, allow us to issue additional notes under certain circumstances which will also be guaranteed by the guarantors. Our existing debt agreements, including the Indentures, allow us to incur certain other additional secured debt and allow our subsidiaries that do not guarantee the Notes to incur additional debt, which would be structurally senior to the Notes. In addition, our existing debt agreements, including the Indentures, do not prevent us from incurring other liabilities that do not constitute indebtedness. See “Description of the 2024 Exchange Notes” and “Description of the 2025 Exchange Notes.” If we or a guarantor incur any additional indebtedness that ranks equally with the Notes (or with the guarantees thereof), including additional unsecured indebtedness or trade payables, the holders of that indebtedness will be entitled to share ratably with holders of the Notes in any proceeds distributed in connection with any insolvency, liquidation, reorganization, dissolution or other winding-up of us or a guarantor. If new debt or other liabilities are added to our current debt levels, the related risks that we and our subsidiaries now face could intensify.

Restrictive covenants in our existing debt agreements, including the Indentures, and in future debt instruments may restrict our ability to pursue our business strategies.

Our existing debt agreements, including the Indentures, limit, and the terms of any future indebtedness may limit, our ability, among other things, to:

- incur or guarantee additional indebtedness;
- make certain investments;
- declare or pay dividends or make distributions on our capital stock;
- prepay or amend the terms of indebtedness;
- sell assets including capital stock of restricted subsidiaries;

Table of Contents

- agree to payment restrictions affecting our restricted subsidiaries;
- consolidate, merge, sell or otherwise dispose of all or substantially all of our assets;
- enter into transactions with our affiliates;
- incur liens;
- engage in business other than the oil and gas business; and
- designate certain of our subsidiaries as unrestricted subsidiaries.

The restrictions contained in these agreements could limit our ability to plan for, or react to, market conditions, meet capital needs, make acquisitions or otherwise restrict our activities or business plans.

We may be prevented from taking advantage of business opportunities that arise because of the limitations imposed on us by the restrictive covenants contained in our existing debt agreements. In addition, our secured revolving credit facility requires us to maintain certain financial ratios and tests. The requirement that we comply with these provisions may materially adversely affect our ability to react to changes in market conditions, take advantage of business opportunities we believe to be desirable, obtain future financing, fund needed capital expenditures or withstand a continuing or future downturn in our business.

A breach of any of these restrictive covenants could result in a default under the agreement governing our secured revolving credit facility, the Indentures or the indenture governing the 2023 Notes. If a default occurs, the lenders under our secured revolving credit facility, the holders of the 2023 Notes, the holders of the Notes or all of them, may elect to declare all debt outstanding under such agreement, together with accrued interest and other amounts, to be immediately due and payable. The lenders under our secured revolving credit facility will also have the right in these circumstances to terminate any commitments they have to provide further borrowings. If we are unable to repay outstanding borrowings when due, the lenders under our secured revolving credit facility will also have the right to proceed against the collateral granted to them to secure the indebtedness. If the indebtedness under our secured revolving credit facility or our outstanding 2023 Notes, 2024 Notes or 2025 Notes were to be accelerated, we cannot assure you that our assets would be sufficient to repay in full that indebtedness and our other indebtedness. See “Description of the 2024 Exchange Notes—Certain Covenants” and “Description of the 2025 Exchange Notes—Certain Covenants.”

Our borrowings under our secured revolving credit facility expose us to interest rate risk.

Our earnings are exposed to interest rate risk associated with borrowings under our secured revolving credit facility. Our secured revolving credit facility is structured under floating rate terms, as advances under this facility may be in the form of either base rate loans or eurodollar loans. As such, our interest expense is sensitive to fluctuations in the prime rate in the U.S. or, if eurodollar rates are elected, the eurodollar rates. At March 31, 2017, we had \$40.0 million in borrowings outstanding under our secured revolving credit facility which bore interest at the eurodollar rate of 3.18%. A 1.0% increase in the average interest rate for the three months ended March 31, 2017 would have resulted in an estimated \$0.1 million increase in interest expense. As of March 31, 2017, we did not hedge our interest rate risk.

If we experience liquidity concerns, we could face a downgrade in our debt ratings which could restrict our access to, and negatively impact the terms of, current or future financings or trade credit.

Our ability to obtain financings and trade credit and the terms of any financings or trade credit are, in part, dependent on the credit ratings assigned to our debt by independent credit rating agencies. We cannot provide assurance that any of our current ratings will remain in effect for any given period of time or that a rating will not be lowered or withdrawn entirely by a rating agency if, in its judgment, circumstances so warrant. Factors that may impact our credit ratings include debt levels, planned asset purchases or sales and near-term and long-term

Table of Contents

production growth opportunities, liquidity, asset quality, cost structure, product mix and commodity pricing levels. A ratings downgrade could adversely impact our ability to access financings or trade credit and increase our borrowing costs.

We have capacity to make substantial restricted payments.

Under the Indentures, we have capacity to make substantial restricted payments, which may include dividends, stock repurchases, restricted investments and certain other payments. As of March 31, 2017, we would have been able to make approximately \$3.4 billion of restricted payments under the formula set forth in the 2024 Indenture covenant and \$3.4 billion of restricted payments under the formula set for in the 2025 Indenture covenant, in each case relating to restricted payments, which is described under the caption “Description of the 2024 Exchange Notes—Certain Covenants—Limitation on Restricted Payments” and “Description of the 2025 Exchange Notes—Certain Covenants—Limitation on Restricted Payments,” subject to other limitations set forth in that covenant and limitations imposed by applicable law. In addition, the Indentures permit us to make other substantial restricted payments and substantial permitted investments.

The restrictive covenants in the Indentures are subject to a number of important qualifications, exceptions and limitations, and will be subject to amendment.

The restrictive covenants in the Indentures only apply to our restricted subsidiaries and are subject to a number of other important qualifications, exceptions and limitations. This means that the restrictions are not absolute prohibitions. We and our restricted subsidiaries may be able to engage in some of the restricted activities, such as incurring additional debt, securing assets in priority to the claims of the holders of the Notes, paying dividends, making investments, selling assets and entering into mergers or other business combinations, in limited amounts, or in certain circumstances, in unlimited amounts, notwithstanding the restrictive covenants. Our unrestricted subsidiaries, including Grizzly Holdings and its subsidiaries, will be permitted to engage in such activities without material limitation under the Indentures. See “Description of the 2024 Exchange Notes—Certain Covenants” and “Description of the 2025 Exchange Notes—Certain Covenants.” These actions could be detrimental to our ability to make payments of principal and interest when due and to comply with our other obligations under the Notes and could reduce the amount of our assets that would be available to satisfy your claims should we default on the Notes.

In addition, the restrictive covenants in each Indenture generally can be amended with the consent of holders of a majority of the Notes issued under such Indenture, and any such amendment would bind all holders of such Notes, including ones that did not vote in favor of the amendment. Any such amendment could delete one or more restrictive covenants or add additional qualifications, exceptions or limitations.

The restrictive covenants in our secured revolving credit facility, the indenture governing our outstanding 2023 Notes, the Indentures and other debt instruments are also subject to a number of important qualifications, exceptions and limitations, and to amendment.

The restrictive covenants in our secured revolving credit facility, the indenture governing our outstanding 2023 Notes and the Indentures are subject to a number of important qualifications, exceptions and limitations. We and our subsidiaries may be able to engage in some of the restricted activities, in limited amounts, or in certain circumstances, in unlimited amounts, notwithstanding the restrictive covenants. Further, the restrictive covenants in the secured revolving credit facility, the indenture governing our outstanding 2023 Notes and the Indentures can be amended or waived without the consent of the holders of the notes, and the lenders under the secured revolving credit facility and the holders of our outstanding 2023 Notes, the 2024 Notes and the 2025 Notes may have opposing interests. Restrictive covenants, if any, in future debt instruments could be subject to similar qualifications, exceptions, limitations, amendments and waivers. There can be no assurance that restrictive covenants in any other debt instrument will limit our activities.

Table of Contents

We face risks related to rating agency downgrades.

We expect one or more rating agencies to rate the Notes. If such rating agencies either assign the Notes a rating lower than the rating expected by the investors, or reduce the rating in the future, the market price of the Notes may be adversely affected, raising capital may become more difficult and borrowing costs under our secured revolving credit facility and other future borrowings may increase.

The Exchange Notes will be unsecured and effectively junior to the claims of any existing and future secured creditors. Further, the guarantees of the Exchange Notes will be effectively subordinated to all our guarantors' existing and future secured indebtedness.

The Exchange Notes will be unsecured obligations and will rank equally in right of payment with all of our other existing and future unsecured, unsubordinated obligations, including the Initial Notes and our outstanding 2023 Notes. The Exchange Notes will not be secured by any of our assets and will be effectively junior to the claims of any secured creditors and to the existing and future secured liabilities of our subsidiaries to the extent of the value of the assets securing the secured liabilities. As of March 31, 2017, the amount of our secured debt was approximately \$262.4 million, consisting of \$238.7 million of letters of credit outstanding under our secured revolving credit facility and approximately \$23.7 million outstanding under our construction loan for our new corporate headquarters. Our obligations under our secured revolving credit facility are secured by substantially all of our proved oil and gas assets, and are guaranteed by all of the subsidiaries that guarantee the Notes, as well as by Grizzly Holdings, which does not guarantee the Initial Notes and will not guarantee the Exchange Notes. In addition, we may incur other senior indebtedness, which may be substantial in amount, and which may, in certain circumstances, be secured. Any future claims of secured lenders, including the lenders under our secured revolving credit facility, with respect to assets securing their loans will be prior to any claim of the holders of the Notes with respect to those assets. As a result, our assets may be insufficient to pay amounts due on your Notes or holders of the Notes may receive less, ratably, than holders of secured indebtedness. Further, since the Exchange Notes will rank equally in right of payment with the Initial Notes, our outstanding 2023 Notes and all of our other existing and future unsecured, unsubordinated obligations, in the event that our assets are insufficient to pay all amounts due on your Notes, our available assets will not be distributed solely to holders of the Notes, but instead may be distributed ratably to the holders of all of our unsecured, unsubordinated obligations, including our outstanding 2023 Notes, which could reduce your recovery.

Not all of our subsidiaries are guarantors and therefore the Exchange Notes will be structurally subordinated to the indebtedness and other liabilities of our existing or future subsidiaries that do not or will not guarantee the Notes, including the Exchange Notes.

The Initial Notes are not, and the Exchange Notes will not be, guaranteed by all of our subsidiaries. Restricted subsidiaries that guarantee our secured revolving credit facility and certain other debt are required to guarantee the Notes, including the Exchange Notes, but other subsidiaries, including unrestricted subsidiaries, are not and will not be required to guarantee the Notes. Claims of holders of the Notes will be structurally subordinated to the claims of creditors of these non-guarantor subsidiaries. Our non-guarantor subsidiaries are separate and distinct legal entities and will have no obligation, contingent or otherwise, to pay any amounts due pursuant to the Notes, or to make any funds available therefor, whether by dividends, loans, distributions or other payments. Any right that we or the subsidiary guarantors will have to receive any assets of any of the non-guarantor subsidiaries upon the liquidation or reorganization of those subsidiaries, and the consequent rights of noteholders to realize proceeds from the sale of any of those subsidiaries' assets, will be effectively subordinated to the claims of those subsidiaries' creditors, including trade creditors and holders of debt of that subsidiary. In addition, the Indentures permit non-guarantor subsidiaries to incur significant additional indebtedness. See "Description of the 2024 Exchange Notes" and "Description of the 2025 Exchange Notes." As of March 31, 2017, our non-guarantor subsidiaries had \$46.8 million of total assets and \$0.1 million of total liabilities and generated none of our consolidated revenues. At the time of this prospectus, all of our subsidiaries are guarantors, other than Grizzly Holdings, which is an unrestricted subsidiary and does not guarantee the Notes.

Table of Contents

Fraudulent conveyance laws may allow courts, under specific circumstances, to void the Notes and require noteholders to return payments received.

The Exchange Notes may be subject to claims that they should be limited, subordinated or voided under applicable law in favor of our existing or future creditors. These laws include those that relate to fraudulent conveyance or transfer, voidable preference, financial assistance, corporate purpose or benefit, preservation of share capital, thin capitalization and defenses affecting the rights of creditors generally. The intended use of proceeds of the Initial Notes could increase these risks.

In general, under fraudulent conveyance and similar laws, a court might void or otherwise decline to enforce the Notes if it found that when we issued the Notes, or, in certain instances, when payments became due under the Notes, we received less than reasonably equivalent value or fair consideration and one of the following is true:

- we were insolvent or rendered insolvent by reason of such incurrence;
- we were engaged in a business or transaction for which our remaining assets constituted unreasonably small capital;
- we intended to, or believed or reasonably should have believed that we would, incur debts beyond our ability to pay such debts as they mature; or
- we were a defendant in an action for money damages, or had a judgment for money damages docketed against us if, in either case, after final judgment, the judgment is unsatisfied (as all of the foregoing terms may be defined in or interpreted under the relevant fraudulent transfer or conveyance statutes).

A court might also void the Notes without regard to the above factors if such court found that we issued the Notes with actual intent to hinder, delay or defraud our creditors. A court could also find we did not substantially benefit directly or indirectly from the issuance of the Notes. As a general matter, value is given for a note if, in exchange for the Note, property is transferred or a present or an antecedent debt is satisfied. A debtor generally may not be considered to have received value in connection with a debt offering if the debtor uses the proceeds of that offering to make a dividend payment, repay share premium or otherwise to retire or redeem equity securities issued by the debtor.

The measures of insolvency applied by courts will vary depending upon the particular fraudulent transfer law applied in any proceeding to determine whether a fraudulent transfer has occurred. In the event of a finding that a fraudulent conveyance or transfer has occurred, a court may void, or hold unenforceable, the Notes, which could mean that you may not receive any payments on the Notes and the court may direct you to repay any amounts that you have already received from the issuer for the benefit of creditors. Furthermore, the holders of voided Notes would cease to have any direct claim against us. Consequently, our assets would be applied first to satisfy our other liabilities, before any portion of our assets could be applied to the payment of the Notes. Sufficient funds to repay the Notes may not be available from other sources. Moreover, the voidance of the Notes could result in an event of default with respect to our other debt that could result in acceleration of such debt (if not otherwise accelerated due to insolvency or other proceeding).

The guarantees provided by the guarantors may not be enforceable and, under specific circumstances, federal and state courts may void the guarantees and require holders to return payments received from the guarantors.

Although the Exchange Notes will be guaranteed by certain of our restricted subsidiaries, a court could void or subordinate any guarantor's guarantee under federal or state fraudulent conveyance laws if existing or future creditors of any such guarantor were successful in establishing that such guarantee was incurred with fraudulent intent or such guarantor did not receive fair consideration or reasonably equivalent value for issuing its guarantee and either:

- such guarantor was insolvent or rendered insolvent by reason of such incurrence;

Table of Contents

- such guarantor was engaged in a business or transaction for which its remaining assets constituted unreasonably small capital;
- such guarantor intended to, or believed or reasonably should have believed that it would, incur debts beyond its ability to pay such debts as they mature; or
- such guarantor was a defendant in an action for money damages, or had a judgment for money damages docketed against it if, in either case, after final judgment, the judgment is unsatisfied (as all of the foregoing terms may be defined in or interpreted under the relevant fraudulent transfer or conveyance statutes).

In such event, any payment by a guarantor pursuant to its guarantee could be subordinated or voided and required to be returned to the guarantor or to a fund for the benefit of the guarantor's creditors. The measures of insolvency for purposes of determining whether a fraudulent conveyance occurred would vary depending upon the laws of the relevant jurisdiction and upon the valuation assumptions and methodology applied by the court. Generally, however, a company would be considered insolvent for purposes of the foregoing if:

- the sum of the company's debts, including contingent, unliquidated and unmatured liabilities, is greater than such company's property at fair valuation;
- the present fair saleable value of the company's assets is less than the amount that will be required to pay the probable liability on its existing debts, including contingent liabilities, as they become absolute and matured; or
- the company could not pay its debts or contingent liabilities as they become due.

We have no assurance as to what standard a court would use to determine whether or not a guarantor would be solvent at the relevant time, or regardless of the standard used, that the guarantees would not be voided or subordinated to any guarantor's other debt. If such a case were to occur, the applicable guarantee could be subject to the claim that, since such guarantee was incurred for the benefit of the Company and only indirectly for the benefit of the guarantor, the obligations of such guarantor were incurred for less than fair consideration.

Each guarantee of the Notes contains a provision, referred to as the "savings clause," designed to limit the guarantor's liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent transfer. However, there is some doubt as to whether this type of provision is effective to protect such guarantee from being voided under fraudulent transfer law. For example, in 2009, the U.S. Bankruptcy Court in the Southern District of Florida in *Official Committee of Unsecured Creditors of TOUSA, Inc. v. Citicorp N. Am., Inc.* found a "savings clause" provision in that case to be ineffective and held those guarantees to be fraudulent transfers and voided them in their entirety. In 2012, the United States Court of Appeals for the Eleventh Circuit upheld the bankruptcy court's decision finding the savings clause to be ineffective.

If a guarantor's guarantee is voided as a fraudulent conveyance or found to be unenforceable for any other reason, holders of the Notes will not have a claim against such guarantor and will only be a creditor of the Company and the remaining guarantors, if any, to the extent the guarantees of those guarantors are not set aside or found to be unenforceable. The Notes then would in effect be structurally subordinated to all liabilities of the guarantor whose guarantee was voided.

Changes in our credit ratings or the debt markets may adversely affect the market price of the Notes.

The price for the Notes will depend on a number of factors, including:

- our credit ratings with major credit rating agencies;
- the prevailing interest rates being paid by other companies similar to us;

Table of Contents

- the market price of our common stock;
- our financial condition, operating performance and future prospects; and
- the overall condition of the financial markets and global and domestic economies.

The condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future. Such fluctuations could have an adverse effect on the price of the Notes. In addition, credit rating agencies continually review their ratings for the companies that they follow, including us. The credit rating agencies also evaluate the industries in which we operate as a whole and may change their credit rating for us based on their overall view of such industries. A negative change in our rating could have an adverse effect on the price of the Notes.

Upon a change of control, we may not have the ability to raise the funds necessary to finance the change of control offer required by the Indentures, which would violate the terms of the Notes.

Upon the occurrence of a change of control, holders of all of the Notes, including the Exchange Notes, as well as holders of our outstanding 2023 Notes, will have the right to require us to purchase all or any part of such holders' notes at a price equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of purchase. There can be no assurance that either we or our subsidiary guarantors would have sufficient financial resources available to satisfy all of our or their obligations under the Notes in the event of a change in control. Our failure to purchase the notes as required under the applicable indenture would result in a default under such indenture, which could have material adverse consequences for us and the holders of the Notes. See "Description of the 2024 Exchange Notes—Change of Control" and "Description of the 2025 Exchange Notes—Change of Control."

We may enter into transactions that would not constitute change of control that could affect our ability to satisfy our obligations under the Notes.

Legal uncertainty regarding what constitutes a change of control and the provisions of the Indentures may allow us to enter into transactions such as acquisitions, refinancings or recapitalizations that would not constitute a change of control but may increase our outstanding indebtedness or otherwise affect our ability to satisfy our obligations under the Notes. The definition of change of control for purposes of the Notes includes phrases relating to the transfer of "all or substantially all" of our assets (determined on a consolidated basis). Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly your ability to require us to repurchase notes as result of transfer of less than all of our assets to another person may be uncertain. See "Description of the 2024 Exchange Notes—Change of Control" and "Description of the 2025 Exchange Notes—Change of Control."

USE OF PROCEEDS

We will not receive any cash proceeds from the issuance of the Exchange Notes. We received net proceeds of approximately \$638.9 million, after deducting the initial purchasers' discounts and offering expenses, from the issuance of the 2024 Initial Notes, which we used to (i) to purchase our outstanding 2020 Notes tendered pursuant to a tender offer for all of our outstanding 2020 Notes, to pay fees and expenses thereof and to redeem all of the 2020 Notes that were not tendered and remained outstanding thereafter and (ii) for general corporate purposes, which included the funding of a portion of our capital development plans. We received net proceeds of approximately \$584.7 million, after deducting the initial purchasers' discounts and offering expenses, from the issuance of the 2025 Initial Notes, which we used to fund a portion of the cash consideration for the Vitruvian Acquisition.

THE EXCHANGE OFFERS

Purpose and Effect of these Exchange Offers

In connection with the issuance of the 2024 Initial Notes we entered into a registration rights agreement that provides for the 2024 Exchange Offer, or the 2024 registration rights agreement, and similarly, in connection with the issuance of the 2025 Initial Notes, we entered into a registration rights agreement that provides for the 2025 Exchange Offer, or the 2025 registration rights agreement. The 2024 registration rights agreement and the 2025 registration rights agreement are referred to collectively as the registration rights agreements. The registration statement of which this prospectus forms a part was filed in compliance with the obligations under each such registration rights agreement. Copies of the 2024 registration rights agreement and the 2025 registration rights agreement are incorporated by reference as exhibits to the registration statement of which this prospectus is a part. Under such registration rights agreements relating to the Initial Notes we agreed that we would, subject to certain exceptions:

- file a registration statement with the SEC, with respect to a registered offer to exchange the 2024 Initial Notes for the 2024 Exchange Notes and the 2025 Initial Notes for the 2025 Exchange Notes having terms substantially identical in all material respects to such Initial Notes (except that the Exchange Notes will not contain transfer restrictions);
- use our commercially reasonable best efforts to cause the registration statement relating to the 2024 Initial Notes and the 2025 Initial Notes to be declared effective under the Securities Act within 330 days after the issue date of such Initial Notes;
- as soon as practicable after the date on which the registration statement is declared effective, offer the Exchange Notes in exchange for surrender of the Initial Notes; and
- keep each Exchange Offer open for not less than 30 days (or longer if required by applicable law) after the date notice of the such Exchange Offer is sent to the holders of the Initial Notes.

For each 2024 Initial Note tendered to us pursuant to the 2024 Exchange Offer, we will issue to the holder of such 2024 Initial Note a 2024 Exchange Note having a principal amount equal to that of the surrendered 2024 Initial Note. For each 2025 Initial Note tendered to us pursuant to the 2025 Exchange Offer, we will issue to the holder of such 2025 Initial Note a 2025 Exchange Note having a principal amount equal to that of the surrendered 2025 Initial Note. Interest on each Exchange Note will accrue from the last interest payment date on which interest was paid on the Initial Note surrendered in exchange therefor, or, if no interest has been paid on such Initial Note, from the date of its original issue.

Under existing SEC interpretations, the Exchange Notes will be freely transferable by holders other than our affiliates after the completion of the applicable Exchange Offer without further registration under the Securities Act if the holder of the Exchange Notes represents to us in such Exchange Offer that it is acquiring the Exchange Notes in the ordinary course of its business, that it has no arrangement or understanding with any person to participate in the distribution of the Exchange Notes and that it is not an affiliate of ours, as such terms are interpreted by the SEC; provided, however, that broker-dealers receiving the Exchange Notes in the applicable Exchange Offer will have a prospectus delivery requirement with respect to resales of such Exchange Notes. The SEC has taken the position that such participating broker-dealers may fulfill their prospectus delivery requirements with respect to the Exchange Notes (other than a resale of an unsold allotment from the original sale of the Initial Notes) with this prospectus contained in the registration statement. Under the registration rights agreements, we are required to allow participating broker-dealers and other persons, if any, with similar prospectus delivery requirements to use the prospectus contained in the registration statement in connection with the resale of such Exchange Notes for 180 days following the effective date of such registration statement (or such shorter period during which participating broker-dealers are required by law to deliver such prospectus). Each broker-dealer that receives the Exchange Notes for its own account in exchange for the Initial Notes, where such Initial Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. See “Plan of Distribution.”

Table of Contents

A holder of Initial Notes (other than certain specified holders) who wishes to exchange the Initial Notes for the Exchange Notes in the applicable Exchange Offer will be required to represent that any Exchange Notes to be received by it will be acquired in the ordinary course of its business and that at the time of the commencement of the applicable Exchange Offer it has no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the Exchange Notes and that it is not an “affiliate” of ours, as defined in Rule 405 of the Securities Act, or if it is an affiliate, that it will comply with the registration and prospectus delivery requirements of the Securities Act to the extent applicable.

In the event that:

- (1) applicable interpretations of the staff of the SEC do not permit us to effect one or both of the Exchange Offers; or
- (2) for any other reason we do not consummate the applicable Exchange Offer within 365 days of the issue date of the applicable Initial Notes; or
- (3) an initial purchaser notifies us following consummation of one or both of the Exchange Offers that the Initial Notes held by it are not eligible to be exchanged for Exchange Notes in the applicable Exchange Offer; or
- (4) certain holders (other than participating broker-dealers) notify us that they are prohibited by law or SEC policy from participating in the applicable Exchange Offer or may not resell the Exchange Notes acquired by them in such Exchange Offer to the public without delivering a prospectus,

then, we will, subject to certain exceptions:

- (A) promptly (but in no event more than 30 days after so required pursuant to clause (1), (2), (3) or (4) above) file a shelf registration statement with the SEC covering resales of the Initial Notes or the Exchange Notes, as the case may be, that constitute Transfer Restricted Securities (as defined in the applicable registration rights agreement);
- (B) (x) in the case of clause (1) above, use our commercially reasonable efforts to cause the shelf registration statement to be declared effective under the Securities Act on or prior to the later to occur of (i) the 365th day following the original issue date of the applicable Initial Notes and (ii) the 180th day after the date of the event described in the clause (1) above and (y) in the case of clause (2), (3) or (4) above, use our commercially reasonable efforts to cause the shelf registration statement to be declared effective under the Securities Act on or prior to the 90th day after the date on which the shelf registration statement is required to be filed; and
- (C) keep the shelf registration statement effective until the earlier of (x) two years from the issue date of the applicable Initial Notes and (y) the date on which no such Initial Notes are Transfer Restricted Notes.

We will, in the event a shelf registration statement is filed, among other things, provide to each holder for whom such shelf registration statement was filed copies of the prospectus which is a part of the shelf registration statement, notify each such holder when the shelf registration statement has become effective and take certain other actions as are required to permit unrestricted resales of such Initial Notes or the Exchange Notes, as the case may be. A holder selling such Initial Notes or Exchange Notes pursuant to the shelf registration statement generally would be required to be named as a selling security holder in the related prospectus and to deliver a prospectus to purchasers, will be subject to certain of the civil liability provisions under the Securities Act in connection with such sales and will be bound by the provisions of the registration rights agreements that are applicable to such holder (including certain indemnification obligations).

We may require each holder requesting to be named as a selling security holder to furnish to us such information regarding the holder and the distribution of the Initial Notes or Exchange Notes by the holder as we may from time to time reasonably require for the inclusion of the holder in the shelf registration statement,

Table of Contents

including requiring the holder to properly complete and execute such selling security holder notice and questionnaires, and any amendments or supplements thereto, as we may reasonably deem necessary or appropriate. We may refuse to name any holder as a selling security holder that fails to provide us with such information.

We will pay additional cash interest on Initial Notes (and, where applicable, Exchange Notes) that are Transfer Restricted Notes:

- (1) if we fail to file any of the registration statements required by the applicable registration rights agreement on or prior to the date specified for such filing (other than a failure to file the registration statement for the applicable Exchange Offer if we become obligated to file a shelf registration statement);
- (2) if on or prior to the 365th day after the issue date of the 2024 Initial Notes or the 2025 Initial Notes, as the case may be, the applicable Exchange Offer has not been consummated and the shelf registration statement has not been declared effective by the SEC;
- (3) if the shelf registration statement (if required in lieu of the applicable Exchange Offer) has not been declared effective by the SEC on or prior to the applicable date specified in clause (2) above; or
- (4) after the registration statement of which this prospectus forms a part or the shelf registration statement, as the case may be, is declared effective, such registration statement thereafter ceases to be effective or usable (subject to certain exceptions) (each such event referred to in clauses (1) through (4) above is referred to in this prospectus as a “registration default”), from and including the date on which any such registration default shall occur to but excluding the earlier of (x) the date on which all registration defaults have been cured and (y) the date on which no Initial Notes are Transfer Restricted Notes.

The rate of the additional interest will be 0.25% per annum for the first 90-day period immediately following the occurrence of a registration default, and such rate will increase by an additional 0.25% per annum with respect to each subsequent 90-day period until all registration defaults have been cured, up to a maximum additional interest rate of 0.5% per annum. We will pay such additional interest on regular interest payment dates. Such additional interest will be in addition to any other interest payable from time to time with respect to the Notes.

All references in the Indentures, in any context, to any interest or other amount payable on or with respect to the Notes shall be deemed to include any additional interest pursuant to the registration rights agreements.

If we effect an Exchange Offer for the applicable Initial Notes, we will be entitled to close such Exchange Offer 30 days after the commencement thereof provided that we have accepted all Initial Notes validly tendered in accordance with the terms of such Exchange Offer. The Initial Notes will be validly tendered if tendered in accordance with the terms of the applicable Exchange Offer as detailed under “—Procedures for Tendering Initial Notes.”

Each Initial Note (and in the case of clause (ii) below, each Exchange Note) will remain a “Transfer Restricted Note” until the earliest of (i) the date on which such Transfer Restricted Note has been exchanged by a person other than a broker-dealer for a freely transferable Exchange Note in the exchange offer, (ii) following the exchange by a broker-dealer in the exchange offer of an Initial Notes for an Exchange Note, the date on which such Exchange Note is sold to a purchaser who receives from such broker-dealer on or prior to the date of such sale a copy of this prospectus, (iii) the date on which such Initial Note has been effectively registered under the Securities Act and disposed of in accordance with the shelf registration statement and (iv) the date on which such Initial Note is disposed of to the public in accordance with Rule 144 under the Securities Act.

Background of the Exchange Offers

We issued \$650.0 million aggregate principal amount of the 2024 Initial Notes on October 14, 2016 under the 2024 Indenture, and \$600.0 million aggregate principal amount of the 2025 Initial Notes on December 21,

2016 under the 2025 Indenture. The Initial Notes were offered and sold in the United States only to qualified institutional buyers in reliance on Rule 144A under the Securities Act, and to certain non-U.S. persons in transactions outside the United States in reliance on Regulation S under the Securities Act based on the representations and agreements of the qualified institutional buyers and certain non-U.S. persons made in connection with their purchase of the Initial Notes. The terms of the 2024 Exchange Notes and the 2025 Exchange Notes will be identical in all material respects to the terms of the 2024 Initial Notes and the 2025 Initial Notes, respectively, except for transfer restrictions and registration rights that will not apply to the Exchange Notes and different administrative terms. Cash interest is payable on the 2024 Exchange Notes on April 15 and October 15 of each year, beginning on October 15, 2017. The 2024 Exchange Notes will mature on October 15, 2024. Cash interest is payable on the 2025 Exchange Notes on May 15 and November 15 of each year, beginning on November 15, 2017. The 2025 Exchange Notes will mature on May 15, 2025.

In order to exchange your Initial Notes for the Exchange Notes containing no transfer restrictions in the applicable Exchange Offer, you will be required to make the following representations:

- the Exchange Notes will be acquired in the ordinary course of your business;
- you have no arrangements with any person to participate in the distribution of the Exchange Notes;
- you are not our “affiliate” as defined in Rule 405 of the Securities Act, or if you are an affiliate of ours, you will comply with the applicable registration and prospectus delivery requirements of the Securities Act;
- if you are not a broker-dealer, you are not engaged in and do not intend to engage in the distribution of the Exchange Notes; and
- if you are a broker-dealer that will receive the Exchange Notes for your own account in exchange for Initial Notes that were acquired as a result of market-making activities or other trading activities, you will deliver a prospectus, as required by law, in connection with any resale of the Exchange Notes.

Upon the terms and subject to the conditions set forth in this prospectus and in the related letter of transmittal, we will accept for exchange any Initial Notes validly tendered and not validly withdrawn in the applicable Exchange Offer, and the exchange agent will deliver the Exchange Notes promptly after the expiration date of the applicable Exchange Offer. Initial Notes will be validly tendered and not validly withdrawn if they are tendered in accordance with the terms of the Exchange Offers as detailed under “—Procedures for Tendering Initial Notes” and not withdrawn in accordance with the terms of the applicable Exchange Offer as detailed under “—Withdrawal of Tenders.” We expressly reserve the right to delay acceptance, subject to Rule 14e-1(c) under the Exchange Act, of any of the tendered Initial Notes or terminate each Exchange Offer and not accept for exchange any tendered Initial Notes not already accepted if any condition set forth under “—Conditions to the Exchange Offers” have not been satisfied or waived by us or do not comply, in whole or in part, with the securities laws or changes in any applicable law.

If you tender your Initial Notes, you will not be required to pay brokerage commissions or fees or, subject to the instructions in the letter of transmittal, transfer taxes with respect to the exchange of the Initial Notes.

Expiration Date; Extensions; Termination; Amendments

The Exchange Offers will expire at midnight, New York City time, on September 7, 2017, unless we extend one or both of them. We expressly reserve the right to extend one or both of the Exchange Offers on a daily basis or for such period or periods as we may determine in our sole discretion from time to time by giving oral, confirmed in writing, or written notice to the exchange agent and by making a public announcement by press release to Businesswire prior to 9:00 a.m., New York City time, on the first business day following the scheduled expiration date. During any extension of an Exchange Offer, all Initial Notes previously tendered under that Exchange Offer, not validly withdrawn and not accepted for exchange will remain subject to such Exchange Offer and may be accepted for exchange by us.

Table of Contents

To the extent we are legally permitted to do so, we expressly reserve the absolute right, in our sole discretion, but are not required, to:

- waive any condition of one or both of the Exchange Offers; and
- amend any terms of one or both of the Exchange Offers.

Any waiver of any condition of or amendment to an Exchange Offer will apply to all Initial Notes tendered for that Exchange Offer, regardless of when or in what order the Initial Notes were tendered. If we make a material change in the terms of an Exchange Offer or if we waive a material condition of an Exchange Offer, we will disseminate additional exchange offer materials to the holders of the Initial Notes under that Exchange Offer, and we will extend, if necessary, the expiration date of that Exchange Offer such that at least five business days remain in the Exchange Offer following notice of the material change.

We expressly reserve the right, in our sole discretion, to terminate one or both of the Exchange Offers if any of the conditions set forth under “—Conditions to the Exchange Offers” exist. Any such termination will be followed promptly by a public announcement. In the event we terminate an Exchange Offer, we will give immediate notice to the exchange agent, and all Initial Notes previously tendered under such Exchange Offer and not accepted for exchange will be returned promptly to the tendering holders.

In the event that an Exchange Offer is withdrawn or otherwise not completed, the Exchange Notes will not be given to holders of Initial Notes who have validly tendered their Initial Notes under that Exchange Offer. We will return any Initial Notes that have been tendered for exchange but that are not exchanged to their holder without cost to the holder, or, in the case of the Initial Notes tendered by book-entry transfer into the exchange agent’s account at a book-entry transfer facility under the procedure set forth under “—Procedures for Tendering Initial Notes—Book-Entry Transfer,” such Initial Notes will be credited to the account maintained at such book-entry transfer facility from which such Initial Notes were delivered, unless otherwise requested by such holder under “Special Delivery Instructions” in the letter of transmittal, promptly following the exchange date or the termination of the Exchange Offer.

Resale of the Exchange Notes

Based on interpretations of the SEC set forth in no-action letters issued to third parties, we believe that the Exchange Notes issued in the applicable Exchange Offer in exchange for the Initial Notes may be offered for resale, resold and otherwise transferred by you without compliance with the registration and prospectus delivery provisions of the Securities Act, if:

- you are not an “affiliate” of ours within the meaning of Rule 405 under the Securities Act;
- you are acquiring the Exchange Notes in the ordinary course of business; and
- you do not intend to participate in the distribution of the Exchange Notes.

If you tender Initial Notes in the applicable Exchange Offer with the intention of participating in any manner in a distribution of the Exchange Notes:

- you cannot rely on those interpretations of the SEC; and
- you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction, and comply with the requirements discussed below.

Unless an exemption from registration is otherwise available, any security holder intending to distribute the Exchange Notes should be covered by an effective registration statement under the Securities Act containing the selling security holder’s information required by Item 507 of Regulation S-K. This prospectus may be used for an offer to resell, a resale or other re-transfer of the Exchange Notes only as specifically set forth in the section

Table of Contents

captioned “Plan of Distribution.” Only broker-dealers that acquired the Initial Notes as a result of market-making activities or other trading activities may participate in the applicable Exchange Offer. Each broker-dealer that receives the Exchange Notes for its own account in exchange for Initial Notes, where such Initial Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of the Exchange Notes. Please read the section captioned “Plan of Distribution” for more details regarding the transfer of the Exchange Notes.

Acceptance of Initial Notes for Exchange

We will accept for exchange Initial Notes validly tendered pursuant to the Exchange Offers, or defectively tendered, if such defect has been waived by us, after the later of:

- the expiration date of the applicable Exchange Offer; and
- the satisfaction or waiver of the conditions specified below under “—Conditions to the Exchange Offers.”

Except as specified above, we will not accept Initial Notes for exchange subsequent to the expiration date of the applicable Exchange Offer. Tenders of Initial Notes will be accepted only in minimum denominations of \$2,000 and any greater integral multiple of \$1,000.

We expressly reserve the right, in our sole discretion, to:

- delay acceptance for exchange of Initial Notes tendered under the Exchange Offers, subject to Rule 14e-1 under the Exchange Act, which requires that an offeror pay the consideration offered or return the securities deposited by or on behalf of the holders promptly after the termination or withdrawal of a tender offer; or
- terminate one or both of the Exchange Offers and not accept for exchange any Initial Notes, if any of the conditions set forth below under “—Conditions to the Exchange Offers” have not been satisfied or waived by us or in order to comply in whole or in part with the securities laws or changes in any applicable law.

In all cases, the Exchange Notes will be issued only after receipt by the exchange agent prior to the expiration of the applicable Exchange Offer of (i) certificates representing Initial Notes, or confirmation of book-entry transfer, (ii) a letter of transmittal, properly completed and duly executed or a manually signed facsimile thereof, and (iii) any other required documents in accordance with instructions set forth under “—Procedures for Tendering Initial Notes” and in the letter of transmittal provided with this prospectus. For purposes of the Exchange Offers, we will be deemed to have accepted for exchange validly tendered Initial Notes, or defectively tendered Initial Notes with respect to which we have waived such defect, if, as and when we give oral, confirmed in writing, or written notice to the exchange agent. Promptly after the expiration date, we will deposit the Exchange Notes with the exchange agent, who will act as agent for the tendering holders for the purpose of receiving the Exchange Notes and transmitting them to the holders. The exchange agent will deliver the Exchange Notes to holders of Initial Notes accepted for exchange after the exchange agent receives the Exchange Notes.

If we delay acceptance for exchange of validly tendered Initial Notes or we are unable to accept for exchange validly tendered Initial Notes, then the exchange agent may, nevertheless, on its behalf, retain tendered Initial Notes, without prejudice to our rights described in this prospectus under the captions “—Expiration Date; Extensions; Termination; Amendments,” “—Conditions to the Exchange Offers” and “—Withdrawal of Tenders,” subject to Rule 14e-1 under the Exchange Act, which requires that an offeror pay the consideration offered or return the securities deposited by or on behalf of the holders thereof promptly after the termination or withdrawal of a tender offer.

Table of Contents

If any tendered Initial Notes are not accepted for exchange, or if certificates are submitted evidencing more Initial Notes than those that are tendered, certificates evidencing Initial Notes that are not exchanged will be returned, without expense, to the tendering holder, or, in the case of the Initial Notes tendered by book-entry transfer into the exchange agent's account at a book-entry transfer facility under the procedure set forth under "—Procedures for Tendering Initial Notes—Book-Entry Transfer," such Initial Notes will be credited to the account maintained at such book-entry transfer facility from which such Initial Notes were delivered, unless otherwise requested by such holder under "Special Delivery Instructions" in the letter of transmittal, promptly following the exchange date or the termination of the applicable Exchange Offer.

Tendering holders of Initial Notes exchanged in the applicable Exchange Offer will not be obligated to pay brokerage commissions or transfer taxes with respect to the exchange of their Initial Notes other than as described under the caption "—Transfer Taxes" or as set forth in the letter of transmittal. We will pay all other charges and expenses in connection with the Exchange Offers.

Procedures for Tendering Initial Notes

Any beneficial owner whose Initial Notes are registered in the name of a broker, dealer, commercial bank, trust company or other nominee or held through a book-entry transfer facility and who wishes to tender Initial Notes should contact such registered holder promptly and instruct such registered holder to tender Initial Notes on such beneficial owner's behalf. If you are a beneficial holder and you wish to tender your Initial Notes on your own behalf, you must, prior to delivering the letter of transmittal and your Initial Notes to the exchange agent, either make appropriate arrangements to register ownership of your Initial Notes in your own name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take considerable time.

Tender of Initial Notes Held Through The Depository Trust Company

The exchange agent and The Depository Trust Company, or DTC, have confirmed that the Exchange Offers are eligible for the DTC automated tender offer program. Accordingly, DTC participants may electronically transmit their acceptance of the applicable Exchange Offer by causing DTC to transfer Initial Notes to the exchange agent in accordance with DTC's automated tender offer program procedures for transfer. DTC will then send an agent's message to the exchange agent.

The term "agent's message" means a message transmitted by DTC and received by the exchange agent that forms part of the book-entry confirmation. The agent's message states that DTC has received an express acknowledgment from the participant in DTC tendering Initial Notes that are the subject of that book-entry confirmation, that the participant has received and agrees to be bound by the terms of the letter of transmittal, and that we may enforce such agreement against such participant.

Tender of Initial Notes Held in Physical Form

For a holder to validly tender Initial Notes held in physical form:

- the exchange agent must receive at its address set forth in this prospectus a properly completed and validly executed letter of transmittal, or a manually signed facsimile thereof, together with any signature guarantees and any other documents required by the instructions to the letter of transmittal; and
- the exchange agent must receive certificates for tendered Initial Notes at such address, or such Initial Notes must be transferred pursuant to the procedures for book-entry transfer described below. A confirmation of such book-entry transfer must be received by the exchange agent prior to the expiration date of the applicable Exchange Offer.

[Table of Contents](#)

Letters of transmittal and Initial Notes should be sent only to the exchange agent, and not to us or to any book-entry transfer facility.

The method of delivery of Initial Notes, letters of transmittal and all other required documents to the exchange agent is at the election and risk of the holder tendering Initial Notes. Delivery of such documents will be deemed made only when actually received by the exchange agent. If such delivery is by mail, we suggest that the holder use properly insured, registered mail with return receipt requested, and that the mailing be made sufficiently in advance of the expiration date of the applicable Exchange Offer to permit delivery to the exchange agent prior to such date. No alternative, conditional or contingent tenders of Initial Notes will be accepted.

Signature Guarantees

A signature on a letter of transmittal or a notice of withdrawal must be guaranteed by an eligible institution. Eligible institutions include banks, brokers, dealers, municipal securities dealers, municipal securities brokers, government securities dealers, government securities brokers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations. The signature need not be guaranteed by an eligible institution if the Initial Notes are tendered:

- by a registered holder who has not completed the box entitled “Special Issuance Instructions” or “Special Delivery Instructions” on the letter of transmittal; or
- for the account of an eligible institution.

If the letter of transmittal is signed by a person other than the registered holder of any Initial Notes, the Initial Notes must be endorsed or accompanied by a properly completed bond power. The bond power must be signed by the registered holder as the registered holder’s name appears on the Initial Notes and an eligible institution must guarantee the signature on the bond power.

If the letter of transmittal or any Initial Notes or bond powers are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, these persons should so indicate when signing. Unless we waive this requirement, they should also submit evidence satisfactory to us of their authority to deliver the letter of transmittal.

Book-Entry Transfer

The exchange agent will seek to establish a new account or utilize an existing account with respect to the Initial Notes at DTC promptly after the date of this prospectus. Any financial institution that is a participant in the book-entry transfer facility system and whose name appears on a security position listing it as the owner of the Initial Notes may make book-entry delivery of Initial Notes by causing the book-entry transfer facility to transfer such Initial Notes into the exchange agent’s account. However, although delivery of Initial Notes may be effected through book-entry transfer into the exchange agent’s account at a book-entry transfer facility, a letter of transmittal, properly completed and duly executed or a manually signed facsimile thereof, in accordance with instructions set forth under “—Procedures for Tendering Initial Notes” and in the letter of transmittal provided with this prospectus, must be received by the exchange agent at its address set forth in this prospectus on or prior to the expiration date of the applicable Exchange Offer. The confirmation of a book-entry transfer of Initial Notes into the exchange agent’s account at a book-entry transfer facility is referred to in this prospectus as a “book-entry confirmation.” Delivery of documents to the book-entry transfer facility in accordance with that book-entry transfer facility’s procedures does not constitute delivery to the exchange agent.

Other Matters

Exchange Notes will be issued in exchange for Initial Notes accepted for exchange only after receipt by the exchange agent prior to expiration of the applicable Exchange Offer of:

- certificates for, or a timely book-entry confirmation with respect to, your Initial Notes;

Table of Contents

- a letter of transmittal properly completed and duly executed or facsimile thereof with any required signature guarantees, or, in the case of a book-entry transfer, an agent's message; and
- any other documents required by the letter of transmittal; all the above in accordance with instructions set forth under “— Procedures for Tendering Initial Notes,” and in the letter of transmittal provided with this prospectus.

We will decide all questions as to the form of all documents and the validity, including time of receipt, and acceptance of all tenders of Initial Notes, the determination of which shall be final and binding. Alternative, conditional or contingent tenders of Initial Notes will not be considered valid. We reserve the absolute right to reject any or all tenders of Initial Notes that are not in proper form or the acceptance of which, in our opinion, would be unlawful. We also reserve the right to waive any defects, irregularities or conditions of tender as to any particular Initial Notes.

Unless waived by us, any defect or irregularity in connection with tenders of Initial Notes must be cured within the time that we determine. Tenders of Initial Notes will not be deemed to have been made until all defects and irregularities have been waived by us or cured. Neither us, the exchange agent, nor any other person will be under any duty to give notice of any defects or irregularities in tenders of Initial Notes, or will incur any liability to holders of Initial Notes for failure to give any such notice.

By signing or agreeing to be bound by the letter of transmittal, you will represent to us that, among other things:

- any Exchange Notes that you receive will be acquired in the ordinary course of your business;
- you have no arrangement or understanding with any person or entity to participate in the distribution of the Exchange Notes;
- if you are not a broker-dealer, you are not engaged in and do not intend to engage in the distribution of the Exchange Notes;
- if you are a broker-dealer that will receive the Exchange Notes for your own account in exchange for Initial Notes that were acquired as a result of market-making activities or other trading activities, you will deliver a prospectus, as required by law, in connection with any resale of the Exchange Notes; and
- you are not an “affiliate” of ours, as defined in Rule 405 of the Securities Act, or, if you are an affiliate, you will comply with any applicable registration and prospectus delivery requirements of the Securities Act.

Each broker-dealer that receives the Exchange Notes for its own account in exchange for the Initial Notes, where such Initial Notes were acquired by such broker-dealer as a result of market-making activities or other trading activities, must acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. See “Plan of Distribution.”

Withdrawal of Tenders

Except as otherwise provided in this prospectus, you may withdraw your tender of Initial Notes at any time prior to the expiration date of the applicable Exchange Offer.

For a withdrawal to be effective:

- the exchange agent must receive a written or facsimile transmission of your notice of withdrawal at the address set forth below under “—Exchange Agent”; or
- you must comply with the appropriate procedures of DTC's automated tender offer program.

Table of Contents

Any notice of withdrawal must:

- specify the name of the person who tendered the Initial Notes to be withdrawn; and
- identify the Initial Notes to be withdrawn, including the principal amount of the Initial Notes to be withdrawn.

If certificates for the Initial Notes have been delivered or otherwise identified to the exchange agent, then, prior to the release of those certificates, the withdrawing holder must also submit:

- the serial numbers of the particular certificates to be withdrawn; and
- a signed notice of withdrawal with signatures guaranteed by an eligible institution, unless the withdrawing holder is an eligible institution.

If the Initial Notes have been tendered pursuant to the procedure for book-entry transfer described above, any notice of withdrawal must specify the name and number of the account at DTC to be credited with the withdrawn Initial Notes and otherwise comply with the procedures of DTC.

We will determine all questions as to the validity, form and eligibility, including time of receipt, of notices of withdrawal, and our determination shall be final and binding on all parties. We will deem any Initial Notes so withdrawn not to have been validly tendered for exchange for purposes of the Exchange Offers.

We will return any Initial Notes that have been tendered for exchange but that are not exchanged to their holder without cost to the holder. In the case of Initial Notes tendered by book-entry transfer into the exchange agent's account at DTC, according to the procedures described above, those Initial Notes will be credited to an account maintained with DTC for the Initial Notes. This return or crediting will take place promptly after withdrawal, rejection of tender or termination of the applicable Exchange Offer. You may re-tender properly withdrawn Initial Notes by following one of the procedures described under "—Procedures for Tendering Initial Notes" at any time on or prior to the expiration date of the applicable Exchange Offer.

Conditions to the Exchange Offers

Despite any other term of the Exchange Offers, we will not be required to accept for exchange any Initial Notes and we may terminate or amend one or both of the Exchange Offers as provided in this prospectus before the expiration of the Exchange Offers if in our reasonable judgment:

- the Exchange Notes to be received will not be tradable by the holder without restriction under the Securities Act and the Exchange Act and without material restrictions under the blue sky or securities laws of substantially all of the states of the United States;
- the applicable Exchange Offer, or the making of any exchange by a holder of Initial Notes, would violate applicable law or any applicable interpretation of the staff of the SEC;
- any action or proceeding has been instituted or threatened in any court or by or before any governmental agency with respect to the applicable Exchange Offer that would reasonably be expected to impair our ability to proceed with the applicable Exchange Offer; or
- all governmental approvals necessary for the consummation of the applicable Exchange Offer have not been obtained. Other than the federal securities laws, there are no federal or state regulatory requirements that we must comply with and there are no approvals that we must obtain in connection with the Exchange Offers.

We will not be obligated to accept for exchange the Initial Notes of any holder that has not made to us:

- the representations described under the captions "—Procedures for Tendering Initial Notes" and "Plan of Distribution;" and

Table of Contents

- any other representations that may be reasonably necessary under applicable SEC rules, regulations or interpretations to make available to us an appropriate form for registration of the Exchange Notes under the Securities Act.

We expressly reserve the right, at any time or at various times, to extend the period of time during which one or both of the Exchange Offers is open. Consequently, we may delay acceptance of any Initial Notes, subject to Rule 14e-1(c) under the Exchange Act, by giving oral or written notice of an extension to their holders. During an extension, all Initial Notes previously tendered under the extended Exchange Offer will remain subject to such Exchange Offer, and we may accept them for exchange. We will return any Initial Notes that we do not accept for exchange without expense to their tendering holder promptly after the expiration or termination of the applicable Exchange Offer.

We expressly reserve the right to amend or terminate one or both of the Exchange Offers and to reject for exchange any Initial Notes not previously accepted for exchange, upon the occurrence of any of the conditions of the Exchange Offers specified above. By public announcement we will give oral or written notice of any extension, amendment, non-acceptance or termination to the holders of the Initial Notes in accordance with the requirements of Rule 14e-1(d) of the Exchange Act. If we amend an Exchange Offer in a manner that we consider material, we will disclose the amendment in the manner required by applicable law to the holders of the Initial Notes under the applicable Exchange Offer. In the event of a material change in an Exchange Offer, including the waiver of a material condition, we will extend, if necessary, the expiration date of such Exchange Offer such that at least five business days remain in the Exchange Offer following notice of the material change.

We may assert these conditions regardless of the circumstances that may give rise to them or waive them in whole or in part at any time or at various times in our sole discretion. If we fail at any time to exercise any of the foregoing rights, this failure will not constitute a waiver of that right. Each of these rights will be deemed an ongoing right that we may assert at any time or at various times.

We will not accept for exchange any Initial Notes tendered, and will not issue the Exchange Notes in exchange for any Initial Notes, if at any time a stop order is threatened or in effect with respect to the registration statement of which this prospectus constitutes a part or the qualification of the applicable Indenture under the Trust Indenture Act of 1939, as amended.

Transfer Taxes

We will pay all transfer taxes, if any, applicable to the transfer and exchange of Initial Notes pursuant to the Exchange Offers. The tendering holder, however, will be required to pay any transfer taxes, whether imposed on the record holder or any other person, if:

- delivery of the Exchange Notes, or certificates for Initial Notes for principal amounts not exchanged, are to be made to any person other than the record holder of the Initial Notes tendered;
- tendered certificates for Initial Notes are recorded in the name of any person other than the person signing any letter of transmittal; or
- a transfer tax is imposed for any reason other than the transfer and exchange of Initial Notes under the Exchange Offers.

Consequences of Failure to Exchange

If you do not exchange your Initial Notes for the Exchange Notes in the applicable Exchange Offer, you will remain subject to restrictions on transfer of the Initial Notes:

- as set forth in the legend printed on the Initial Notes as a consequence of the issuance of the Initial Notes pursuant to the exemptions from, or in transactions not subject to, the registration requirements of the Securities Act and applicable state securities laws; and

Table of Contents

- as otherwise set forth in the prospectus distributed in connection with the private offering of each of the Initial Notes.

In general, you may not offer or sell the Initial Notes unless they are registered under the Securities Act or if the offer or sale is exempt from registration under the Securities Act and applicable state securities laws. Except as required by the registration rights agreements, we do not intend to register resales of the Initial Notes under the Securities Act. Based on interpretations of the SEC, you may offer for resale, resell or otherwise transfer the Exchange Notes issued in the applicable Exchange Offer without compliance with the registration and prospectus delivery provisions of the Securities Act, provided that:

- you are not an “affiliate” within the meaning of Rule 405 under the Securities Act;
- you acquired the Exchange Notes in the ordinary course of your business; and
- you have no arrangement or understanding with respect to the distribution of the Exchange Notes to be acquired in the applicable Exchange Offer.

If you tender Initial Notes in the applicable Exchange Offer for the purpose of participating in a distribution of the Exchange Notes:

- you cannot rely on the applicable interpretations of the SEC; and
- you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction and that such a secondary resale transaction must be covered by an effective registration statement containing the selling security holder information required by Item 507 or 508, as applicable, of Regulation S-K under the Securities Act.

Other

Participation in the applicable Exchange Offer is voluntary, and you should carefully consider whether to exchange the Initial Notes for the Exchange Notes. We urge you to consult your financial and tax advisors in making your own decision on what action to take.

We may in the future seek to acquire untendered Initial Notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise, on terms that may differ from the terms of these Exchange Offers. We have no present plans to acquire any Initial Notes that are not tendered in the Exchange Offers or to file a registration statement to permit resales of any untendered Initial Notes.

DESCRIPTION OF OTHER INDEBTEDNESS

Credit Facility

We have entered into a senior secured revolving credit facility, as amended, with The Bank of Nova Scotia, as the lead arranger and administrative agent and certain lenders from time to time party thereto. Our secured revolving credit agreement provides for a maximum facility amount of \$1.5 billion and matures on December 13, 2021. As of March 31, 2017, we had a borrowing base of \$700.0 million and \$40.0 million in borrowings outstanding, and total funds available for borrowing under our revolving credit facility, after giving effect to an aggregate of \$238.7 million of outstanding letters of credit, were \$421.3 million. Our secured revolving credit facility is secured by substantially all of our assets. Our wholly-owned subsidiaries guarantee our obligations under our secured revolving credit facility, and their guarantees are secured by substantially all of their assets.

On May 4, 2017, our secured revolving credit facility was further amended to increase the borrowing base from \$700.0 million to \$1.0 billion, adjust certain of our investment baskets and add five additional banks to the syndicate.

Advances under our secured revolving credit facility may be in the form of either base rate loans or eurodollar loans. The interest rate for base rate loans is equal to (1) the applicable rate, which ranges from 1.00% to 2.00%, plus (2) the highest of: (a) the federal funds rate plus 0.50%, (b) the rate of interest in effect for such day as publicly announced from time to time by agent as its "prime rate," and (c) the eurodollar rate for an interest period of one month plus 1.00%. The interest rate for eurodollar loans is equal to (1) the applicable rate, which ranges from 2.00% to 3.00%, plus (2) the London interbank offered rate that appears on pages LIBOR01 or LIBOR02 of the Reuters screen that displays such rate for deposits in U.S. dollars, or, if such rate is not available, the rate as administered by ICE Benchmark Administration (or any other person that takes over administration of such rate) per annum equal to the offered rate on such other page or other service that displays an average London interbank offered rate as administered by ICE Benchmark Administration (or any other person that takes over the administration of such rate) for deposits in U.S. dollars, or, if such rate is not available, the average quotations for three major New York money center banks of whom the agent shall inquire as the "London Interbank Offered Rate" for deposits in U.S. dollars. As of March 31, 2017, amounts borrowed under our secured revolving credit facility bore interest at the Eurodollar rate of 3.18%.

Our secured revolving credit facility contains customary negative covenants including, but not limited to, restrictions on our and our subsidiaries' ability to: incur indebtedness; grant liens; pay dividends and make other restricted payments; make investments; make fundamental changes; enter into swap contracts; dispose of assets; change the nature of their business; and enter into transactions with their affiliates. The negative covenants are subject to certain exceptions as specified in our revolving credit facility. Our secured revolving credit facility also contains certain affirmative covenants, including, but not limited to the following financial covenants: (1) the ratio of net funded debt to EBITDAX (net income, excluding (i) any non-cash revenue or expense associated with swap contracts resulting from ASC 815 and (ii) any cash or non-cash revenue or expense attributable to minority investment plus without duplication and, in the case of expenses, to the extent deducted from revenues in determining net income, the sum of (a) the aggregate amount of consolidated interest expense for such period, (b) the aggregate amount of income, franchise, capital or similar tax expense (other than ad valorem taxes) for such period, (c) all amounts attributable to depletion, depreciation, amortization and asset or goodwill impairment or writedown for such period, (d) all other non-cash charges, (e) exploration costs deducted in determining net income under successful efforts accounting, (f) actual cash distributions received from minority investments, (g) to the extent actually reimbursed by insurance, expenses with respect to liability on casualty events or business interruption, and (h) all reasonable transaction expenses related to dispositions and acquisitions of assets, investments and debt and equity offerings (provided that expenses related to any unsuccessful dispositions will be limited to \$3.0 million in the aggregate) for a twelve-month period may not be greater than 4.00 to 1.00; and (2) the ratio of EBITDAX to interest expense for a twelve-month period may not be less than 3.00 to 1.00. We were in compliance with these financial covenants at March 31, 2017.

Senior Notes

In October 2012, December 2012 and August 2014, we issued an aggregate of \$600.0 million in principal amount of our 7.750% Senior Notes due 2020 which were issued under an indenture among us, our subsidiary guarantors and Wells Fargo Bank, National Association, as the trustee, and are referred to collectively as the 2020 Notes. In October 2016, we repurchased (in a cash tender offer) or redeemed all of the 2020 Notes, of which \$600.0 million in aggregate principal amount was then outstanding, with the net proceeds from the issuance of the 2024 Initial Notes discussed below and cash on hand, and the indenture governing the 2020 Notes was fully satisfied and discharged.

In April 2015, we issued an aggregate of \$350.0 million in principal amount of our 6.625% senior notes due 2023 under a new indenture, dated as of April 21, 2015, among us, our subsidiary guarantors and Wells Fargo Bank, N.A., as trustee. Interest on these senior notes, which we refer to as the 2023 Notes, accrues at a rate of 6.625% per annum on the outstanding principal amount thereof from April 21, 2015, payable semi-annually on May 1 and November 1 of each year, commencing on November 1, 2015. The 2023 Notes will mature on May 1, 2023.

On October 14, 2016, we issued the 2024 Initial Notes in aggregate principal amount of \$650.0 million. The 2024 Initial Notes were issued under an indenture, dated as of October 14, 2016, among us, the subsidiary guarantors party thereto and Wells Fargo Bank, National Association, as trustee, to qualified institutional buyers pursuant to Rule 144A under the Securities Act, and to certain non-U.S. persons in accordance with Regulation S under the Securities Act. Under the 2024 Indenture, interest on the 2024 Initial Notes accrues at a rate of 6.000% per annum on the outstanding principal amount thereof from October 14, 2016, payable semi-annually on April 15 and October 15 of each year, commencing on April 15, 2017. The 2024 Initial Notes will mature on October 15, 2024. We received approximately \$638.9 million in net proceeds from the offering of the 2024 Initial Notes, which was used, together with cash on hand, to purchase the outstanding 2020 Notes in a concurrent cash tender offer, to pay fees and expenses thereof, and to redeem any of the 2020 Notes that remained outstanding after the completion of the tender offer.

On December 21, 2016, we issued the 2025 Initial Notes in aggregate principal amount of \$600.0 million. The 2025 Initial Notes were issued under an indenture, dated as of December 21, 2016, among us, the subsidiary guarantors party thereto and Wells Fargo Bank, National Association, as trustee, to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, and to certain non-U.S. persons in accordance with Regulation S under the Securities Act. Under the 2025 Indenture, interest on the 2025 Initial Notes accrues at a rate of 6.375% per annum on the outstanding principal amount thereof from December 21, 2016, payable semi-annually on May 15 and November 15 of each year, commencing on May 15, 2017. The 2025 Initial Notes will mature on May 15, 2025. We received approximately \$584.7 million in net proceeds from the offering of the 2025 Initial Notes, which we used, together with the net proceeds from our December 2016 offering of common stock and cash on hand, to fund the cash portion of the purchase price for the Vitruvian Acquisition.

All of our existing and future restricted subsidiaries that guarantee our secured revolving credit facility or certain other debt guarantee the 2023 Notes, 2024 Initial Notes and 2025 Initial Notes, provided, however, that the 2023 Notes, 2024 Initial Notes and 2025 Initial Notes are not guaranteed by Grizzly Holdings, Inc. and will not be guaranteed by any of our future unrestricted subsidiaries. The guarantees rank equally in right of payment with all of the senior indebtedness of the subsidiary guarantors and senior in the right of payment to any future subordinated indebtedness of the subsidiary guarantors. The 2023 Notes, 2024 Initial Notes and 2025 Initial Notes and the guarantees are effectively subordinated to all of our and the subsidiary guarantors' secured indebtedness (including all borrowings and other obligations under our amended and restated credit agreement) to the extent of the value of the collateral securing such indebtedness, and structurally subordinated to all indebtedness and other liabilities of any of our subsidiaries that do not guarantee the 2023 Notes, 2024 Initial Notes and 2025 Initial Notes.

Table of Contents

If we experience a change of control (as defined in the indenture relating to the 2023 Notes and the Indentures), we will be required to make an offer to repurchase the 2023 Notes, 2024 Notes and 2025 Notes and at a price equal to 101% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of repurchase. If we sell certain assets and fail to use the proceeds in a manner specified in our senior note indentures, we will be required to use the remaining proceeds to make an offer to repurchase the 2023 Notes, 2024 Notes and 2025 Notes at a price equal to 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to the date of repurchase. The indenture relating to the 2023 Notes and the Indentures contain certain covenants that, subject to certain exceptions and qualifications, among other things, limit our ability and the ability of our restricted subsidiaries to incur or guarantee additional indebtedness, make certain investments, declare or pay dividends or make distributions on capital stock, prepay subordinated indebtedness, sell assets including capital stock of restricted subsidiaries, agree to payment restrictions affecting our restricted subsidiaries, consolidate, merge, sell or otherwise dispose of all or substantially all of our assets, enter into transactions with affiliates, incur liens, engage in business other than the oil and gas business and designate certain of our subsidiaries as unrestricted subsidiaries. Under the indenture relating to the 2023 Notes and the Indentures, certain of these covenants are subject to termination upon the occurrence of certain events, including in the event the 2023 Notes, 2024 Notes and 2025 Notes are ranked as “investment grade.”

In connection with the offerings of the 2024 Initial Notes and the 2025 Initial Notes, we and our subsidiary guarantors entered into registration rights agreements with the representatives of the initial purchasers pursuant to which we agreed to file a registration statement, of which this prospectus is a part, with respect to the Exchange Offers contemplated by this prospectus.

Construction Loan

On June 4, 2015, we entered into a construction loan agreement, or the construction loan, with InterBank for the construction of our new corporate headquarters in Oklahoma City, which was substantially completed in December 2016. The construction loan allows for maximum principal borrowings of \$24.5 million and required us to fund 30% of the cost of the construction before any funds could be drawn, which occurred in January 2016. Interest accrues daily on the outstanding principal balance at a fixed rate of 4.50% per annum and is payable on the last day of the month through May 31, 2017. Monthly interest and principal payments are due beginning June 30, 2017, with the final payment due June 4, 2025. As of March 31, 2017, the total borrowings under the construction loan were approximately \$23.7 million.

DESCRIPTION OF THE 2024 EXCHANGE NOTES

Gulfport Energy Corporation issued the 2024 Initial Notes, and will issue the 2024 Exchange Notes, under an Indenture dated October 14, 2016 (as such may be amended or supplemented from time to time, the “2024 Indenture”) among itself, the Subsidiary Guarantors and Wells Fargo Bank, National Association, as Trustee. The terms of the 2024 Exchange Notes include those stated in the 2024 Indenture and those made part of the 2024 Indenture by reference to the Trust Indenture Act. The form of 2024 Exchange Notes will be identical in all material respects to that of the 2024 Initial Notes, except that the 2024 Exchange Notes have been registered under the Securities Act and, therefore, will not bear legends restricting their transfer and the registration rights will generally not apply to the 2024 Exchange Notes. The 2024 Exchange Notes will not represent new Indebtedness of the Company.

Certain terms used in this description are defined under the subheading “—Certain Definitions.” In this description, the words “Company,” “we” and “our” refer only to Gulfport Energy Corporation and not to any of its subsidiaries individually, as appropriate in the context.

The following description is only a summary of the material provisions of the 2024 Indenture. We urge you to read the 2024 Indenture because it, not this description, defines your rights as holders of the 2024 Exchange Notes. You may request a copy of the 2024 Indenture at our address set forth under the heading “Where You Can Find More Information.”

The registered holder of a 2024 Exchange Note will be treated as the owner of it for all purposes. Only registered holders will have rights under the 2024 Indenture, and all references to “Holders” or “Noteholders” in this description are to registered holders of 2024 Notes.

Brief Description of the 2024 Exchange Notes and the 2024 Subsidiary Guaranties

The 2024 Exchange Notes

The 2024 Exchange Notes, like the 2024 Initial Notes:

- will be unsecured senior obligations of the Company;
- will rank pari passu in right of payment with the Senior Indebtedness of the Company;
- will rank senior in right of payment to any future Subordinated Obligations of the Company; and
- will be guaranteed on an unsecured senior basis by each Subsidiary Guarantor.

The 2024 Subsidiary Guaranties

Initially, the 2024 Exchange Notes, like the 2024 Initial Notes, will be guaranteed by all of the Company’s Subsidiaries that are Restricted Subsidiaries under the 2024 Indenture.

Each Guaranty of the 2024 Exchange Notes:

- will be unsecured senior obligations of the 2024 Subsidiary Guarantor; and
- will rank pari passu in right of payment with the Senior Indebtedness of such 2025 Subsidiary Guarantor;
- will rank senior in right of payment to any future Subordinated Obligations of such 2024 Subsidiary Guarantor.

The 2024 Notes and the 2024 Subsidiary Guaranties will be effectively subordinated to all secured Indebtedness of the Company and the Subsidiary Guarantors, including all borrowings and other obligations

Table of Contents

under the Existing Credit Agreement, to the extent of the value of the collateral securing such Indebtedness, and structurally subordinated to all obligations, including trade payables, of any Subsidiary that is not a 2024 Subsidiary Guarantor, including any Unrestricted Subsidiary. As of March 31, 2017, our non-guarantor Subsidiaries had \$46.8 million of total assets and \$0.1 million of total liabilities and generated none of our consolidated revenues.

As of the date of this prospectus, all of our Subsidiaries are Restricted Subsidiaries under the 2024 Indenture, other than Grizzly Holdings, which was designated as an Unrestricted Subsidiary and will not guarantee the 2024 Notes. Under the circumstances described below in a definition of an “Unrestricted Subsidiary,” the Company will be permitted to designate additional Subsidiaries as “Unrestricted Subsidiaries.” The Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the 2024 Indenture. The Unrestricted Subsidiaries will not guarantee the 2024 Notes, including the 2024 Exchange Notes.

Principal, Maturity and Interest

The Company will issue the 2024 Exchange Notes with a maximum aggregate principal amount of \$650.0 million. The Company will issue the 2024 Exchange Notes in minimum denominations of \$2,000 and any greater integral multiple of \$1,000. The 2024 Exchange Notes will mature on October 15, 2024. Subject to our compliance with the covenant described under the subheading “—Certain Covenants—Limitation on Indebtedness,” we are permitted to issue additional notes from time to time under the 2024 Indenture (the “2024 Additional Notes”). The 2024 Initial Notes, the 2024 Exchange Notes and any 2024 Additional Notes subsequently issued under the 2024 Indenture will be treated as a single class for all purposes of the 2024 Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context otherwise requires, for all purposes of the 2024 Indenture and this “Description of the 2024 Exchange Notes,” references to the “2024 Notes” include the 2024 Initial Notes, the 2024 Exchange Notes and any 2024 Additional Notes actually issued.

Interest on the 2024 Notes accrues at the rate of 6.000% per annum and will be payable semiannually in arrears on April 15 and October 15, commencing on April 15, 2017 with respect to the 2024 Initial Notes and on October 15, 2017 with respect to the 2024 Exchange Notes. We will make each interest payment to the holders of record of the 2024 Notes on the immediately preceding April 1 and October 1. We will pay interest on overdue principal at 1% per annum in excess of the above rate and will pay interest on overdue installments of interest at such higher rate to the extent lawful.

Interest on the 2024 Notes will accrue from the date of original issuance or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Optional Redemption

Except as set forth below and as described under the penultimate paragraph of “—Change of Control,” we will not be entitled to redeem the 2024 Notes at our option.

Table of Contents

On and after October 15, 2019, we will be entitled, at our option, to redeem all or a portion of the 2024 Notes upon not less than 30 nor more than 60 days' notice, at the redemption prices (expressed in percentages of principal amount on the redemption date), plus accrued interest to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the 12-month period commencing on October 15 of the years set forth below:

<u>Period</u>	<u>Redemption Price</u>
2019	104.500%
2020	103.000%
2021	101.500%
2022 and thereafter	100.000%

In addition, any time prior to October 15, 2019, we will be entitled, at our option on one or more occasions, to redeem the 2024 Notes (which includes the 2024 Additional Notes, if any) in an aggregate principal amount not to exceed 35% of the aggregate principal amount of the 2024 Notes (which includes 2024 Additional Notes, if any) issued prior to such date at a redemption price (expressed as a percentage of principal amount) of 106.000%, plus accrued and unpaid interest to the redemption date, with an amount equal to the net cash proceeds from one or more Qualifying Equity Offerings; provided, however, that

- (1) at least 65% of such aggregate principal amount of 2024 Notes (which includes 2024 Additional Notes, if any) remains outstanding immediately after the occurrence of each such redemption (with 2024 Notes held, directly or indirectly, by the Company or its Affiliates being deemed to be not outstanding for purposes of such calculation); and
- (2) each such redemption occurs within 90 days after the date of the related Qualifying Equity Offering.

Prior to October 15, 2019, we will be entitled, at our option, to redeem all or a portion of the 2024 Notes at a redemption price equal to 100% of the principal amount of the 2024 Notes plus the Applicable Premium as of, and accrued and unpaid interest to, the redemption date (subject to the right of Holders on the relevant record date to receive interest due on the relevant interest payment date). Notice of such redemption must be sent to each Holder's registered address, not less than 30 nor more than 60 days prior to the redemption date.

"Applicable Premium" means with respect to a 2024 Note at any redemption date, the greater of (1) 1.00% of the principal amount of such 2024 Note and (2) the excess of (A) the present value at such redemption date of (i) the redemption price of such 2024 Note on October 15, 2019 (such redemption price being described in the second paragraph in this "—Optional Redemption" section exclusive of any accrued interest) plus (ii) all required remaining scheduled interest payments due on such 2024 Note through October 15, 2019 (but excluding accrued and unpaid interest to the redemption date), computed using a discount rate equal to the Adjusted Treasury Rate, over (B) the principal amount of such 2024 Note on such redemption date.

"Adjusted Treasury Rate" means, with respect to any redemption date, (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated "H.15(519)" or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption "Treasury Constant Maturities," for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after October 15, 2019, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Adjusted Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (2) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date, in each case calculated on the third Business Day immediately preceding the redemption date, in each case, plus 0.50%.

Table of Contents

“Comparable Treasury Issue” means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the 2024 Notes from the redemption date to October 15, 2019, that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a maturity most nearly equal to October 15, 2019.

“Comparable Treasury Price” means, with respect to any redemption date, if clause (2) of the Adjusted Treasury Rate definition is applicable, the average of three, or such lesser number as is obtained by the Quotation Agent, Reference Treasury Dealer Quotations for such redemption date.

“Quotation Agent” means the Reference Treasury Dealer appointed by the Company.

“Reference Treasury Dealer” means Credit Suisse Securities (USA) LLC, Scotia Capital (USA) Inc. and their respective successors or affiliates and assigns and one other nationally recognized investment banking firm selected by the Company that is a primary U.S. Government securities dealer.

“Reference Treasury Dealer Quotations” means with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Quotation Agent, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Trustee by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third Business Day immediately preceding such redemption date.

Selection and Notice of Redemption

If we are redeeming less than all the 2024 Notes at any time, the Trustee will select 2024 Notes on a pro rata basis to the extent practicable and in accordance with the procedures of DTC.

We will redeem 2024 Notes of \$2,000 or less in whole and not in part. We will cause notices of redemption to be sent at least 30 but not more than 60 days before the redemption date to each holder of 2024 Notes to be redeemed at its registered address, except that redemption notices may be sent more than 60 days prior to the redemption date if the notice is issued in connection with a defeasance of the 2024 Notes or a satisfaction and discharge of the 2024 Indenture. Any inadvertent defect in the notice of redemption, including an inadvertent failure to give notice, to any Holder selected for redemption will not impair or affect the validity of the redemption of any other 2024 Note redeemed in accordance with provisions of the 2024 Indenture.

If any 2024 Note is to be redeemed in part only, the notice of redemption that relates to that 2024 Note will state the portion of the principal amount thereof to be redeemed. We will issue a new 2024 Note in a principal amount equal to the unredeemed portion of the original 2024 Note in the name of the holder upon cancellation of the original 2024 Note. 2024 Notes called for redemption become due on the date fixed for redemption; provided that notice of any redemption in connection with any Qualifying Equity Offering or other securities offering or any other financing, or in connection with a transaction (or a series of related transactions) that constitute a Change of Control, may, at our discretion, be given prior to the completion thereof and be subject to one or more conditions precedent, including completion of the related Qualifying Equity Offering, securities offering, financing or Change of Control. If a redemption is subject to satisfaction of one or more conditions precedent, the redemption date may be delayed up to 10 Business Days; provided that if such conditions precedent are not satisfied within 10 Business Days of the proposed redemption date, such redemption shall not occur and the notice thereof shall be rescinded. On and after the redemption date, interest ceases to accrue on 2024 Notes or portions of them called for redemption.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

We are not required to make any mandatory redemption or sinking fund payments with respect to the 2024 Notes. However, under certain circumstances, we may be required to offer to purchase 2024 Notes as described

Table of Contents

under the captions “—Change of Control” and “—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock.” We may at any time and from time to time purchase 2024 Notes in the open market or otherwise.

Guaranties

Each of our existing direct and indirect subsidiaries, other than Grizzly Holdings, Inc., are the 2024 Subsidiary Guarantors as of the 2024 Issue Date. The 2024 Subsidiary Guarantors will jointly and severally guarantee, on a senior unsecured basis, our obligations under the 2024 Notes. The aggregate assets and revenues as of and for the year ended December 31, 2016 attributable to all subsidiaries of the Company that are not providing guarantees constituted less than 2% of the Company’s consolidated assets and none of our consolidated revenues as of and for the period ended such date.

Each 2024 Subsidiary Guarantor that makes a payment under its 2024 Subsidiary Guaranty will be entitled upon payment in full of all guaranteed obligations under the 2024 Indenture to a contribution from each other 2024 Subsidiary Guarantor in an amount equal to such other 2024 Subsidiary Guarantor’s pro rata portion of such payment based on the respective net assets of all the 2024 Subsidiary Guarantors at the time of such payment determined in accordance with GAAP.

Each 2024 Subsidiary Guaranty contains a provision that purports to limit the obligations of such 2024 Subsidiary Guarantor under its 2024 Subsidiary Guaranty as necessary to prevent that 2024 Subsidiary Guaranty from constituting a fraudulent conveyance under applicable law. See “Risk Factors—Risks Related to the Exchange Notes, the Exchange Offers and Our Other Indebtedness—The guarantees provided by the guarantors may not be enforceable and, under specific circumstances, federal and state courts may void the guarantees and require holders to return payments received from the guarantors.” If a Subsidiary Guaranty were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable Subsidiary Guarantor, and, depending on the amount of such indebtedness, a Subsidiary Guarantor’s liability on its Subsidiary Guaranty could be reduced to zero. See “Risk Factors—Risks Related to the Exchange Notes, the Exchange Offers and Our Other Indebtedness.”

Pursuant to the 2024 Indenture, a 2024 Subsidiary Guarantor may consolidate with or merge with or into, or convey, transfer or lease, in one transaction or a series of transactions, all or substantially all its assets to any other Person to the extent described below under “—Certain Covenants—Merger and Consolidation”; provided, however, that if such other Person is not the Company or a 2024 Subsidiary Guarantor, such 2024 Subsidiary Guarantor’s obligations under its 2024 Subsidiary Guaranty must be expressly assumed by such other Person, except that such assumption will not be required if such other Person is not a Subsidiary of the Company and if in connection therewith the Company provides an Officers’ Certificate to the Trustee to the effect that the Company will comply with its obligations, if any, under the covenant described under “—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock” in respect of such transaction. Upon any transaction described in the proviso above, the obligor on the related 2024 Subsidiary Guaranty will be automatically released from its obligations thereunder.

The 2024 Subsidiary Guaranty of a 2024 Subsidiary Guarantor also will be automatically released:

- (1) upon the disposition of all or a portion of the Capital Stock of such 2024 Subsidiary Guarantor such that such 2024 Subsidiary Guarantor ceases to be a Subsidiary, if in connection therewith the Company provides an Officers’ Certificate to the Trustee to the effect that the Company will comply with its obligations, if any, under the covenant described under “—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock” in respect of such disposition;
- (2) upon the designation of such 2024 Subsidiary Guarantor as an Unrestricted Subsidiary;
- (3) at such time as such 2024 Subsidiary Guarantor does not have any Guarantees outstanding that would have required such 2024 Subsidiary Guarantor to enter into a Guaranty Agreement pursuant to the covenant described under “—Certain Covenants—Future 2024 Subsidiary Guarantors”; or

Table of Contents

- (4) if we exercise our legal defeasance option or our covenant defeasance option as described under “—Defeasance” or if our obligations under the 2024 Indenture are discharged in accordance with the terms of the 2024 Indenture.

Upon delivery by the Company to the Trustee of an Officers’ Certificate and an Opinion of Counsel to the effect that any of the conditions described above has occurred, the Trustee shall execute any supplemental indenture or other documents reasonably requested by the Company in order to evidence the release of any Guarantor from its obligations under its 2024 Subsidiary Guaranty and the 2024 Indenture.

Ranking

Senior Indebtedness versus 2024 Notes

The indebtedness evidenced by the 2024 Notes and the 2024 Subsidiary Guaranties is unsecured and ranks *pari passu* in right of payment with the Senior Indebtedness of the Company and the 2024 Subsidiary Guarantors, as the case may be.

As of March 31, 2017:

- (1) the Company’s Senior Indebtedness (net of associated accrued discount and premium) would have been approximately \$1.9 billion, including \$350.0 million attributable to the outstanding 2023 Notes, \$650.0 million outstanding under the 2024 Notes, \$600.0 million outstanding under the 2025 Notes, \$40.0 million in borrowings outstanding under the Existing Credit Agreement, \$238.7 million of outstanding letters of credit under the Existing Credit Agreement and \$23.7 million outstanding under the Company’s construction loan for its new corporate headquarters;
- (2) the Senior Indebtedness of the 2024 Subsidiary Guarantors would have been approximately \$1.9 billion, including \$350.0 million attributable to their respective guaranties of the outstanding 2023 Notes, \$650.0 million attributable to their respective guaranties of the 2024 Notes, \$600.0 million attributable to their respective guaranties of the 2025 Notes, \$40.0 million attributable to their respective guaranties of the Company’s outstanding borrowings under the Existing Credit Agreement and \$238.7 million attributable to their respective guaranties of outstanding letters of credit under the Existing Credit Agreement; and
- (3) the Company would have been permitted to borrow an additional \$421.3 million of secured Senior Indebtedness under the Existing Credit Agreement.

On May 4, 2017, the borrowing base under the Existing Credit Agreement was increased from \$700.0 million to \$1.0 billion.

The 2024 Notes and the 2024 Subsidiary Guaranties will be unsecured obligations of the Company and the 2024 Subsidiary Guarantors, respectively. Secured debt and other secured obligations of the Company and of the 2024 Subsidiary Guarantors (including obligations with respect to the Existing Credit Agreement) will be effectively senior to the 2024 Notes and the 2024 Subsidiary Guaranties to the extent of the value of the assets securing such debt or other obligations.

Liabilities of Subsidiaries versus 2024 Notes

A portion of our operations is conducted through our subsidiaries. As described above under “—Guaranties,” 2024 Subsidiary Guaranties may be released under certain circumstances. In addition, Grizzly Holdings, Inc. will be an Unrestricted Subsidiary and therefore will not be a 2024 Subsidiary Guarantor. Further, our future subsidiaries may not be required to Guarantee the 2024 Notes. Claims of creditors of such non-guarantor subsidiaries, including trade creditors and creditors holding indebtedness or Guarantees issued by such non-guarantor subsidiaries, and claims of preferred stockholders of such non-guarantor subsidiaries generally

Table of Contents

will have priority with respect to the assets and earnings of such non-guarantor subsidiaries over the claims of our creditors, including holders of the 2024 Notes. Accordingly, the 2024 Notes will be effectively subordinated to creditors (including trade creditors) and preferred stockholders, if any, of such non-guarantor subsidiaries.

At March 31, 2017, the total liabilities of our subsidiaries (other than the 2024 Subsidiary Guarantors as of the 2024 Issue Date, but including Grizzly Holdings, Inc.) were approximately \$0.1 million, including trade payables. Although the 2024 Indenture limits the incurrence of Indebtedness and preferred stock by certain of our subsidiaries, such limitation is subject to a number of significant qualifications and does not apply at all to Unrestricted Subsidiaries. Moreover, the 2024 Indenture does not impose any limitation on the incurrence by such subsidiaries of liabilities that are not considered Indebtedness under the 2024 Indenture. See “—Certain Covenants—Limitation on Indebtedness.”

Change of Control

Upon the occurrence of any of the following events (each a “Change of Control”), each Holder shall have the right to require that the Company repurchase such Holder’s 2024 Notes at a purchase price in cash equal to 101% of the principal amount thereof on the date of purchase plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date):

- (1) any “person” (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) is or becomes the “beneficial owner” (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the total voting power of the Voting Stock of the Company; provided, however, that, for the purposes of this clause (1), a person shall be deemed (x) to have “beneficial ownership” of all shares that any such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time and (y) to beneficially own any Voting Stock of a Person (the “specified person”) held by any other Person (the “parent entity”), if such person is the beneficial owner (as defined above in this clause (1)), directly or indirectly, of more than 50% of the Voting Stock of such parent entity;
- (2) the adoption of a plan relating to the liquidation or dissolution of the Company; or
- (3) the merger or consolidation of the Company with or into another Person or the merger of another Person with or into the Company, or the sale of all or substantially all the assets of the Company and its Restricted Subsidiaries (determined on a consolidated basis) to another Person other than a transaction following which (A) in the case of a merger or consolidation transaction, one or more holders of securities that represented 100% of the Voting Stock of the Company immediately prior to such transaction (or other securities into which such securities are converted as part of such merger or consolidation transaction) own directly or indirectly at least a majority of the voting power of the Voting Stock of the surviving Person in such merger or consolidation transaction immediately after such transaction and (B) in the case of a sale of assets transaction, each transferee is or becomes an obligor in respect of the 2024 Notes and a Subsidiary of the transferor of such assets;

but, notwithstanding the foregoing, Permitted Grizzly Dispositions shall not constitute or give rise to a Change of Control.

Within 30 days following any Change of Control, we will send a notice to each Holder with a copy to the Trustee (the “Change of Control Offer”) stating:

- (1) that a Change of Control has occurred and that such Holder has the right to require us to purchase such Holder’s 2024 Notes at a purchase price (the “Change of Control Purchase Price”) in cash equal to 101% of the principal amount thereof on the date of purchase, plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date);

Table of Contents

- (2) the circumstances and relevant facts regarding such Change of Control (including information with respect to pro forma historical income, cash flow and capitalization, in each case after giving effect to such Change of Control);
- (3) the purchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is sent); and
- (4) the instructions, as determined by us, consistent with the covenant described hereunder, that a Holder must follow in order to have its 2024 Notes purchased.

We will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the 2024 Indenture applicable to a Change of Control Offer made by us and purchases all 2024 Notes validly tendered and not withdrawn under such Change of Control Offer or if notice of redemption has been given pursuant to “—Optional Redemption” above.

Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

We will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of 2024 Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the covenant described hereunder, we will comply with the applicable securities laws and regulations and shall be deemed not to have breached our obligations under the covenant described hereunder by virtue of our compliance with such securities laws or regulations.

The Change of Control purchase feature of the 2024 Notes may in certain circumstances make more difficult or discourage a sale or takeover of the Company and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Company and the initial purchasers. We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the 2024 Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to Incur additional Indebtedness are contained in the covenants described under “—Certain Covenants—Limitation on Indebtedness” and “—Certain Covenants—Limitation on Liens.” Such restrictions are subject to numerous exceptions and can be waived with the consent of the holders of a majority in principal amount of the 2024 Notes then outstanding. Accordingly, the covenants set forth in the 2024 Indenture may not afford holders of the 2024 Notes protection in the event of a highly leveraged transaction.

In the event a Change of Control occurs at a time when we are contractually prohibited from purchasing 2024 Notes, we may seek the consent of our lenders to the purchase of 2024 Notes or may attempt to refinance the borrowings that contain such prohibition. If we do not obtain such a consent or repay such borrowings, we will remain prohibited from purchasing 2024 Notes. In such case, our failure to offer to purchase 2024 Notes would constitute a Default under the 2024 Indenture, which would, in turn, constitute a default under the Existing Credit Agreement.

The Existing Credit Agreement does, and any future indebtedness that we may incur may, contain prohibitions on the occurrence of certain events that would constitute a Change of Control or require the repayment or repurchase of such indebtedness upon a Change of Control. Moreover, the exercise by the Holders of their right to require us to repurchase their 2024 Notes could cause a default under such other indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on us. Finally, our

Table of Contents

ability to pay cash to the holders of 2024 Notes following the occurrence of a Change of Control may be limited by our then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases.

The definition of “Change of Control” includes the phrase “all or substantially all the assets.” Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of “all or substantially all” of the assets of the Company. As a result, it may be unclear as to whether a Change of Control has occurred and whether a holder of 2024 Notes may require the Company to make an offer to repurchase the 2024 Notes as described above.

In the event that Holders of not less than 90% in aggregate principal amount of the outstanding 2024 Notes accept a Change of Control Offer and the Company (or any third party making such Change of Control Offer in lieu of the Company as described above) purchases all of the 2024 Notes tendered by such Holders, the Company shall have the right, upon not less than 30 nor more than 60 days prior notice, given not more than 30 days following the purchase pursuant to the Change of Control Offer described above, to redeem all of the 2024 Notes that remain outstanding following such purchase at a redemption price equal to the Change of Control Purchase Price, including interest to the date of redemption (subject to the right of Holders of record on the relevant record date to receive interest on the relevant interest payment date).

The provisions under the 2024 Indenture relative to our obligation to make an offer to repurchase the 2024 Notes as a result of a Change of Control may be waived or modified with the written consent of the holders of a majority in principal amount of the 2024 Notes.

Certain Covenants

Changes in Covenants when the 2024 Notes are Rated Investment Grade

On the day (such date, the “Termination Date”) after the 2024 Issue Date on which:

- (a) the 2024 Notes have an Investment Grade Rating from both Standard & Poor’s and Moody’s;
- (b) no Default has occurred and is continuing under the 2024 Indenture; and
- (c) the Company has delivered to the Trustee the Officers’ Certificate described below,

the covenants listed below will be permanently terminated and the Company and its Subsidiaries, as applicable, will not be subject to the provisions of the 2024 Indenture summarized under the headings below:

“—Limitation on Indebtedness,”

“—Limitation on Restricted Payments,”

“—Limitation on Restrictions on Distributions from Restricted Subsidiaries,”

“—Limitation on Sales of Assets and Subsidiary Stock,”

“—Limitation on Affiliate Transactions,”

“—Limitation on Line of Business,” and

clause (3) of the paragraph (a) of “—Merger and Consolidation.”

On the Termination Date, the Company will provide an Officers' Certificate to the Trustee regarding such occurrence. - (6) Refinancing Indebtedness in respect of Indebtedness Incurred pursuant to paragraph (a) of this covenant or pursuant to clause (3), (4) or (5) above or this clause (6); provided, however, that to the extent such Refinancing Indebtedness directly or indirectly Refinances Indebtedness of a Restricted Subsidiary Incurred pursuant to clause (5), such Refinancing Indebtedness shall be Incurred only by such Restricted Subsidiary or, so long as such Restricted Subsidiary has no liability with respect to such Refinancing Indebtedness, by the Company or by a 2024 Subsidiary Guarantor; provided, further,

- (10) Indebtedness arising from the honoring by a bank or other financial institution of a check, draft or similar instrument drawn against insufficient funds in the ordinary course of business;

- (3) any securities, notes or other obligations received by the Company or any Restricted Subsidiary from such transferee that are, within 90 days after the Asset Disposition, converted by the Company or such Restricted Subsidiary into cash, to the extent of the cash received in that conversion.

The requirement of clause (a)(3)(B) above shall be deemed to be satisfied if an agreement (including a lease, whether a capital lease or an operating lease) committing to make the acquisitions or expenditures referred to therein is entered into by the Company or such Subsidiary (or any Restricted Subsidiary) within the time period specified in such clause and the amount of such Net Available Cash is subsequently applied in accordance with such agreement within six months following such agreement.

Notwithstanding the foregoing, in the event that a Subsidiary that is not a Wholly Owned Subsidiary effects an Asset Disposition and dividends or distributes to all of its stockholders (including the Company or a

Restricted Subsidiary) on a *pro rata* basis any Net Available Cash from such Asset Disposition, the Company or such Restricted Subsidiary need only apply an amount equal to its pro rata share of such Net Available Cash in accordance with clause (a)(3) above.

(b) In the event of an Asset Disposition that requires the purchase of 2024 Notes (and other Senior Indebtedness of the Company or a 2024 Subsidiary Guarantor) pursuant to clause (a)(3)(C) above, the Company will make such offer to purchase 2024 Notes on or before the 366th day (or in the case of an Asset Disposition by, or of the Capital Stock of, Grizzly Holdings, the 731st day) after the later of the date of such Asset Disposition or the receipt of such Net Available Cash and will purchase 2024 Notes tendered pursuant to an offer (an “Asset Disposition Offer”) by the Company for the 2024 Notes (and such other Senior Indebtedness) at a purchase price of 100% of their principal amount (or, in the event such other Senior Indebtedness was issued with significant original issue discount, 100% of the accreted value thereof) without premium, plus accrued but unpaid interest, subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant interest payment date (or, in respect of such other Senior Indebtedness, such lesser price, if any, as may be provided for by the terms of such Senior Indebtedness) in accordance with the procedures (including prorating in the event of oversubscription) set forth in the 2024 Indenture. If the aggregate purchase price of the securities tendered exceeds the Net Available Cash allotted to their purchase, the Company will select the securities to be purchased on a pro rata basis but in round denominations, which in the case of the 2024 Notes will be denominations of \$2,000 principal amount or any greater multiple of \$1,000. The Company shall not be required to make such an offer to purchase 2024 Notes (and other Senior Indebtedness) pursuant to this covenant if the amount of Net Available Cash available therefor is less than \$25.0 million (which lesser amount shall be carried forward for purposes of determining whether such an offer is required with respect to the Net Available Cash from any subsequent Asset Disposition). Upon completion of such an offer to purchase, Net Available Cash will be deemed to be reduced by the aggregate amount of such offer.

(c) The Company will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of 2024 Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Company will comply with the applicable securities laws and regulations and will be deemed not to have breached its obligations under this covenant by virtue of its compliance with such securities laws or regulations.

Notwithstanding anything to the contrary in this covenant, all references herein to “Net Available Cash” shall be deemed to mean cash in an amount equal to the amount of Net Available Cash but not necessarily the actual cash received from the relevant Asset Disposition. The Company and its Subsidiaries shall have no obligation to segregate, trace or otherwise identify Net Available Cash (other than the amount thereof), it being agreed that cash is fungible and that the Company’s obligations under this covenant may be satisfied by the application of funds from other sources.

The provisions under the 2024 Indenture relative to the obligation to make an offer to repurchase the 2024 Notes as a result of an Asset Disposition may be waived or modified with the written consent of the holders of a majority in principal amount of the 2024 Notes.

Limitation on Affiliate Transactions

(a) The Company will not, and will not permit any Restricted Subsidiary to, enter into any transaction (including the purchase, sale, lease or exchange of any property, employee compensation arrangements or the rendering of any service) with (which term, for purposes of this covenant, shall include “for the benefit of” where appropriate in the context) any Affiliate of the Company involving aggregate consideration in excess of \$1.0 million (an “Affiliate Transaction”) unless:

- (1) the terms of the Affiliate Transaction, taken as a whole, are no less favorable to the Company or such Restricted Subsidiary than those that could reasonably be expected to be obtained at the time of the Affiliate Transaction in arm’s-length dealings with a Person who is not an Affiliate;

Table of Contents

- (2) if such Affiliate Transaction involves an amount in excess of \$20.0 million, the terms of the Affiliate Transaction are set forth in writing and an officer of the Company disinterested with respect to such Affiliate Transaction shall have determined in good faith that the criteria set forth in clause (1) are satisfied and shall have approved the relevant Affiliate Transaction as evidenced by an Officers' Certificate delivered to the Trustee stating that such Affiliate Transaction complies with the 2024 Indenture;
 - (3) if such Affiliate Transaction involves an amount in excess of \$50.0 million, the terms of the Affiliate Transaction are set forth in writing and a majority of the members of the Board of Directors of the Company disinterested with respect to such Affiliate Transaction shall have determined in good faith that the criteria set forth in clause (1) are satisfied and shall have approved the relevant Affiliate Transaction, all as evidenced by a resolution of the Board of Directors; and
 - (4) if such Affiliate Transaction involves an amount in excess of \$100.0 million, the Board of Directors shall have received a written opinion from an Independent Qualified Party to the effect that such Affiliate Transaction is fair, from a financial standpoint, to the Company and its Restricted Subsidiaries or is not less favorable to the Company and its Restricted Subsidiaries than could reasonably be expected to be obtained at the time in an arm's-length transaction with a Person who was not an Affiliate.
- (b) The provisions of the preceding paragraph (a) will not prohibit:
- (1) any Investment or other Restricted Payment (or any other payments excluded from such definitions or their component definitions), in each case not prohibited to be made pursuant to the covenant described under “—Certain Covenants—Limitation on Restricted Payments”;
 - (2) any issuance of securities, or other payments, awards or grants in cash, securities or otherwise pursuant to, or the funding of, employment and consulting arrangements, stock options and stock ownership plans or other benefit plans approved by the Board of Directors;
 - (3) loans or advances to officers, directors and employees in the ordinary course of business of the Company or its Restricted Subsidiaries, but in any event not to exceed \$2.5 million in the aggregate outstanding at any one time;
 - (4) reasonable fees, compensation and other benefits paid to, severance arrangements with, and indemnity and similar arrangements provided on behalf of, officers, directors, employees and consultants of the Company or any Restricted Subsidiary of the Company as determined in good faith by the Company's Board of Directors or senior management;
 - (5) any transaction with the Company, a Restricted Subsidiary or joint venture or other Person (other than an Unrestricted Subsidiary) that would constitute an Affiliate Transaction solely because the Company or a Restricted Subsidiary owns, directly or indirectly, an equity interest in or otherwise controls such Restricted Subsidiary, joint venture or other Person; provided that no Affiliate of the Company, other than the Company or a Restricted Subsidiary, shall have a beneficial interest or otherwise participate in such Restricted Subsidiary, joint venture or other Person other than through such Affiliate's ownership of the Company;
 - (6) the issuance or sale of any Capital Stock (other than Disqualified Stock) of the Company and the granting of customary registration rights in connection therewith;
 - (7) any transaction with Affiliates pursuant to or contemplated by any agreement that is described in the 2024 Offering Circular or that is described in a filing with the SEC that is incorporated by reference in the 2024 Offering Circular and in each case any amendments, renewals or extensions of any such agreement (so long as such amendments, renewals or extensions are not materially less favorable to the Company or the Restricted Subsidiaries, taken as a whole, than the agreement so amended, renewed or extended) and all transactions pursuant thereto or contemplated thereby;

Table of Contents

- (8) transactions with customers, clients, vendors, suppliers or other purchasers or sellers of goods or services, in each case, in their capacities as such and in the ordinary course of business (including pursuant to joint venture agreements);
- (9) any transaction on arm's-length terms with any non-Affiliate that becomes an Affiliate as a result of such transaction;
- (10) Permitted Grizzly Dispositions;
- (11) transactions between the Company or any of its Restricted Subsidiaries and any Person that would not otherwise constitute an Affiliate Transaction except for the fact that a director or manager of such Person is also a director or manager of the Company or a Restricted Subsidiary if such director or manager abstains from voting as a director or manager of the Company or such Restricted Subsidiary, as applicable, on such transaction;
- (12) pledges by the Company or any Restricted Subsidiary of (or any guarantee by the Company or any Restricted Subsidiary limited in recourse solely to) Equity Interests in Unrestricted Subsidiaries for the benefit of lenders or other creditors of the Unrestricted Subsidiaries; and
- (13) agreements of the types described in the defined term "Permitted Business Investments," contracts for exploring for, drilling, developing, producing, processing, gathering, transporting, marketing or storing Hydrocarbons and Minerals or activities or services reasonably related or ancillary thereto, and other operational contracts, that are entered into in the ordinary course of business on terms substantially similar to those contained in similar contracts entered into by the Company or any of its Restricted Subsidiaries with unrelated third parties, or if neither the Company nor any Restricted Subsidiary has entered into a similar contract with a third party, then on terms no less favorable than those available from third parties on an arm's length basis, in each case as determined in good faith by the Company, and all transactions pursuant to or contemplated by such agreements and contracts.

Limitation on Line of Business

The Company will not, and will not permit any Restricted Subsidiary to, engage in any business other than a Related Business, except to the extent that such business would not be material to the Company and its Restricted Subsidiaries, taken as a whole.

Limitation on Liens

The Company will not, and will not permit any 2024 Subsidiary Guarantor to, directly or indirectly, incur or permit to exist any Lien (the "Initial Lien") of any nature whatsoever on any of its properties (including Capital Stock of a Restricted Subsidiary), whether owned at the 2024 Issue Date or thereafter acquired, securing any Indebtedness, other than Permitted Liens, without effectively providing that the 2024 Notes or such 2024 Subsidiary Guarantor's 2024 Subsidiary Guaranty, as applicable, shall be secured equally and ratably with (or, at the Company's election, prior to) the Indebtedness so secured for so long as such Indebtedness is so secured.

Any such Lien thereby created securing the 2024 Notes or any 2024 Subsidiary Guaranty pursuant to the preceding sentence will be automatically and unconditionally released and discharged upon (i) the release and discharge of each Initial Lien to which it relates, (ii) in the case of such Lien securing any such 2024 Subsidiary Guaranty, the termination and discharge of such 2024 Subsidiary Guaranty in accordance with the 2024 Indenture or (iii) any sale, exchange or transfer to any Person not an Affiliate of the Company of the property or assets secured by such Initial Lien.

Merger and Consolidation

(a) The Company will not consolidate with or merge with or into, or convey, transfer or lease, in one transaction or a series of related transactions, directly or indirectly, all or substantially all its assets to, any Person, unless:

- (1) the resulting, surviving or transferee Person (the “Successor Company”) shall be a corporation organized and existing under the laws of the United States of America, any State thereof or the District of Columbia, and the Successor Company (if not the Company) shall expressly assume, by an indenture supplemental thereto, executed and delivered to the Trustee, in form reasonably satisfactory to the Trustee, all the obligations of the Company under the 2024 Notes and the 2024 Indenture;
- (2) immediately after giving pro forma effect to such transaction (and treating any Indebtedness which becomes an obligation of the Company or a Subsidiary as a result of such transaction as having been Incurred by the Company or such Subsidiary at the time of such transaction), no Default shall have occurred and be continuing;
- (3) immediately after giving pro forma effect to such transaction, (x) the Successor Company would be able to Incur an additional \$1.00 of Indebtedness pursuant to paragraph (a) of the covenant described under “—Certain Covenants—Limitation on Indebtedness” or (y) the Consolidated Coverage Ratio of the Company or the Successor Company will be equal to or greater than the Consolidated Coverage Ratio of the Company immediately prior to such transaction;
- (4) the Company shall have delivered to the Trustee an Officers’ Certificate and an Opinion of Counsel, together stating that such consolidation, merger, conveyance, transfer or lease and such supplemental indenture (if any) comply with the 2024 Indenture; and
- (5) the Company shall have delivered to the Trustee an Opinion of Counsel to the effect that the Holders will not recognize income, gain or loss for Federal income tax purposes as a result of such transaction and will be subject to Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such transaction had not occurred;

provided, however, that clause (3) will not be applicable to (A) the Company or a Restricted Subsidiary consolidating with, merging into, conveying, transferring or leasing all or part of its assets to the Company or a 2024 Subsidiary Guarantor or (B) the Company merging with an Affiliate of the Company solely for the purpose and with the sole effect of reincorporating the Company in another jurisdiction.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer or other disposition of all or substantially all of the properties and assets of one or more Restricted Subsidiaries of the Company, which properties and assets, if held by the Company instead of such Restricted Subsidiaries, would constitute all or substantially all of the properties and assets of the Company on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the assets of the Company; provided, however, that this covenant will not be applicable to Permitted Grizzly Dispositions.

The Successor Company (if not the Company) will be the successor to the Company and shall succeed to, and be substituted for, and may exercise every right and power of, the Company under the 2024 Indenture, and the predecessor Company, except in the case of a lease, shall be released from the obligation to pay the principal of and interest on the 2024 Notes.

For all purposes of the 2024 Indenture, Subsidiaries of any Successor Company will, upon any transaction subject to this covenant, become Restricted Subsidiaries or Unrestricted Subsidiaries as provided pursuant to the 2024 Indenture, and all Indebtedness and Liens of the Successor Company and its Subsidiaries that were not Indebtedness or Liens on property or assets, as the case may be, of the Company and its Subsidiaries immediately prior to such transaction shall be deemed to have been Incurred upon such transaction.

Table of Contents

(b) The Company will not permit any 2024 Subsidiary Guarantor to consolidate with or merge with or into, or convey, transfer or lease, in one transaction or a series of related transactions, all or substantially all of its assets to any Person unless:

- (1) the resulting, surviving or transferee Person (if not such Subsidiary) shall be a Person organized and existing under the laws of the jurisdiction under which such Subsidiary was organized or under the laws of the United States of America, or any State thereof or the District of Columbia, and such Person (if not the Company or a 2024 Subsidiary Guarantor) shall expressly assume, by a Guaranty Agreement, in a form reasonably satisfactory to the Trustee, all the obligations of such Subsidiary, if any, under its 2024 Subsidiary Guaranty; provided, however, that this clause (1) shall not apply if such Person is not a Subsidiary of the Company if in connection therewith the Company provides an Officers' Certificate to the Trustee to the effect that the Company will comply with its obligations, if any, under the covenant described under "—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock" in respect of such transaction;
- (2) immediately after giving effect to such transaction or transactions on a pro forma basis (and treating any Indebtedness which becomes an obligation of such Subsidiary as a result of such transaction as having been issued by such Subsidiary at the time of such transaction), no Default shall have occurred and be continuing; and
- (3) the Company delivers to the Trustee an Officers' Certificate and an Opinion of Counsel, together stating that such consolidation, merger or transfer and such Guaranty Agreement, if any, complies with the 2024 Indenture.

Future 2024 Subsidiary Guarantors

The Company will cause each Restricted Subsidiary that enters into a Guarantee of any Indebtedness of the Company or any other Restricted Subsidiary (other than a Foreign Subsidiary that Guarantees only Indebtedness Incurred by a Foreign Subsidiary) to, in each case, within 30 days thereafter, execute and deliver to the Trustee a Guaranty Agreement pursuant to which such Restricted Subsidiary will Guarantee payment of the 2024 Notes on the same terms and conditions as those set forth in the 2024 Indenture.

SEC Reports

Whether or not the Company is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, the Company will file with or furnish to the SEC, as applicable, subject to the next sentence, and provide the Trustee and Holders with, such annual and other reports as are specified in Sections 13 and 15(d) of the Exchange Act and applicable to a U.S. corporation subject to such Sections (but without exhibits in the case of reports provided to Holders), such reports to be so filed and provided at the times specified for the filings of such reports under such Sections (after giving effect to all applicable extensions and cure periods) and containing all the information, audit reports and exhibits required for such reports. If, at any time, the Company is not subject to the periodic reporting requirements of the Exchange Act for any reason, the Company will nevertheless continue filing the reports specified in the preceding sentence with the SEC within such time periods unless the SEC will not accept such a filing. The Company agrees that it will not take any action for the purpose of causing the SEC not to accept such filings. If, notwithstanding the foregoing, the SEC will not accept such filings for any reason, the Company will post the reports specified in the preceding sentence on its website within the time periods (after giving effect to all applicable extensions and cure periods) that would apply if the Company were required to file those reports with the SEC.

Notwithstanding anything to the contrary contained in the immediately preceding paragraph, if the Company is not required to file reports with the SEC pursuant to Section 13 or 15(d) of the Exchange Act, (i.e., is a "voluntary filer"), the reports described in the preceding paragraph shall not be required to contain certain disclosures relating to the Company's controls and procedures, corporate governance, code of ethics, director independence, market for the Company's equity securities and executive compensation.

Table of Contents

At any time that any of the Company's Subsidiaries are Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraph will include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in "Management's Discussion and Analysis of Financial Condition and Results of Operations," of the financial condition and results of operations of the Company and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Company.

In addition, the Company will furnish to the Holders of the 2024 Notes and to prospective investors, upon the requests of such Holders, any information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act so long as the 2024 Notes are not freely transferable under the Securities Act.

The Company shall be deemed to have furnished such reports to the Trustee and the Holders of the 2024 Notes if it has filed such reports with the SEC using the EDGAR (or any successor) filing system and such reports are publicly available through such filing system.

In the event that any direct or indirect parent company of the Company becomes a guarantor of the 2024 Notes, the Company may satisfy its obligations under this covenant by furnishing financial information relating to such parent; provided, however, that (a) such financial statements are accompanied by consolidating financial information for such parent, the Company, the 2024 Subsidiary Guarantors and the Subsidiaries of the Company that are not 2024 Subsidiary Guarantors in the manner prescribed by the SEC and (b) such parent is not engaged in any business in any material respect other than incidental to its ownership, directly or indirectly, of the Capital Stock of the Company.

So long as any 2024 Notes are outstanding, the Company will also:

- (1) as promptly as reasonably practicable after filing with the SEC or posting the annual and quarterly reports required by the first paragraph of this covenant, hold a conference call to discuss such reports and the results of operations for the relevant reporting period; and
- (2) issue a press release to the appropriate nationally recognized wire services prior to the date of the conference call required to be held in accordance with clause (1) of this paragraph, announcing the time and date of such conference call and including all information necessary to access the call.

This covenant will be deemed not to impose any duty on the Company under the Sarbanes-Oxley Act of 2002 and the related SEC rules that would not otherwise be applicable.

Defaults

Each of the following is an Event of Default:

- (1) a default in the payment of interest on the 2024 Notes when due, continued for 30 days;
- (2) a default in the payment of principal of any 2024 Note when due at its Stated Maturity, upon optional redemption, upon required purchase, upon declaration of acceleration or otherwise;
- (3) the failure by the Company to comply with its obligations under "—Certain Covenants—Merger and Consolidation" above;
- (4) the failure by the Company to comply for (i) 30 days after notice with any of its obligations in the covenants described above under "—Change of Control" (other than a failure to purchase 2024 Notes) or under "—Certain Covenants" under "—Limitation on Indebtedness," "—Limitation on Restricted Payments," "—Limitation on Restrictions on Distributions from Restricted Subsidiaries," "—Limitation on Sales of Assets and Subsidiary Stock" (other than a failure to purchase 2024 Notes), "—Limitation on Affiliate Transactions," "—Limitation on Line of Business," "—Limitation on Liens" or "—Future 2024 Subsidiary Guarantors" or (ii) 90 days after notice with any of its obligations in the covenant described above under "—Certain Covenants—SEC Reports";

Table of Contents

- (5) the failure by the Company or any 2024 Subsidiary Guarantor to comply for 60 days after notice with its other agreements contained in the 2024 Indenture;
- (6) Indebtedness of the Company, any 2024 Subsidiary Guarantor or any Significant Subsidiary is not paid within any applicable grace period after final maturity or is accelerated by the holders thereof because of a default and the total amount of such Indebtedness unpaid or accelerated exceeds \$25.0 million (the “cross acceleration provision”);
- (7) certain events of bankruptcy, insolvency or reorganization of the Company or any Significant Subsidiary (the “bankruptcy provisions”);
- (8) any judgment or decree for the payment of money in excess of \$25.0 million above the coverage under applicable insurance policies and indemnities, as to which the relevant insurer or indemnitor has not disclaimed responsibility, is entered against the Company or any Significant Subsidiary, remains outstanding for a period of 60 consecutive days following such judgment and is not discharged, waived or stayed (the “judgment default provision”); or
- (9) any 2024 Subsidiary Guaranty ceases to be in full force and effect (other than in accordance with the terms of such 2024 Subsidiary Guaranty) or any 2024 Subsidiary Guarantor denies or disaffirms its obligations under its 2024 Subsidiary Guaranty (the “Guarantor failure provision”).

However, a default under clauses (4) and (5) will not constitute an Event of Default until the Trustee or the holders of 25% in principal amount of the outstanding 2024 Notes notify the Company of the default and the Company does not cure such default within the time specified after receipt of such notice.

If an Event of Default occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of the outstanding 2024 Notes may declare the principal of and accrued but unpaid interest on all the 2024 Notes to be due and payable. Upon such a declaration, such principal and interest shall be due and payable immediately. If an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Company occurs and is continuing, the principal of and interest on all the 2024 Notes will ipso facto become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holders of the 2024 Notes. Under certain circumstances, the holders of a majority in principal amount of the outstanding 2024 Notes may rescind any such acceleration with respect to the 2024 Notes and its consequences.

Subject to the provisions of the 2024 Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the 2024 Indenture at the request or direction of any of the holders of the 2024 Notes unless such holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no holder of a 2024 Note may pursue any remedy with respect to the 2024 Indenture or the 2024 Notes unless:

- (1) such holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding 2024 Notes have requested the Trustee to pursue the remedy;
- (3) such holders have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) holders of a majority in principal amount of the outstanding 2024 Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding 2024 Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to

the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the 2024 Indenture or that the Trustee determines is unduly prejudicial to the rights of any other holder of a 2024 Note or that would involve the Trustee in personal liability.

If a Default occurs, is continuing and is known to the Trustee, the Trustee must send to each holder of the 2024 Notes notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of or interest on any 2024 Note, the Trustee may withhold notice if and so long as a committee of its Trust Officers in good faith determines that withholding notice is not opposed to the interest of the holders of the 2024 Notes. In addition, we are required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. We are required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults, their status and what action we are taking or propose to take in respect thereof.

Amendments and Waivers

Subject to certain exceptions, the 2024 Indenture, the 2024 Notes and the 2024 Subsidiary Guaranties may be amended with the consent of the holders of a majority in principal amount of the 2024 Notes then outstanding (including consents obtained in connection with a tender offer or exchange for the 2024 Notes) and any past default or compliance with any provisions may also be waived with the consent of the holders of a majority in principal amount of the 2024 Notes then outstanding. However, without the consent of each holder of an outstanding 2024 Note affected thereby, an amendment or waiver may not, among other things:

- (1) reduce the amount of 2024 Notes whose holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any 2024 Note;
- (3) reduce the principal of or change the Stated Maturity of any 2024 Note;
- (4) reduce the amount payable upon the redemption of any 2024 Note or change the date on which any 2024 Note may be redeemed as described under “—Optional Redemption” (provided that the foregoing shall not include changing the notice periods for any redemption);
- (5) make any 2024 Note payable in money other than that stated in the 2024 Note;
- (6) impair the right of any holder of the 2024 Notes to receive payment of principal of and interest on such holder’s 2024 Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder’s 2024 Notes;
- (7) make any change in the provisions which require each affected holder’s consent to an amendment or waiver;
- (8) make any change in the ranking or priority of any 2024 Note that would adversely affect the Noteholders; or
- (9) make any change in, or release other than in accordance with the 2024 Indenture, any 2024 Subsidiary Guaranty that would adversely affect the Noteholders.

Notwithstanding the preceding, the covenants described under the captions “—Change of Control” and “—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock” may be amended as described in the last paragraph of each such description.

Notwithstanding the preceding, without the consent of any holder of the 2024 Notes, the Company, the 2024 Subsidiary Guarantors and the Trustee may amend the 2024 Indenture, the 2024 Notes and the 2024 Subsidiary Guaranties:

- (1) to cure any ambiguity, omission, defect or inconsistency;

Table of Contents

- (2) to provide for the assumption by a successor corporation of the obligations of the Company or any 2024 Subsidiary Guarantor under the 2024 Indenture as contemplated by the covenant described under “—Certain Covenants—Merger and Consolidation”;
- (3) to provide for uncertificated 2024 Notes in addition to or in place of certificated 2024 Notes (provided that the uncertificated 2024 Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated 2024 Notes are described in Section 163(f)(2)(B) of the Code);
- (4) to add Guarantees with respect to the 2024 Notes, including any 2024 Subsidiary Guaranties, or to secure the 2024 Notes;
- (5) to add to the covenants of the Company or any 2024 Subsidiary Guarantor for the benefit of the holders of the 2024 Notes or to surrender any right or power conferred upon the Company or any 2024 Subsidiary Guarantor;
- (6) to make any change that does not adversely affect the rights of any holder of the 2024 Notes in any material respect;
- (7) to comply with any requirement of the SEC in connection with the qualification of the 2024 Indenture under the Trust Indenture Act;
- (8) to make any amendment to the provisions of the 2024 Indenture relating to the transfer and legending of 2024 Notes; provided, however, that (a) compliance with the 2024 Indenture as so amended would not result in 2024 Notes being transferred in violation of the Securities Act or any other applicable securities law and (b) such amendment does not materially and adversely affect the rights of Holders to transfer 2024 Notes;
- (9) to conform the text of the 2024 Indenture, the 2024 Notes or the 2024 Subsidiary Guaranties to any provision of the “Description of the Notes” section of the 2024 Offering Circular to the extent that such provision in such “Description of the Notes” is intended to be a verbatim recitation of a provision of the 2024 Indenture, the 2024 Notes or the 2024 Subsidiary Guaranties; or
- (10) to reflect the issuance of 2024 Additional Notes in compliance with the terms of the 2024 Indenture.

The consent of the holders of the 2024 Notes is not necessary under the 2024 Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the 2024 Indenture becomes effective, we are required to send to holders of the 2024 Notes a notice briefly describing such amendment. However, the failure to give such notice to all holders of the 2024 Notes, or any defect therein, will not impair or affect the validity of the amendment.

Neither the Company nor any Restricted Subsidiary may, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any Holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the 2024 Indenture or the 2024 Notes unless such consideration is offered to all Holders and is paid to all Holders that so consent, waive or agree to amend in the time frame set forth in solicitation documents relating to such consent, waiver or agreement. Notwithstanding the foregoing, the Company and its Restricted Subsidiaries shall be permitted in any such solicitation, offer (including any tender or exchange offer) or payment to exclude any category of Holders (including by jurisdiction) if (a) (i) applicable law, regulatory guidance, listing requirements or common practice could reasonably be interpreted as requiring the Company or any Restricted Subsidiary to file a registration statement, prospectus or similar document in connection therewith or (ii) such solicitation, offer or payment would not be permitted under applicable law with respect to Holders in such category, and (b) each excluded Holder shall have the right, in each case if such right is permitted under applicable law and will not give rise to a filing requirement of the type described in clause (a)(i), to (i) receive any applicable solicitation materials as if it were not an

excluded Holder and (ii) accept a payment in an amount equal to the payment such Holder would have had the right to receive if it had not been an excluded Holder and had accepted such offer.

Transfer

The 2024 Notes have been or will be issued in registered form and will be transferable only upon the surrender of the 2024 Notes being transferred for registration of transfer. We may require payment of a sum sufficient to cover any tax, assessment or other governmental charge payable in connection with certain transfers and exchanges.

Satisfaction and Discharge

When (1) we deliver to the Trustee all outstanding 2024 Notes for cancellation or (2) all outstanding 2024 Notes have become due and payable, whether at maturity or as a result of the sending of notice of redemption, or will become due and payable within one year or are to be called for redemption within one year, and, in the case of clause (2), we irrevocably deposit with the Trustee (x) cash in United States dollars or (y) cash in United States dollars, U.S. Government Obligations, or a combination thereof, in such amounts as, in the aggregate, will be sufficient (in the case of clause (y), (A) in the opinion of a nationally recognized firm of independent public accountants or a nationally recognized investment banking firm, or (B) if no such opinion in the immediately preceding clause (A) can be reasonably obtained, in the opinion of the chief financial officer of the Company) to pay at maturity or upon redemption all outstanding 2024 Notes, including interest thereon to maturity or such redemption date, and if in either case we pay all other sums payable under the 2024 Indenture by us, then the 2024 Indenture shall, subject to certain exceptions, cease to be of further effect.

Defeasance

At any time, we may terminate all our obligations under the 2024 Notes and the 2024 Indenture (“legal defeasance”), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the 2024 Notes, to replace mutilated, destroyed, lost or stolen 2024 Notes and to maintain a registrar and paying agent in respect of the 2024 Notes.

In addition, at any time we may terminate our obligations under “—Change of Control” and under the covenants described under “—Certain Covenants” (other than the covenant described under “—Certain Covenants—Merger and Consolidation”), the operation of the cross acceleration provision, the bankruptcy provisions with respect to Subsidiaries, the judgment default provision and the Guarantor failure provision described under “—Defaults” above and the limitation contained in clause (3) of the first paragraph under “—Certain Covenants—Merger and Consolidation” above (“covenant defeasance”).

We may exercise our legal defeasance option notwithstanding our prior exercise of our covenant defeasance option. If we exercise our legal defeasance option, payment of the 2024 Notes may not be accelerated because of an Event of Default with respect thereto. If we exercise our covenant defeasance option, payment of the 2024 Notes may not be accelerated because of an Event of Default specified in clause (4), (6), (7) (with respect only to Subsidiaries), (8) or (9) under “—Defaults” above or because of the failure of the Company to comply with clause (3) of the first paragraph under “—Certain Covenants—Merger and Consolidation” above. If we exercise our legal defeasance option or our covenant defeasance option, each 2024 Subsidiary Guarantor will be released from all of its obligations with respect to its 2024 Subsidiary Guaranty.

In order to exercise either of our defeasance options, we must irrevocably deposit in trust (the “defeasance trust”) with the Trustee (x) cash in United States dollars or (y) cash in United States dollars, U.S. Government Obligations, or a combination thereof, in such amounts as, in the aggregate, will be sufficient (in the case of clause (y), (A) in the opinion of a nationally recognized firm of independent public accountants or a nationally recognized investment banking firm, or (B) if no such opinion in the immediately preceding clause (A) can be

reasonably obtained, in the opinion of the chief financial officer of the Company) for the payment of principal and interest on the 2024 Notes to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of an Opinion of Counsel to the effect that holders of the 2024 Notes will not recognize income, gain or loss for Federal income tax purposes as a result of such deposit and defeasance and will be subject to Federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable Federal income tax law).

Concerning the Trustee

Wells Fargo Bank, N.A. is the Trustee under the 2024 Indenture. We have appointed Wells Fargo Bank, N.A. as Registrar and Paying Agent with regard to the 2024 Notes.

The 2024 Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Company, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; provided, however, if it acquires any conflicting interest it must either eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Holders of a majority in principal amount of the outstanding 2024 Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. If an Event of Default occurs (and is not cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the 2024 Indenture at the request of any Holder of 2024 Notes unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense and then only to the extent required by the terms of the 2024 Indenture.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of the Company or any 2024 Subsidiary Guarantor (other than a stockholder that is the Company or another 2024 Subsidiary Guarantor) will have any liability for any obligations of the Company or any 2024 Subsidiary Guarantor under the 2024 Notes, any 2024 Subsidiary Guaranty or the 2024 Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder of the 2024 Notes by accepting a 2024 Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the 2024 Notes. Such waiver and release may not be effective to waive liabilities under the U.S. federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

The 2025 Exchange Notes will not represent new Indebtedness of the Company.

Certain terms used in this description are defined under the subheading “—Certain Definitions.” In this description, the words “Company,” “we” and “our” refer only to Gulfport Energy Corporation and not to any of its subsidiaries individually, as appropriate in the context.

The following description is only a summary of the material provisions of the 2025 Indenture. You may request a copy of the 2025 Indenture at our address set forth under the heading “Where You Can Find More Information.”

The registered holder of a 2025 Exchange Note will be treated as the owner of it for all purposes. Only registered holders will have rights under the 2025 Indenture, and all references to “Holders” or “Noteholders” in this description are to registered holders of 2025 Notes.

- will rank pari passu in right of payment with the Senior Indebtedness of the Company;
- will rank senior in right of payment to any future Subordinated Obligations of the Company; and
- will be guaranteed on an unsecured senior basis by each Subsidiary Guarantor.

The 2025 Subsidiary Guarantees

Initially, the 2025 Exchange Notes, like the 2025 Initial Notes, will be guaranteed by all of the Company’s Subsidiaries that are Restricted Subsidiaries under the 2025 Indenture.

Each Guaranty of the 2025 Exchange Notes:

- will be unsecured senior obligations of the 2025 Subsidiary Guarantor; and
- will rank pari passu in right of payment with the Senior Indebtedness of such 2025 Subsidiary Guarantor;
- will rank senior in right of payment to any future Subordinated Obligations of such 2025 Subsidiary Guarantor.

The 2025 Notes and the 2025 Subsidiary Guarantees will be effectively subordinated to all secured Indebtedness of the Company and the Subsidiary Guarantors, including all borrowings and other obligations under the Existing Credit Agreement, to the extent of the value of the collateral securing such Indebtedness, and

structurally subordinated to all obligations, including trade payables, of any Subsidiary that is not a 2024 Subsidiary Guarantor, including any Unrestricted Subsidiary. As of March 31, 2017, our non-guarantor Subsidiaries had \$46.8 million of total assets and \$0.1 million of total liabilities and generated none of our consolidated revenues.

As of the date of this prospectus, all of our Subsidiaries are Restricted Subsidiaries under the 2025 Indenture, other than Grizzly Holdings, which was designated as an Unrestricted Subsidiary and will not guarantee the 2025 Notes. Under the circumstances described below in a definition of an “Unrestricted Subsidiary,” the Company will be permitted to designate additional Subsidiaries as “Unrestricted Subsidiaries.” The Unrestricted Subsidiaries will not be subject to many of the restrictive covenants in the 2025 Indenture. The Unrestricted Subsidiaries will not guarantee the 2025 Notes, including the 2025 Exchange Notes.

Principal, Maturity and Interest

The Company will issue the 2025 Exchange Notes with a maximum aggregate principal amount of \$600.0 million. The Company will issue the 2025 Exchange Notes in minimum denominations of \$2,000 and any greater integral multiple of \$1,000. The 2025 Exchange Notes will mature on May 15, 2025. Subject to our compliance with the covenant described under the subheading “—Certain Covenants—Limitation on Indebtedness,” we are permitted to issue more 2025 Notes from time to time under the 2025 Indenture (the “2025 Additional Notes”). The 2025 Initial Notes, the 2025 Exchange Notes and any 2025 Additional Notes subsequently issued will be treated as a single class for all purposes of the 2025 Indenture, including waivers, amendments, redemptions and offers to purchase. Unless the context otherwise requires, for all purposes of the 2025 Indenture and this “Description of the 2025 Exchange Notes,” references to the “2025 Notes” include the 2025 Initial Notes, the 2025 Exchange Notes and any 2025 Additional Notes actually issued.

Interest on the 2025 Notes accrues at the rate of 6.375% per annum and will be payable semiannually in arrears on May 15 and November 15, commencing on May 15, 2017 with respect to the 2025 Initial Notes and on November 15, 2017 with respect to the 2025 Exchange Notes. We will make each interest payment to the holders of record of the 2025 Notes on the immediately preceding May 1 and November 1. We will pay interest on overdue principal at 1% per annum in excess of the above rate and will pay interest on overdue installments of interest at such higher rate to the extent lawful.

Interest on the 2025 Notes will accrue from the date of original issuance. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months.

Optional Redemption

Except as set forth below and as described under the penultimate paragraph of “—Change of Control,” we will not be entitled to redeem the 2025 Notes at our option.

On and after May 15, 2020, we will be entitled, at our option, to redeem all or a portion of the 2025 Notes upon not less than 30 nor more than 60 days’ notice, at the redemption prices (expressed in percentages of principal amount on the redemption date), plus accrued interest to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the 12-month period commencing on May 15 of the years set forth below:

<u>Period</u>	<u>Redemption Price</u>
2020	104.781%
2021	103.188%
2022	101.594%
2023 and thereafter	100.000%

Table of Contents

In addition, any time prior to May 15, 2020, we will be entitled, at our option on one or more occasions, to redeem Notes (which includes 2025 Additional Notes, if any) in an aggregate principal amount not to exceed 35% of the aggregate principal amount of the 2025 Notes (which includes 2025 Additional Notes, if any) issued prior to such date at a redemption price (expressed as a percentage of principal amount) of 106.375%, plus accrued and unpaid interest to the redemption date (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date), with an amount equal to the net cash proceeds from one or more Qualifying Equity Offerings; provided, however, that

- (1) at least 65% of such aggregate principal amount of 2025 Notes (which includes 2025 Additional Notes, if any) remains outstanding immediately after the occurrence of each such redemption (with 2025 Notes held, directly or indirectly, by the Company or its Affiliates being deemed to be not outstanding for purposes of such calculation); and
- (2) each such redemption occurs within 90 days after the date of the related Qualifying Equity Offering.

Prior to May 15, 2020, we will be entitled, at our option, to redeem all or a portion of the Notes at a redemption price equal to 100% of the principal amount of the 2025 Notes plus the Applicable Premium as of, and accrued and unpaid interest to, the redemption date (subject to the right of Holders on the relevant record date to receive interest due on the relevant interest payment date). Notice of such redemption must be sent to each Holder's registered address, not less than 30 nor more than 60 days prior to the redemption date.

"Applicable Premium" means with respect to a 2025 Note at any redemption date, the greater of (1) 1.00% of the principal amount of such 2025 Note and (2) the excess of (A) the present value at such redemption date of (i) the redemption price of such 2025 Note on May 15, 2020 (such redemption price being described in the second paragraph in this "—Optional Redemption" section exclusive of any accrued interest) plus (ii) all required remaining scheduled interest payments due on such 2025 Note through May 15, 2020 (but excluding accrued and unpaid interest to the redemption date), computed using a discount rate equal to the Adjusted Treasury Rate, over (B) the principal amount of such 2025 Note on such redemption date.

"Adjusted Treasury Rate" means, with respect to any redemption date, (i) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated "H.15(519)" or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption "Treasury Constant Maturities," for the maturity corresponding to the Comparable Treasury Issue (if no maturity is within three months before or after May 15, 2020, yields for the two published maturities most closely corresponding to the Comparable Treasury Issue shall be determined and the Adjusted Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month) or (ii) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per year equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date, in each case calculated on the third Business Day immediately preceding the redemption date, in each case, plus 0.50%.

"Comparable Treasury Issue" means the United States Treasury security selected by the Quotation Agent as having a maturity comparable to the remaining term of the 2025 Notes from the redemption date to May 15, 2020, that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a maturity most nearly equal to May 15, 2020.

"Comparable Treasury Price" means, with respect to any redemption date, if clause (ii) of the Adjusted Treasury Rate definition is applicable, the average of three, or such lesser number as is obtained by the Quotation Agent, Reference Treasury Dealer Quotations for such redemption date.

"Quotation Agent" means the Reference Treasury Dealer appointed by the Company.

Table of Contents

“Reference Treasury Dealer” means Credit Suisse Securities (USA) LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and their respective successors or affiliates and assigns and one other nationally recognized investment banking firm selected by the Company that is a primary U.S. Government securities dealer.

“Reference Treasury Dealer Quotations” means with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Quotation Agent, of the bid and asked prices for the Comparable Treasury Issue, expressed in each case as a percentage of its principal amount, quoted in writing to the Trustee by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third Business Day immediately preceding such redemption date.

Selection and Notice of Redemption

If we are redeeming less than all the 2025 Notes at any time, the Trustee will select 2025 Notes on a pro rata basis to the extent practicable and in accordance with the procedures of DTC.

We will redeem 2025 Notes of \$2,000 or less in whole and not in part. We will cause notices of redemption to be sent at least 30 but not more than 60 days before the redemption date to each holder of 2025 Notes to be redeemed at its registered address, except that redemption notices may be sent more than 60 days prior to the redemption date if the notice is issued in connection with a defeasance of the 2025 Notes or a satisfaction and discharge of the 2025 Indenture. Any inadvertent defect in the notice of redemption, including an inadvertent failure to give notice, to any Holder selected for redemption will not impair or affect the validity of the redemption of any other 2025 Note redeemed in accordance with provisions of the 2025 Indenture.

If any 2025 Note is to be redeemed in part only, the notice of redemption that relates to that 2025 Note will state the portion of the principal amount thereof to be redeemed. We will issue a new 2025 Note in a principal amount equal to the unredeemed portion of the original 2025 Note in the name of the holder upon cancellation of the original 2025 Note. 2025 Notes called for redemption become due and payable on the date fixed for redemption; provided that notice of any redemption in connection with any Qualifying Equity Offering or other securities offering or any other financing, or in connection with a transaction (or a series of related transactions) that constitute a Change of Control, may, at our discretion, be given prior to the completion thereof and be subject to one or more conditions precedent, including completion of the related Qualifying Equity Offering, securities offering, financing or Change of Control. If a redemption is subject to satisfaction of one or more conditions precedent, the redemption date may be delayed up to 10 Business Days; provided that if such conditions precedent are not satisfied within 10 Business Days of the proposed redemption date, such redemption shall not occur and the notice thereof shall be rescinded. On and after the redemption date, interest ceases to accrue on 2025 Notes or portions of them called for redemption.

Mandatory Redemption; Offers to Purchase; Open Market Purchases

We are not required to make any mandatory redemption or sinking fund payments with respect to the 2025 Notes. However, under certain circumstances, we may be required to offer to purchase 2025 Notes as described under the captions “—Change of Control” and “—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock.” We may at any time and from time to time purchase 2025 Notes in the open market or otherwise.

Guarantees

Each of our existing direct and indirect subsidiaries, other than Grizzly Holdings, Inc., are the 2025 Subsidiary Guarantors as of the 2025 Issue Date. The 2025 Subsidiary Guarantors will jointly and severally guarantee, on a senior unsecured basis, our obligations under the 2025 Notes. The aggregate assets and revenues as of and for the year ended December 31, 2016 attributable to all subsidiaries of the Company that are not providing guarantees constituted less than 2% of the Company’s consolidated assets and none of our consolidated revenues as of and for the period ended such date.

Table of Contents

Each 2025 Subsidiary Guarantor that makes a payment under its 2025 Subsidiary Guarantee will be entitled upon payment in full of all guaranteed obligations under the 2025 Indenture to a contribution from each other 2025 Subsidiary Guarantor in an amount equal to such other 2025 Subsidiary Guarantor's pro rata portion of such payment based on the respective net assets of all the 2025 Subsidiary Guarantors at the time of such payment determined in accordance with GAAP.

Each 2025 Subsidiary Guarantee contains a provision that purports to limit the obligations of such 2025 Subsidiary Guarantor under its 2025 Subsidiary Guarantee as necessary to prevent that 2025 Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law. See "Risk Factors—Risks Related to the Exchange Notes, the Exchange Offers and Our Other Indebtedness—The guarantees provided by the guarantors may not be enforceable and, under specific circumstances, federal and state courts may void the guarantees and require holders to return payments received from the guarantors." If a 2025 Subsidiary Guarantee were rendered voidable, it could be subordinated by a court to all other indebtedness (including guarantees and other contingent liabilities) of the applicable 2025 Subsidiary Guarantor, and, depending on the amount of such indebtedness, a 2025 Subsidiary Guarantor's liability on its 2025 Subsidiary Guarantee could be reduced to zero. See "Risk Factors—Risks Related to the Exchange Notes, the Exchange Offers and Our Other Indebtedness."

Pursuant to the 2025 Indenture, a 2025 Subsidiary Guarantor may consolidate with or merge with or into, or convey, transfer or lease, in one transaction or a series of transactions, all or substantially all its assets to any other Person to the extent described below under "—Certain Covenants—Merger and Consolidation"; provided, however, that if such other Person is not the Company or a 2025 Subsidiary Guarantor, such 2025 Subsidiary Guarantor's obligations under its 2025 Subsidiary Guarantee must be expressly assumed by such other Person, except that such assumption will not be required if such other Person is not a Subsidiary of the Company and if in connection therewith the Company provides an Officers' Certificate to the Trustee to the effect that the Company will comply with its obligations, if any, under the covenant described under "—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock" in respect of such transaction. Upon any transaction described in the proviso above, the obligor on the related 2025 Subsidiary Guarantee will be automatically released from its obligations thereunder.

The 2025 Subsidiary Guarantee of a 2025 Subsidiary Guarantor also will be automatically released:

- (1) upon the disposition of all or a portion of the Capital Stock of such 2025 Subsidiary Guarantor such that such 2025 Subsidiary Guarantor ceases to be a Subsidiary, if in connection therewith the Company provides an Officers' Certificate to the Trustee to the effect that the Company will comply with its obligations, if any, under the covenant described under "—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock" in respect of such disposition;
- (2) upon the designation of such 2025 Subsidiary Guarantor as an Unrestricted Subsidiary;
- (3) at such time as such 2025 Subsidiary Guarantor does not have any Guarantees outstanding that would have required such 2025 Subsidiary Guarantor to enter into a Guaranty Agreement pursuant to the covenant described under "—Certain Covenants—Future 2025 Subsidiary Guarantors"; or
- (4) if we exercise our legal defeasance option or our covenant defeasance option as described under "—Defeasance" or if our obligations under the 2025 Indenture are discharged in accordance with the terms of the 2025 Indenture.

Upon delivery by the Company to the Trustee of an Officers' Certificate and an Opinion of Counsel to the effect that any of the conditions described above has occurred, the Trustee shall execute any supplemental indenture or other documents reasonably requested by the Company in order to evidence the release of any Guarantor from its obligations under its 2025 Subsidiary Guarantee and the 2025 Indenture.

Ranking

Senior Indebtedness versus 2025 Notes

The indebtedness evidenced by the 2025 Notes and the 2025 Subsidiary Guarantees is unsecured and ranks pari passu in right of payment with the Senior Indebtedness of the Company and the 2025 Subsidiary Guarantors, as the case may be.

As of March 31, 2017:

- (1) the Company's Senior Indebtedness (net of associated accrued discount and premium) would have been approximately \$1.9 billion, including \$350.0 million attributable to the outstanding 2023 Notes, \$650.0 million outstanding under the 2024 Notes, \$600.0 million outstanding under the 2025 Notes, \$40.0 million in borrowings outstanding under the Existing Credit Agreement, \$238.7 million of outstanding letters of credit under the Existing Credit Agreement and \$23.7 million outstanding under the Company's construction loan for its new corporate headquarters;
- (2) the Senior Indebtedness of the 2025 Subsidiary Guarantors would have been approximately \$1.9 billion, including \$350.0 million attributable to their respective guaranties of the outstanding 2023 Notes, \$650.0 million attributable to their respective guaranties of the 2024 Notes, \$600.0 million attributable to their respective guaranties of the 2025 Notes, \$40.0 million attributable to their respective guaranties of the Company's outstanding borrowings under the Existing Credit Agreement and \$238.7 million attributable to their respective guaranties of outstanding letters of credit under the Existing Credit Agreement; and
- (3) the Company would have been permitted to borrow an additional \$421.3 million of secured Senior Indebtedness under the Existing Credit Agreement.

On May 4, 2017, the borrowing base under the Existing Credit Agreement was increased from \$700.0 million to \$1.0 billion.

The 2025 Notes and the 2025 Subsidiary Guarantees will be unsecured obligations of the Company and the 2025 Subsidiary Guarantors, respectively. Secured debt and other secured obligations of the Company and of the 2025 Subsidiary Guarantors (including obligations with respect to the Existing Credit Agreement) will be effectively senior to the 2025 Notes and the 2025 Subsidiary Guarantees to the extent of the value of the assets securing such debt or other obligations.

Liabilities of Subsidiaries versus 2025 Notes

A portion of our operations is conducted through our subsidiaries. As described above under "—Guarantees," 2025 Subsidiary Guarantees may be released under certain circumstances. In addition, Grizzly Holdings, Inc. will be an Unrestricted Subsidiary and therefore will not be a 2025 Subsidiary Guarantor. Further, our future subsidiaries may not be required to Guarantee the 2025 Notes. Claims of creditors of such non-guarantor subsidiaries, including trade creditors and creditors holding indebtedness or Guarantees issued by such non-guarantor subsidiaries, and claims of preferred stockholders of such non-guarantor subsidiaries generally will have priority with respect to the assets and earnings of such non-guarantor subsidiaries over the claims of our creditors, including holders of the 2025 Notes. Accordingly, the 2025 Notes will be effectively subordinated to creditors (including trade creditors) and preferred stockholders, if any, of such non-guarantor subsidiaries.

At March 31, 2017, the total liabilities of our subsidiaries (other than the 2025 Subsidiary Guarantors as of the 2025 Issue Date, but including Grizzly Holdings, Inc.) were approximately \$0.1 million, including trade payables. Although the 2025 Indenture limits the incurrence of Indebtedness and preferred stock by certain of our subsidiaries, such limitation is subject to a number of significant qualifications and does not apply at all to Unrestricted Subsidiaries. Moreover, the 2025 Indenture does not impose any limitation on the incurrence by such subsidiaries of liabilities that are not considered Indebtedness under the 2025 Indenture. See "—Certain Covenants—Limitation on Indebtedness."

Change of Control

Upon the occurrence of any of the following events (each a “Change of Control”), each Holder shall have the right to require that the Company repurchase such Holder’s 2025 Notes at a purchase price in cash equal to 101% of the principal amount thereof on the date of purchase plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date):

- (1) any “person” (as such term is used in Sections 13(d) and 14(d) of the Exchange Act) is or becomes the “beneficial owner” (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the total voting power of the Voting Stock of the Company; provided, however, that, for the purposes of this clause (1), a person shall be deemed (x) to have “beneficial ownership” of all shares that any such person has the right to acquire, whether such right is exercisable immediately or only after the passage of time and (y) to beneficially own any Voting Stock of a Person (the “specified person”) held by any other Person (the “parent entity”), if such person is the beneficial owner (as defined above in this clause (1)), directly or indirectly, of more than 50% of the Voting Stock of such parent entity;
- (2) the adoption of a plan relating to the liquidation or dissolution of the Company; or
- (3) the merger or consolidation of the Company with or into another Person or the merger of another Person with or into the Company, or the sale of all or substantially all the assets of the Company and its Restricted Subsidiaries (determined on a consolidated basis) to another Person other than a transaction following which (A) in the case of a merger or consolidation transaction, one or more holders of securities that represented 100% of the Voting Stock of the Company immediately prior to such transaction (or other securities into which such securities are converted as part of such merger or consolidation transaction) own directly or indirectly at least a majority of the voting power of the Voting Stock of the surviving Person in such merger or consolidation transaction immediately after such transaction and (B) in the case of a sale of assets transaction, each transferee is or becomes an obligor in respect of the 2025 Notes and a Subsidiary of the transferor of such assets;

but, notwithstanding the foregoing, Permitted Grizzly Dispositions shall not constitute or give rise to a Change of Control.

Within 30 days following any Change of Control, we will send a notice to each Holder with a copy to the Trustee (the “Change of Control Offer”) stating:

- (1) that a Change of Control has occurred and that such Holder has the right to require us to purchase such Holder’s 2025 Notes at a purchase price (the “Change of Control Purchase Price”) in cash equal to 101% of the principal amount thereof on the date of purchase, plus accrued and unpaid interest, if any, to the date of purchase (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date);
- (2) the circumstances and relevant facts regarding such Change of Control (including information with respect to pro forma historical income, cash flow and capitalization, in each case after giving effect to such Change of Control);
- (3) the purchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is sent); and
- (4) the instructions, as determined by us, consistent with the covenant described hereunder, that a Holder must follow in order to have its 2025 Notes purchased.

We will not be required to make a Change of Control Offer following a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the 2025 Indenture applicable to a Change of Control Offer made by us and purchases all 2025 Notes validly tendered and not withdrawn under such Change of Control Offer or if notice of redemption has been given pursuant to “—Optional Redemption” above.

Table of Contents

Notwithstanding anything to the contrary herein, a Change of Control Offer may be made in advance of a Change of Control, conditional upon such Change of Control, if a definitive agreement is in place for the Change of Control at the time of making of the Change of Control Offer.

We will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of 2025 Notes as a result of a Change of Control. To the extent that the provisions of any securities laws or regulations conflict with the provisions of the covenant described hereunder, we will comply with the applicable securities laws and regulations and shall be deemed not to have breached our obligations under the covenant described hereunder by virtue of our compliance with such securities laws or regulations.

The Change of Control purchase feature of the 2025 Notes may in certain circumstances make more difficult or discourage a sale or takeover of the Company and, thus, the removal of incumbent management. The Change of Control purchase feature is a result of negotiations between the Company and the initial purchasers. We have no present intention to engage in a transaction involving a Change of Control, although it is possible that we could decide to do so in the future. Subject to the limitations discussed below, we could, in the future, enter into certain transactions, including acquisitions, refinancings or other recapitalizations, that would not constitute a Change of Control under the 2025 Indenture, but that could increase the amount of indebtedness outstanding at such time or otherwise affect our capital structure or credit ratings. Restrictions on our ability to Incur additional Indebtedness are contained in the covenants described under “—Certain Covenants—Limitation on Indebtedness” and “—Certain Covenants—Limitation on Liens.” Such restrictions are subject to numerous exceptions and can be waived with the consent of the holders of a majority in principal amount of the 2025 Notes then outstanding. Accordingly, the covenants set forth in the 2025 Indenture may not afford holders of the 2025 Notes protection in the event of a highly leveraged transaction.

In the event a Change of Control occurs at a time when we are contractually prohibited from purchasing 2025 Notes, we may seek the consent of our lenders to the purchase of 2025 Notes or may attempt to refinance the borrowings that contain such prohibition. If we do not obtain such a consent or repay such borrowings, we will remain prohibited from purchasing 2025 Notes. In such case, our failure to offer to purchase 2025 Notes would constitute a Default under the 2025 Indenture, which would, in turn, constitute a default under the Existing Credit Agreement.

The Existing Credit Agreement does, and any future indebtedness that we may incur may, contain prohibitions on the occurrence of certain events that would constitute a Change of Control or require the repayment or repurchase of such indebtedness upon a Change of Control. Moreover, the exercise by the Holders of their right to require us to repurchase their 2025 Notes could cause a default under such other indebtedness, even if the Change of Control itself does not, due to the financial effect of such repurchase on us. Finally, our ability to pay cash to the holders of 2025 Notes following the occurrence of a Change of Control may be limited by our then existing financial resources. There can be no assurance that sufficient funds will be available when necessary to make any required repurchases.

The definition of “Change of Control” includes the phrase “all or substantially all the assets.” Although there is a limited body of case law interpreting the phrase “substantially all,” there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of “all or substantially all” of the assets of the Company. As a result, it may be unclear as to whether a Change of Control has occurred and whether a holder of 2025 Notes may require the Company to make an offer to repurchase the 2025 Notes as described above.

In the event that Holders of not less than 90% in aggregate principal amount of the outstanding 2025 Notes accept a Change of Control Offer and the Company (or any third party making such Change of Control Offer in lieu of the Company as described above) purchases all of the 2025 Notes tendered by such Holders, the Company

Table of Contents

shall have the right, upon not less than 30 nor more than 60 days prior notice, given not more than 30 days following the purchase pursuant to the Change of Control Offer described above, to redeem all of the 2025 Notes that remain outstanding following such purchase at a redemption price equal to the Change of Control Purchase Price, including interest to the date of redemption (subject to the right of Holders of record on the relevant record date to receive interest due on the relevant interest payment date).

The provisions under the 2025 Indenture relative to our obligation to make an offer to repurchase the 2025 Notes as a result of a Change of Control may be waived or modified with the written consent of the holders of a majority in principal amount of the 2025 Notes.

Certain Covenants

Changes in Covenants when the 2025 Notes are Rated Investment Grade

On the day (such date, the “Termination Date”) after the 2025 Issue Date on which:

- (a) the 2025 Notes have an Investment Grade Rating from both Standard & Poor’s and Moody’s;
- (b) no Default has occurred and is continuing under the 2025 Indenture; and
- (c) the Company has delivered to the Trustee the Officers’ Certificate described below,

the covenants listed below will be permanently terminated and the Company and its Subsidiaries, as applicable, will not be subject to the provisions of the 2025 Indenture summarized under the headings below:

“—Limitation on Indebtedness,”

“—Limitation on Restricted Payments,”

“—Limitation on Restrictions on Distributions from Restricted Subsidiaries,”

“—Limitation on Sales of Assets and Subsidiary Stock,”

“—Limitation on Affiliate Transactions,”

“—Limitation on Line of Business,” and

clause (3) of the paragraph (a) of “—Merger and Consolidation.”

On the Termination Date, the Company will provide an Officers’ Certificate to the Trustee regarding such occurrence. The Trustee shall have no obligation to independently determine or verify if the Termination Date has occurred or notify the Holders of the Termination Date. The Trustee may provide a copy of such Officers’ Certificate to any Holder of the 2025 Notes upon written request. There can be no assurance that the 2025 Notes will ever achieve an Investment Grade Rating.

Limitation on Indebtedness

(a) The Company will not, and will not permit any Restricted Subsidiary to, Incur, directly or indirectly, any Indebtedness; provided, however, that the Company and the 2025 Subsidiary Guarantors will be entitled to Incur Indebtedness if, on the date of such Incurrence and after giving effect thereto on a pro forma basis, the Consolidated Coverage Ratio exceeds 2.00 to 1.00.

(b) Notwithstanding the foregoing paragraph (a), the Company and the Restricted Subsidiaries will be entitled to Incur any or all of the following Indebtedness:

- (1) Indebtedness Incurred by the Company and the 2025 Subsidiary Guarantors pursuant to Credit Agreements; provided, however, that, after giving effect to any such Incurrence, the aggregate principal

- (3) an amount equal to 100% of the Net Available Cash from such Asset Disposition is applied by the Company (or such Subsidiary, as the case may be)
 - (A) to the extent the Company so elects (or is required by the terms of any Indebtedness), to prepay, repay, purchase, repurchase, redeem, defease or otherwise acquire or retire for value Senior Indebtedness of the Company or any 2025 Subsidiary Guarantor or Indebtedness or Preferred Stock of such Subsidiary or of any Restricted Subsidiary that is not a 2025 Subsidiary Guarantor (in each case other than Indebtedness owed to the Company or an Affiliate of the Company) within one year (or in the case of an Asset Disposition by, or of the Capital Stock of, Grizzly Holdings, two years) from the later of the date of such Asset Disposition or the receipt of such Net Available Cash;

clause (A) or (C) above (other than Indebtedness outstanding pursuant to clause (b)(1) of the covenant described under “— Certain Covenants—Limitation on Indebtedness”), the Company or such Subsidiary shall permanently retire such Indebtedness and shall cause the related loan commitment (if any) to be permanently reduced in an amount equal to the principal amount so prepaid, repaid, purchased or otherwise retired.

Notwithstanding the foregoing provisions of this covenant, the Company and such Subsidiaries will not be required to apply any amount of Net Available Cash in accordance with this covenant except to the extent that the aggregate amount of Net Available Cash from all Asset Dispositions which is not applied in accordance with this covenant exceeds \$25.0 million. Pending application of any amount of Net Available Cash pursuant to this covenant, such amount may be invested in any manner not prohibited by the 2025 Indenture, including to temporarily reduce revolving credit indebtedness.

The requirement of clause (a)(3)(B) above shall be deemed to be satisfied if an agreement (including a lease, whether a capital lease or an operating lease) committing to make the acquisitions or expenditures referred to therein is entered into by the Company or such Subsidiary (or any Restricted Subsidiary) within the time period specified in such clause and the amount of such Net Available Cash is subsequently applied in accordance with such agreement within six months following such agreement.

Notwithstanding the foregoing, in the event that a Subsidiary that is not a Wholly Owned Subsidiary effects an Asset Disposition and dividends or distributes to all of its stockholders (including the Company or a Restricted Subsidiary) on a *pro rata* basis any Net Available Cash from such Asset Disposition, the Company or such Restricted Subsidiary need only apply an amount equal to its pro rata share of such Net Available Cash in accordance with clause (a)(3) above.

(b) In the event of an Asset Disposition that requires the purchase of 2025 Notes (and other Senior Indebtedness of the Company or a 2025 Subsidiary Guarantor) pursuant to clause (a)(3)(C) above, the Company will make such offer to purchase 2025 Notes on or before the 366th day (or in the case of an Asset Disposition by, or of the Capital Stock of, Grizzly Holdings, the 731st day) after the later of the date of such Asset Disposition or the receipt of such Net Available Cash and will purchase 2025 Notes tendered pursuant to an offer (an “Asset Disposition Offer”) by the Company for the 2025 Notes (and such other Senior Indebtedness) at a purchase price of 100% of their principal amount (or, in the event such other Senior Indebtedness was issued with significant original issue discount, 100% of the accreted value thereof) without premium, plus accrued but unpaid interest, subject to the rights of Holders of record on the relevant record date to receive interest due on the relevant interest payment date (or, in respect of such other Senior Indebtedness, such lesser price, if any, as may be provided for by the terms of such Senior Indebtedness) in accordance with the procedures (including prorating in the event of oversubscription) set forth in the 2025 Indenture. If the aggregate purchase price of the securities tendered exceeds the Net Available Cash allotted to their purchase, the Company will select the securities to be

Table of Contents

purchased on a pro rata basis but in round denominations, which in the case of the 2025 Notes will be denominations of \$2,000 principal amount or any greater multiple of \$1,000. The Company shall not be required to make such an offer to purchase 2025 Notes (and other Senior Indebtedness) pursuant to this covenant if the amount of Net Available Cash available therefor is less than \$25.0 million (which lesser amount shall be carried forward for purposes of determining whether such an offer is required with respect to the Net Available Cash from any subsequent Asset Disposition). Upon completion of such an offer to purchase, Net Available Cash will be deemed to be reduced by the aggregate amount of such offer.

(c) The Company will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of 2025 Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Company will comply with the applicable securities laws and regulations and will be deemed not to have breached its obligations under this covenant by virtue of its compliance with such securities laws or regulations.

Notwithstanding anything to the contrary in this covenant, all references herein to “Net Available Cash” shall be deemed to mean cash in an amount equal to the amount of Net Available Cash but not necessarily the actual cash received from the relevant Asset Disposition. The Company and its Subsidiaries shall have no obligation to segregate, trace or otherwise identify Net Available Cash (other than the amount thereof), it being agreed that cash is fungible and that the Company’s obligations under this covenant may be satisfied by the application of funds from other sources.

The provisions under the 2025 Indenture relative to the obligation to make an offer to repurchase the 2025 Notes as a result of an Asset Disposition may be waived or modified with the written consent of the holders of a majority in principal amount of the 2025 Notes.

Limitation on Affiliate Transactions

(a) The Company will not, and will not permit any Restricted Subsidiary to, enter into any transaction (including the purchase, sale, lease or exchange of any property, employee compensation arrangements or the rendering of any service) with (which term, for purposes of this covenant, shall include “for the benefit of” where appropriate in the context) any Affiliate of the Company involving aggregate consideration in excess of \$1.0 million (an “Affiliate Transaction”) unless:

- (1) the terms of the Affiliate Transaction, taken as a whole, are no less favorable to the Company or such Restricted Subsidiary than those that could reasonably be expected to be obtained at the time of the Affiliate Transaction in arm’s-length dealings with a Person who is not an Affiliate;
 - (2) if such Affiliate Transaction involves an amount in excess of \$20.0 million, the terms of the Affiliate Transaction are set forth in writing and an officer of the Company disinterested with respect to such Affiliate Transaction shall have determined in good faith that the criteria set forth in clause (1) are satisfied and shall have approved the relevant Affiliate Transaction as evidenced by an Officers’ Certificate delivered to the Trustee stating that such Affiliate Transaction complies with the 2025 Indenture; and
 - (3) if such Affiliate Transaction involves an amount in excess of \$50.0 million, the terms of the Affiliate Transaction are set forth in writing and a majority of the members of the Board of Directors of the Company disinterested with respect to such Affiliate Transaction shall have determined in good faith that the criteria set forth in clause (1) are satisfied and shall have approved the relevant Affiliate Transaction, all as evidenced by a resolution of the Board of Directors.
- (b) The provisions of the preceding paragraph (a) will not prohibit:
- (1) any Investment or other Restricted Payment (or any other payments excluded from such definitions or their component definitions), in each case not prohibited to be made pursuant to the covenant described under “—Certain Covenants—Limitation on Restricted Payments”;

Table of Contents

- (2) any issuance of securities, or other payments, awards or grants in cash, securities or otherwise pursuant to, or the funding of, employment and consulting arrangements, stock options and stock ownership plans or other benefit plans approved by the Board of Directors;
- (3) loans or advances to officers, directors and employees in the ordinary course of business of the Company or its Restricted Subsidiaries, but in any event not to exceed \$2.5 million in the aggregate outstanding at any one time;
- (4) reasonable fees, compensation and other benefits paid to, severance arrangements with, and indemnity and similar arrangements provided on behalf of, officers, directors, employees and consultants of the Company or any Restricted Subsidiary of the Company as determined in good faith by the Company's Board of Directors or senior management;
- (5) any transaction with the Company, a Restricted Subsidiary or joint venture or other Person (other than an Unrestricted Subsidiary) that would constitute an Affiliate Transaction solely because the Company or a Restricted Subsidiary owns, directly or indirectly, an equity interest in or otherwise controls such Restricted Subsidiary, joint venture or other Person; provided that no Affiliate of the Company, other than the Company or a Restricted Subsidiary, shall have a beneficial interest or otherwise participate in such Restricted Subsidiary, joint venture or other Person other than through such Affiliate's ownership of the Company;
- (6) the issuance or sale of any Capital Stock (other than Disqualified Stock) of the Company and the granting of customary registration rights in connection therewith;
- (7) any transaction with Affiliates pursuant to or contemplated by any agreement that is described in the 2025 Offering Circular or that is described in a filing with the SEC that is incorporated by reference in the 2025 Offering Circular and in each case any amendments, renewals or extensions of any such agreement (so long as such amendments, renewals or extensions are not materially less favorable to the Company or the Restricted Subsidiaries, taken as a whole, than the agreement so amended, renewed or extended) and all transactions pursuant thereto or contemplated thereby;
- (8) transactions with customers, clients, vendors, suppliers or other purchasers or sellers of goods or services, in each case, in their capacities as such and in the ordinary course of business (including pursuant to joint venture agreements);
- (9) any transaction on arm's-length terms with any non-Affiliate that becomes an Affiliate as a result of such transaction;
- (10) Permitted Grizzly Dispositions;
- (11) transactions between the Company or any of its Restricted Subsidiaries and any Person that would not otherwise constitute an Affiliate Transaction except for the fact that a director or manager of such Person is also a director or manager of the Company or a Restricted Subsidiary if such director or manager abstains from voting as a director or manager of the Company or such Restricted Subsidiary, as applicable, on such transaction;
- (12) pledges by the Company or any Restricted Subsidiary of (or any guarantee by the Company or any Restricted Subsidiary limited in recourse solely to) Equity Interests in Unrestricted Subsidiaries for the benefit of lenders or other creditors of the Unrestricted Subsidiaries; and
- (13) agreements of the types described in the defined term "Permitted Business Investments," contracts for exploring for, drilling, developing, producing, processing, gathering, transporting, marketing or storing Hydrocarbons and Minerals or activities or services reasonably related or ancillary thereto, and other operational contracts, that are entered into in the ordinary course of business on terms substantially similar to those contained in similar contracts entered into by the Company or any of its Restricted Subsidiaries with unrelated third parties, or if neither the Company nor any Restricted Subsidiary has entered into a similar contract with a third party, then on terms no less favorable than those available

from third parties on an arm's length basis, in each case as determined in good faith by the Company, and all transactions pursuant to or contemplated by such agreements and contracts.

Limitation on Line of Business

The Company will not, and will not permit any Restricted Subsidiary to, engage in any business other than a Related Business, except to the extent that such business would not be material to the Company and its Restricted Subsidiaries, taken as a whole.

Limitation on Liens

The Company will not, and will not permit any 2025 Subsidiary Guarantor to, directly or indirectly, incur or permit to exist any Lien (the "Initial Lien") of any nature whatsoever on any of its properties (including Capital Stock of a Restricted Subsidiary), whether owned at the 2025 Issue Date or thereafter acquired, securing any Indebtedness, other than Permitted Liens, without effectively providing that the 2025 Notes or such 2025 Subsidiary Guarantor's 2025 Subsidiary Guarantee, as applicable, shall be secured equally and ratably with (or, at the Company's election, prior to) the Indebtedness so secured for so long as such Indebtedness is so secured.

Any such Lien thereby created securing the 2025 Notes or any 2025 Subsidiary Guarantee pursuant to the preceding sentence will be automatically and unconditionally released and discharged upon (i) the release and discharge of each Initial Lien to which it relates, (ii) in the case of such Lien securing any such 2025 Subsidiary Guarantee, the termination and discharge of such 2025 Subsidiary Guarantee in accordance with the 2025 Indenture or (iii) any sale, exchange or transfer to any Person not an Affiliate of the Company of the property or assets secured by such Initial Lien.

Merger and Consolidation

(a) The Company will not consolidate with or merge with or into, or convey, transfer or lease, in one transaction or a series of related transactions, directly or indirectly, all or substantially all its assets to, any Person, unless:

- (1) the resulting, surviving or transferee Person (the "Successor Company") shall be a corporation organized and existing under the laws of the United States of America, any State thereof or the District of Columbia, and the Successor Company (if not the Company) shall expressly assume, by an indenture supplemental thereto, executed and delivered to the Trustee, in form reasonably satisfactory to the Trustee, all the obligations of the Company under the 2025 Notes and the 2025 Indenture;
- (2) immediately after giving pro forma effect to such transaction (and treating any Indebtedness which becomes an obligation of the Company or a Subsidiary as a result of such transaction as having been Incurred by the Company or such Subsidiary at the time of such transaction), no Default shall have occurred and be continuing;
- (3) immediately after giving pro forma effect to such transaction, (x) the Successor Company would be able to Incur an additional \$1.00 of Indebtedness pursuant to paragraph (a) of the covenant described under "—Certain Covenants—Limitation on Indebtedness" or (y) the Consolidated Coverage Ratio of the Company or the Successor Company will be equal to or greater than the Consolidated Coverage Ratio of the Company immediately prior to such transaction;
- (4) the Company shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, together stating that such consolidation, merger, conveyance, transfer or lease and such supplemental indenture (if any) comply with the 2025 Indenture; and
- (5) the Company shall have delivered to the Trustee an Opinion of Counsel to the effect that the Holders will not recognize income, gain or loss for Federal income tax purposes as a result of such transaction and will be subject to Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such transaction had not occurred;

provided, however, that clause (3) will not be applicable to (A) the Company or a Restricted Subsidiary consolidating with, merging into, conveying, transferring or leasing all or part of its assets to the Company or a 2025 Subsidiary Guarantor or (B) the Company merging with an Affiliate of the Company solely for the purpose and with the sole effect of reincorporating the Company in another jurisdiction.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer or other disposition of all or substantially all of the properties and assets of one or more Restricted Subsidiaries of the Company, which properties and assets, if held by the Company instead of such Restricted Subsidiaries, would constitute all or substantially all of the properties and assets of the Company on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the assets of the Company; provided, however, that this covenant will not be applicable to Permitted Grizzly Dispositions.

The Successor Company (if not the Company) will be the successor to the Company and shall succeed to, and be substituted for, and may exercise every right and power of, the Company under the 2025 Indenture, and the predecessor Company, except in the case of a lease, shall be released from the obligation to pay the principal of and interest on the 2025 Notes.

For all purposes of the 2025 Indenture, Subsidiaries of any Successor Company will, upon any transaction subject to this covenant, become Restricted Subsidiaries or Unrestricted Subsidiaries as provided pursuant to the 2025 Indenture, and all Indebtedness and Liens of the Successor Company and its Subsidiaries that were not Indebtedness or Liens on property or assets, as the case may be, of the Company and its Subsidiaries immediately prior to such transaction shall be deemed to have been Incurred upon such transaction.

(b) The Company will not permit any 2025 Subsidiary Guarantor to consolidate with or merge with or into, or convey, transfer or lease, in one transaction or a series of related transactions, all or substantially all of its assets to any Person unless:

- (1) the resulting, surviving or transferee Person (if not such Subsidiary) shall be a Person organized and existing under the laws of the jurisdiction under which such Subsidiary was organized or under the laws of the United States of America, or any State thereof or the District of Columbia, and such Person (if not the Company or a 2025 Subsidiary Guarantor) shall expressly assume, by a Guaranty Agreement, in a form reasonably satisfactory to the Trustee, all the obligations of such Subsidiary, if any, under its 2025 Subsidiary Guarantee; provided, however, that this clause (1) shall not apply if such Person is not a Subsidiary of the Company if in connection therewith the Company provides an Officers' Certificate to the Trustee to the effect that the Company will comply with its obligations, if any, under the covenant described under "—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock" in respect of such transaction;
- (2) immediately after giving effect to such transaction or transactions on a pro forma basis (and treating any Indebtedness which becomes an obligation of such Subsidiary as a result of such transaction as having been issued by such Subsidiary at the time of such transaction), no Default shall have occurred and be continuing; and
- (3) the Company delivers to the Trustee an Officers' Certificate and an Opinion of Counsel, together stating that such consolidation, merger or transfer and such Guaranty Agreement, if any, complies with the 2025 Indenture.

Future 2025 Subsidiary Guarantors

The Company will cause each Restricted Subsidiary that enters into a Guarantee of any Indebtedness of the Company or any other Restricted Subsidiary (other than a Foreign Subsidiary that Guarantees only Indebtedness Incurred by a Foreign Subsidiary) to, in each case, within 30 days thereafter, execute and deliver to the Trustee a Guaranty Agreement pursuant to which such Restricted Subsidiary will Guarantee payment of the 2025 Notes on the same terms and conditions as those set forth in the 2025 Indenture and applicable to the other 2025 Subsidiary Guarantors.

SEC Reports

Whether or not the Company is subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, the Company will file with or furnish to the SEC, as applicable, subject to the next sentence, and provide the Trustee and Holders with, such annual and other reports as are specified in Sections 13 and 15(d) of the Exchange Act and applicable to a U.S. corporation subject to such Sections (but without exhibits in the case of reports provided to Holders), such reports to be so filed and provided at the times specified for the filings of such reports under such Sections (after giving effect to all applicable extensions and cure periods) and containing all the information, audit reports and exhibits required for such reports. If, at any time, the Company is not subject to the periodic reporting requirements of the Exchange Act for any reason, the Company will nevertheless continue filing the reports specified in the preceding sentence with the SEC within such time periods unless the SEC will not accept such a filing. The Company agrees that it will not take any action for the purpose of causing the SEC not to accept such filings. If, notwithstanding the foregoing, the SEC will not accept such filings for any reason, the Company will post the reports specified in the preceding sentence on its website within the time periods (after giving effect to all applicable extensions and cure periods) that would apply if the Company were required to file those reports with the SEC.

Notwithstanding anything to the contrary contained in the immediately preceding paragraph, if the Company is not required to file reports with the SEC pursuant to Section 13 or 15(d) of the Exchange Act, (i.e., is a “voluntary filer”), the reports described in the preceding paragraph shall not be required to contain certain disclosures relating to the Company’s controls and procedures, corporate governance, code of ethics, director independence, market for the Company’s equity securities and executive compensation.

At any time that any of the Company’s Subsidiaries are Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraph will include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” of the financial condition and results of operations of the Company and its Restricted Subsidiaries separate from the financial condition and results of operations of the Unrestricted Subsidiaries of the Company.

In addition, the Company will furnish to the Holders of the 2025 Notes and to prospective investors, upon the requests of such Holders, any information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act so long as the 2025 Notes are not freely transferable under the Securities Act.

The Company also will comply with the other provisions of Trust Indenture Act § 314(a).

The Company shall be deemed to have furnished such reports to the Trustee and the Holders of the 2025 Notes if it has filed such reports with the SEC using the EDGAR (or any successor) filing system and such reports are publicly available through such filing system.

In the event that any direct or indirect parent company of the Company becomes a guarantor of the 2025 Notes, the Company may satisfy its obligations under this covenant by furnishing financial information relating to such parent; provided, however, that (a) such financial statements are accompanied by consolidating financial information for such parent, the Company, the 2025 Subsidiary Guarantors and the Subsidiaries of the Company that are not 2025 Subsidiary Guarantors in the manner prescribed by the SEC and (b) such parent is not engaged in any business in any material respect other than incidental to its ownership, directly or indirectly, of the Capital Stock of the Company.

So long as any 2025 Notes are outstanding, the Company will also:

- (1) as promptly as reasonably practicable after filing with the SEC or posting the annual and quarterly reports required by the first paragraph of this covenant, hold a conference call to discuss such reports and the results of operations for the relevant reporting period; and

Table of Contents

- (2) issue a press release to the appropriate nationally recognized wire services prior to the date of the conference call required to be held in accordance with clause (1) of this paragraph, announcing the time and date of such conference call and including all information necessary to access the call.

This covenant will be deemed not to impose any duty on the Company under the Sarbanes-Oxley Act of 2002 and the related SEC rules that would not otherwise be applicable.

Defaults

Each of the following is an Event of Default:

- (1) a default in the payment of interest on the 2025 Notes when due, continued for 30 days;
- (2) a default in the payment of principal of any 2025 Note when due at its Stated Maturity, upon optional redemption, upon required purchase, upon declaration of acceleration or otherwise;
- (3) the failure by the Company to comply with its obligations under “—Certain Covenants—Merger and Consolidation” above;
- (4) the failure by the Company to comply for (i) 30 days after notice with any of its obligations in the covenants described above under “—Change of Control” (other than a failure to purchase 2025 Notes) or under “—Certain Covenants” under “—Limitation on Indebtedness,” “—Limitation on Restricted Payments,” “—Limitation on Restrictions on Distributions from Restricted Subsidiaries,” “—Limitation on Sales of Assets and Subsidiary Stock” (other than a failure to purchase 2025 Notes), “—Limitation on Affiliate Transactions,” “—Limitation on Line of Business,” “—Limitation on Liens” or “—Future 2025 Subsidiary Guarantors” or (ii) 90 days after notice with any of its obligations in the covenant described above under “—Certain Covenants—SEC Reports”;
- (5) the failure by the Company or any 2025 Subsidiary Guarantor to comply for 60 days after notice with its other agreements contained in the 2025 Indenture;
- (6) Indebtedness of the Company, any 2025 Subsidiary Guarantor or any Significant Subsidiary is not paid within any applicable grace period after final maturity or is accelerated by the holders thereof because of a default and the total amount of such Indebtedness unpaid or accelerated exceeds \$50.0 million (the “cross acceleration provision”);
- (7) certain events of bankruptcy, insolvency or reorganization of the Company or any Significant Subsidiary (the “bankruptcy provisions”);
- (8) any judgment or decree for the payment of money in excess of \$50.0 million above the coverage under applicable insurance policies and indemnities, as to which the relevant insurer or indemnitor has not disclaimed responsibility, is entered against the Company or any Significant Subsidiary, remains outstanding for a period of 60 consecutive days following the entry of such judgment or decree and is not discharged, waived or stayed (the “judgment default provision”); or
- (9) any 2025 Subsidiary Guarantee ceases to be in full force and effect (other than in accordance with the terms of such 2025 Subsidiary Guarantee) or any 2025 Subsidiary Guarantor denies or disaffirms its obligations under its 2025 Subsidiary Guarantee (the “Guarantor failure provision”).

However, a default under clauses (4) and (5) will not constitute an Event of Default until the Trustee or the holders of 25% in principal amount of the outstanding 2025 Notes notify the Company of the default and the Company does not cure such default within the time specified after receipt of such notice.

If an Event of Default occurs and is continuing, the Trustee or the holders of at least 25% in principal amount of the outstanding 2025 Notes may declare the principal of and accrued but unpaid interest on all the 2025 Notes to be due and payable. Upon such a declaration, such principal and interest shall be due and payable

Table of Contents

immediately. If an Event of Default relating to certain events of bankruptcy, insolvency or reorganization of the Company occurs and is continuing, the principal of and interest on all the 2025 Notes will ipso facto become and be immediately due and payable without any declaration or other act on the part of the Trustee or any holders of the 2025 Notes. Under certain circumstances, the holders of a majority in principal amount of the outstanding 2025 Notes may rescind any such acceleration with respect to the 2025 Notes and its consequences.

Subject to the provisions of the 2025 Indenture relating to the duties of the Trustee, in case an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the 2025 Indenture at the request or direction of any of the holders of the 2025 Notes unless such holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium (if any) or interest when due, no holder of a 2025 Note may pursue any remedy with respect to the 2025 Indenture or the 2025 Notes unless:

- (1) such holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) holders of at least 25% in principal amount of the outstanding 2025 Notes have requested the Trustee to pursue the remedy;
- (3) such holders have offered the Trustee reasonable security or indemnity against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt thereof and the offer of security or indemnity; and
- (5) holders of a majority in principal amount of the outstanding 2025 Notes have not given the Trustee a direction inconsistent with such request within such 60-day period.

Subject to certain restrictions, the holders of a majority in principal amount of the outstanding 2025 Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Trustee, however, may refuse to follow any direction that conflicts with law or the 2025 Indenture or that the Trustee determines is unduly prejudicial to the rights of any other holder of a 2025 Note or that would involve the Trustee in personal liability.

If a Default occurs, is continuing and is known to the Trustee, the Trustee must send to each holder of the 2025 Notes notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of or interest on any 2025 Note, the Trustee may withhold notice if and so long as a committee of its Trust Officers in good faith determines that withholding notice is not opposed to the interest of the holders of the 2025 Notes. In addition, we are required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. We are required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any event which would constitute certain Defaults, their status and what action we are taking or propose to take in respect thereof.

Amendments and Waivers

Subject to certain exceptions, the 2025 Indenture, the 2025 Notes and the 2025 Subsidiary Guarantees may be amended with the consent of the holders of at least a majority in principal amount of the 2025 Notes then outstanding (including consents obtained in connection with a tender offer or exchange for the 2025 Notes) and any past default or compliance with any provisions may also be waived with the consent of the holders of at least a majority in principal amount of the 2025 Notes then outstanding. However, without the consent of each holder of an outstanding 2025 Note affected thereby, an amendment or waiver may not, among other things:

- (1) reduce the amount of 2025 Notes whose holders must consent to an amendment;
- (2) reduce the rate of or extend the time for payment of interest on any 2025 Note;

Table of Contents

- (3) reduce the principal of or change the Stated Maturity of any 2025 Note;
- (4) reduce the amount payable upon the redemption of any 2025 Note or change the date on which any 2025 Note may be redeemed as described under “—Optional Redemption” (provided that the foregoing shall not include changing the notice periods for any redemption);
- (5) make any 2025 Note payable in money other than that stated in the 2025 Note;
- (6) impair the right of any holder of the 2025 Notes to receive payment of principal of and interest on such holder’s 2025 Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such holder’s 2025 Notes;
- (7) make any change in the provisions which require each affected holder’s consent to an amendment or waiver;
- (8) make any change in the ranking or priority of any 2025 Note that would adversely affect the Noteholders; or
- (9) make any change in, or release other than in accordance with the 2025 Indenture, any 2025 Subsidiary Guarantee that would adversely affect the Noteholders.

Notwithstanding the preceding, the covenants described under the captions “—Change of Control” and “—Certain Covenants—Limitation on Sales of Assets and Subsidiary Stock” may be amended as described in the last paragraph of each such description.

Notwithstanding the preceding, without the consent of any holder of the 2025 Notes, the Company, the 2025 Subsidiary Guarantors and the Trustee may amend the 2025 Indenture, the 2025 Notes and the 2025 Subsidiary Guarantees:

- (1) to cure any ambiguity, omission, defect or inconsistency;
- (2) to provide for the assumption by a successor corporation of the obligations of the Company or any 2025 Subsidiary Guarantor under the 2025 Indenture as contemplated by the covenant described under “—Certain Covenants—Merger and Consolidation”;
- (3) to provide for uncertificated 2025 Notes in addition to or in place of certificated 2025 Notes (provided that the uncertificated 2025 Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated 2025 Notes are described in Section 163(f)(2)(B) of the Code);
- (4) to add Guarantees with respect to the 2025 Notes, including any 2025 Subsidiary Guarantees, or to secure the 2025 Notes;
- (5) to add to the covenants of the Company or any 2025 Subsidiary Guarantor for the benefit of the holders of the 2025 Notes or to surrender any right or power conferred upon the Company or any 2025 Subsidiary Guarantor;
- (6) to make any change that does not adversely affect the rights of any holder of the 2025 Notes in any material respect;
- (7) to comply with any requirement of the SEC in connection with the qualification of the 2025 Indenture under the Trust Indenture Act;
- (8) to make any amendment to the provisions of the 2025 Indenture relating to the transfer and legending of 2025 Notes; provided, however, that (a) compliance with the 2025 Indenture as so amended would not result in 2025 Notes being transferred in violation of the Securities Act or any other applicable securities law and (b) such amendment does not materially and adversely affect the rights of Holders to transfer 2025 Notes;

Table of Contents

- (9) to conform the text of the 2025 Indenture, the 2025 Notes or the 2025 Subsidiary Guarantees to any provision of the “Description of the Notes” section of the 2025 Offering Circular to the extent that such provision in such “Description of the Notes” is intended to be a verbatim recitation of a provision of the 2025 Indenture, the 2025 Notes or the 2025 Subsidiary Guarantees; or
- (10) to reflect the issuance of 2025 Additional Notes in compliance with the terms of the 2025 Indenture.

The consent of the holders of the 2025 Notes is not necessary under the 2025 Indenture to approve the particular form of any proposed amendment. It is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the 2025 Indenture becomes effective, we are required to send to holders of the 2025 Notes a notice briefly describing such amendment. However, the failure to give such notice to all holders of the 2025 Notes, or any defect therein, will not impair or affect the validity of the amendment.

Neither the Company nor any Restricted Subsidiary may, directly or indirectly, pay or cause to be paid any consideration, whether by way of interest, fee or otherwise, to any Holder for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the 2025 Indenture or the 2025 Notes unless such consideration is offered to all Holders and is paid to all Holders that so consent, waive or agree to amend in the time frame set forth in solicitation documents relating to such consent, waiver or agreement. Notwithstanding the foregoing, the Company and its Restricted Subsidiaries shall be permitted in any such solicitation, offer (including any tender or exchange offer) or payment to exclude any category of Holders (including by jurisdiction) if (a) (i) applicable law, regulatory guidance, listing requirements or common practice could reasonably be interpreted as requiring the Company or any Restricted Subsidiary to file a registration statement, prospectus or similar document in connection therewith or (ii) such solicitation, offer or payment would not be permitted under applicable law with respect to Holders in such category, and (b) each excluded Holder shall have the right, in each case if such right is permitted under applicable law and will not give rise to a filing requirement of the type described in clause (a)(i), to (i) receive any applicable solicitation materials as if it were not an excluded Holder and (ii) accept a payment in an amount equal to the payment such Holder would have had the right to receive if it had not been an excluded Holder and had accepted such offer.

Transfer

The 2025 Notes have been or will be issued in registered form and will be transferable only upon the surrender of the 2025 Notes being transferred for registration of transfer. We may require payment of a sum sufficient to cover any tax, assessment or other governmental charge payable in connection with certain transfers and exchanges.

Satisfaction and Discharge

When (1) we deliver to the Trustee all outstanding 2025 Notes for cancellation or (2) all outstanding 2025 Notes have become due and payable, whether at maturity or as a result of the sending of notice of redemption, or will become due and payable within one year or are to be called for redemption within one year, and, in the case of clause (2), we irrevocably deposit with the Trustee (x) cash in United States dollars or (y) cash in United States dollars, U.S. Government Obligations, or a combination thereof, in such amounts as, in the aggregate, will be sufficient (in the case of clause (y), (A) in the opinion of a nationally recognized firm of independent public accountants or a nationally recognized investment banking firm, or (B) if no such opinion in the immediately preceding clause (A) can be reasonably obtained, in the opinion of the chief financial officer of the Company) to pay at maturity or upon redemption all outstanding 2025 Notes, including interest thereon to maturity or such redemption date, and if in either case we pay all other sums payable under the 2025 Indenture by us, then the 2025 Indenture shall, subject to certain exceptions, cease to be of further effect.

Defeasance

At any time, we may terminate all our obligations under the 2025 Notes and the 2025 Indenture (“legal defeasance”), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the 2025 Notes, to replace mutilated, destroyed, lost or stolen 2025 Notes and to maintain a registrar and paying agent in respect of the 2025 Notes.

In addition, at any time we may terminate our obligations under “—Change of Control” and under the covenants described under “—Certain Covenants” (other than the covenant described under “—Certain Covenants—Merger and Consolidation”), the operation of the cross acceleration provision, the bankruptcy provisions with respect to Subsidiaries, the judgment default provision and the Guarantor failure provision described under “—Defaults” above and the limitation contained in clause (3) of the first paragraph under “—Certain Covenants—Merger and Consolidation” above (“covenant defeasance”).

We may exercise our legal defeasance option notwithstanding our prior exercise of our covenant defeasance option. If we exercise our legal defeasance option, payment of the 2025 Notes may not be accelerated because of an Event of Default with respect thereto. If we exercise our covenant defeasance option, payment of the 2025 Notes may not be accelerated because of an Event of Default specified in clause (4), (6), (7) (with respect only to Subsidiaries), (8) or (9) under “—Defaults” above or because of the failure of the Company to comply with clause (3) of the first paragraph under “—Certain Covenants—Merger and Consolidation” above. If we exercise our legal defeasance option or our covenant defeasance option, each 2025 Subsidiary Guarantor will be released from all of its obligations with respect to its 2025 Subsidiary Guarantee.

In order to exercise either of our defeasance options, we must irrevocably deposit in trust (the “defeasance trust”) with the Trustee (x) cash in United States dollars or (y) cash in United States dollars, U.S. Government Obligations, or a combination thereof, in such amounts as, in the aggregate, will be sufficient (in the case of clause (y), (A) in the opinion of a nationally recognized firm of independent public accountants or a nationally recognized investment banking firm, or (B) if no such opinion in the immediately preceding clause (A) can be reasonably obtained, in the opinion of the chief financial officer of the Company) for the payment of principal and interest on the 2025 Notes to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of an Opinion of Counsel to the effect that holders of the 2025 Notes will not recognize income, gain or loss for Federal income tax purposes as a result of such deposit and defeasance and will be subject to Federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred (and, in the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable Federal income tax law).

Concerning the Trustee

Wells Fargo Bank, N.A. is the Trustee under the 2025 Indenture. We have appointed Wells Fargo Bank, N.A. as Registrar and Paying Agent with regard to the 2025 Notes.

The 2025 Indenture contains certain limitations on the rights of the Trustee, should it become a creditor of the Company, to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The Trustee will be permitted to engage in other transactions; provided, however, if it acquires any conflicting interest it must either eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Holders of a majority in principal amount of the outstanding 2025 Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee, subject to certain exceptions. If an Event of Default occurs (and is not cured), the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such

Table of Contents

provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the 2025 Indenture at the request of any Holder of 2025 Notes unless such Holder shall have offered to the Trustee security and indemnity satisfactory to it against any loss, liability or expense and then only to the extent required by the terms of the 2025 Indenture.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of the Company or any 2025 Subsidiary Guarantor (other than a stockholder that is the Company or another 2025 Subsidiary Guarantor) will have any liability for any obligations of the Company or any 2025 Subsidiary Guarantor under the 2025 Notes, any 2025 Subsidiary Guarantee or the 2025 Indenture or for any claim based on, in respect of, or by reason of such obligations or their creation. Each Holder of the 2025 Notes by accepting a 2025 Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the 2025 Notes. Such waiver and release may not be effective to waive liabilities under the U.S. federal securities laws, and it is the view of the SEC that such a waiver is against public policy.

Table of Contents

Consolidated Coverage Ratio is an Incurrence of Indebtedness, or both, then EBITDA and Consolidated Interest Expense for such period shall be calculated after giving effect on a pro forma basis to such Indebtedness and the use of the proceeds thereof as if such Indebtedness had been Incurred on the first day of such period and such proceeds had been applied as of such date; provided, however, that the pro forma calculation of Consolidated Interest Expense shall not give effect to any Indebtedness Incurred on the date of determination pursuant to paragraph (b) of the covenant described under “—Certain Covenants—Limitation on Indebtedness”;

- (B) if the Company or any Restricted Subsidiary has repaid, repurchased, defeased or otherwise discharged any Indebtedness since the beginning of such period or if any Indebtedness is to be repaid, repurchased, defeased or otherwise discharged on the date of the transaction giving rise to the need to calculate the Consolidated Coverage Ratio, then EBITDA and Consolidated Interest Expense for such period shall be calculated on a pro forma basis as if such discharge had occurred on the first day of such period and as if the Company or such Restricted Subsidiary had not earned the interest income actually earned (if any) during such period in respect of cash or Temporary Cash Investments used to repay, repurchase, defease or otherwise discharge such Indebtedness; provided, however, that the pro forma calculation of Consolidated Interest Expense shall not give effect to the discharge on the date of determination of any Indebtedness to the extent such discharge results from the proceeds of Indebtedness Incurred pursuant to paragraph (b) of the covenant described under “—Certain Covenants—Limitation on Indebtedness”;

- (D) if, since the beginning of such period, the Company or any Restricted Subsidiary (by merger or otherwise) shall have made an Investment in any Restricted Subsidiary (or any Person which becomes a Restricted Subsidiary) or an acquisition of material assets, then EBITDA and Consolidated Interest Expense for such period shall be calculated after giving pro forma effect thereto (including the Incurrence of any Indebtedness) as if such Investment or acquisition had occurred on the first day of such period; and

The Consolidated Interest Expense attributable to interest on any Indebtedness under a revolving credit facility the outstanding principal balance of which is required to be computed on a pro forma basis in accordance with the foregoing shall be computed based upon the average daily balance of such Indebtedness during the applicable period, provided, however, that such average daily balance shall be reduced by the amount of any repayment of Indebtedness under such revolving credit facility during the applicable period, to the extent such repayment permanently reduced the commitments or amounts available to be borrowed under such facility.

BOOK-ENTRY SETTLEMENT AND CLEARANCE

We will issue the Exchange Notes in the form of global Exchange Notes, or the Global Exchange Notes. The Global Exchange Notes will be deposited with, or on behalf of, The Depository Trust Company, or DTC, and registered in the name of the DTC or its nominee. Except as set forth below, the Global Exchange Notes may be transferred, in whole and not in part, and only to DTC or another nominee of DTC. You may hold your beneficial interests in the Global Exchange Notes directly through DTC if you have an account with DTC or indirectly through organizations that have accounts with DTC.

DTC has advised us that it is:

- a limited purpose trust company organized under the laws of the State of New York;
- a “banking organization” within the meaning of the New York State Banking Law;
- a member of the Federal Reserve System;
- a “clearing corporation” within the meaning of the Uniform Commercial Code; and
- a “clearing agency” registered under Section 17A of the Exchange Act.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between its participants through electronic book-entry changes to the accounts of its participants. DTC’s participants include securities brokers and dealers, including the initial purchasers; banks and trust companies; clearing corporations and other organizations. Indirect access to DTC’s system is also available to others such as banks, brokers, dealers and trust companies; these indirect participants clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly. Investors who are not DTC participants may beneficially own securities held by or on behalf of DTC only through DTC participants or indirect participants in DTC.

So long as DTC’s nominee is the registered owner of the Global Exchange Notes, that nominee will be considered the sole owner or holder of the Exchange Notes represented by the Global Exchange Notes for all purposes under the Indentures. Except as provided below under “—Certificated Notes,” owners of beneficial interests in a Global Exchange Note:

- will not be entitled to have Exchange Notes represented by the Global Exchange Note registered in their names;
- will not receive or be entitled to receive physical, certificated Exchange Notes; and
- will not be considered the owners or holders of the Exchange Notes under the Indentures for any purpose, including with respect to the giving of any direction, instruction or approval to the trustee under the Indentures.

As a result, each investor who owns a beneficial interest in a Global Exchange Note must rely on the procedures of DTC to exercise any rights of a holder of Exchange Notes under the Indentures (and, if the investor is not a participant or an indirect participant in DTC, on the procedures of the DTC participant through which the investor owns its interest). Payments of principal, premium (if any) and interest with respect to the Exchange Notes represented by a Global Exchange Note will be made by the trustee to DTC’s nominee as the registered holder of the Global Exchange Note. We understand that under existing industry practice, in the event an owner of a beneficial interest in a Global Exchange Note desires to take any action that the DTC, as the holder of the Global Exchange Note, is entitled to take, the DTC would authorize the participants to take such action, and the participants would authorize beneficial owners owning through such participants to take such action or would otherwise act upon the instructions of beneficial owners owning through them.

We will make payments of principal of, premium, if any, and interest on Exchange Notes represented by the Global Exchange Notes registered in the name of and held by the DTC or its nominee to the DTC or its nominee,

as the case may be, as the registered owner and holder of the Global Exchange Notes. We expect that the DTC or its nominee, upon receipt of any payment of principal of, premium, if any, or interest on the Global Exchange Notes will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of the Global Exchange Notes as shown on the records of the DTC or its nominee. We also expect that payments by participants or indirect participants to owners of beneficial interests in the Global Exchange Notes held through such participants or indirect participants will be governed by standing instructions and customary practices and will be the responsibility of such participants or indirect participants. We will not have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Global Exchange Notes for any Exchange Note or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests or for any other aspect of the relationship between the DTC and its participants or indirect participants or the relationship between such participants or indirect participants and the owners of beneficial interests in the Global Exchange Notes owning through such participants. Transfers between participants in DTC will be effected under DTC's procedures and will be settled in same-day funds.

Although the DTC has agreed to the foregoing procedures in order to facilitate transfers of interests in the Global Exchange Notes among participants of the DTC, it is under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. Neither the Trustee nor the Company will have any responsibility or liability for the performance by the DTC or its participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Certificated Notes

Exchange Notes in physical, certificated form will be issued and delivered to each person that DTC identifies as a beneficial owner of the related Exchange Notes only if:

- (1) DTC (a) notifies the Company that it is unwilling or unable to continue as depository for the Global Exchange Notes or (b) has ceased to be a clearing agency registered under the Exchange Act and, in each case, a successor depository is not appointed within 90 days;
- (2) the Company, at its option, notifies the Trustee in writing that it elects to cause the issuance of certificated Exchange Notes;
- (3) with respect to the 2024 Indenture, there has occurred and is continuing a Default or an Event of Default under the 2024 Indenture;
- (4) with respect to the 2025 Indenture, there has occurred and is continuing an Event of Default under the 2025 Indenture; or
- (5) certain other events provided in the Indentures should occur.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of material U.S. federal income tax consequences of the exchange of Initial Notes for Exchange Notes pursuant to the Exchange Offers, but does not purport to be a complete analysis of all potential tax considerations. This summary is based upon the Internal Revenue Code of 1986, as amended, or the Code, the Treasury Regulations promulgated or proposed thereunder, and administrative and judicial interpretations thereof, all as of the date hereof and all of which are subject to change, possibly on a retroactive basis.

This summary is limited to the tax consequences of those persons who are original beneficial owners of the Initial Notes, who exchange Initial Notes for Exchange Notes in the Exchange Offers, and that will hold the Exchange Notes as capital assets within the meaning of Section 1221 of the Code. This summary does not purport to deal with all aspects of U.S. federal income taxation that might be relevant to particular holders in light of their particular circumstances or status nor does it address specific tax consequences that may be relevant to particular persons (including, for example, financial institutions, broker-dealers, insurance companies, partnerships or other pass-through entities, expatriates, banks, real estate investment trusts, regulated investment companies, tax-exempt organizations and persons that have a functional currency other than the U.S. dollar, or persons in special situations, such as those who have elected to mark securities to market or those who hold Initial Notes as part of a straddle, hedge, conversion transaction or other integrated investment). In addition, this summary does not address U.S. federal alternative minimum, estate and gift tax consequences or consequences under the tax laws of any state, local or foreign jurisdiction. We have not sought any ruling from the Internal Revenue Service, or the IRS, with respect to the statements made and the conclusions reached in this summary, and we cannot assure you that the IRS will agree with such statements and conclusions.

If a partnership or other entity treated as a partnership for U.S. federal income tax purposes holds Initial Notes and participates in the Exchange Offers, the tax treatment of a partner generally will depend upon the status of the partner and the activities of the partnership. If you are a partner of a partnership holding the Initial Notes, you should consult your tax advisor regarding the tax consequences of the exchange of Initial Notes for Exchange Notes pursuant to the Exchange Offers.

This summary is for general information only. If you are considering the exchange of Initial Notes for Exchange Notes, you are urged to consult your independent tax advisors concerning the U.S. federal income tax and other tax consequences to them of exchanging the Initial Notes, as well as the application of state, local and non-U.S. income and other tax laws.

Exchange of an Initial Note for an Exchange Note Pursuant to the Exchange Offers

The 2024 Exchange Notes and 2025 Exchange Notes described herein will not constitute a “significant modification” of the 2024 Initial Notes and the 2025 Initial Notes, respectively, for U.S. federal income tax purposes. Accordingly, the 2024 Exchange Notes and 2025 Exchange Notes you receive will be treated as a continuation of the 2024 Initial Notes and the 2025 Initial Notes in your hands, and the exchange of Initial Notes for Exchange Notes pursuant to the Exchange Offers will not constitute a taxable disposition of the Initial Notes for U.S. federal income tax purposes. As a result, (1) you will not recognize taxable income, gain or loss on the exchange, (2) your holding period for the Exchange Notes will generally include the holding period of the Initial Notes exchanged, and (3) your adjusted tax basis in the Exchange Notes will generally be the same as your adjusted tax basis in the Initial Notes exchanged. If you do not exchange your Initial Notes for Exchange Notes pursuant to the Exchange Offers, you will not recognize any gain or loss upon consummation of the Exchange Offers.

THE PRECEDING DISCUSSION OF MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES IS FOR GENERAL INFORMATION ONLY AND IS NOT TAX ADVICE. DUE TO THE COMPLEXITY OF THE U.S. FEDERAL INCOME TAX RULES APPLICABLE TO HOLDERS AND THE CONSIDERABLE

UNCERTAINTY THAT EXISTS WITH RESPECT TO MANY ASPECTS OF THOSE RULES, EACH HOLDER SHOULD CONSULT ITS OWN TAX ADVISOR REGARDING THE PARTICULAR FEDERAL, STATE, LOCAL AND NON-U.S. TAX CONSEQUENCES OF PARTICIPATING IN THE EXCHANGE OFFERS AND OF OWNING AND DISPOSING OF EXCHANGE NOTES, INCLUDING THE CONSEQUENCES OF ANY PROPOSED CHANGE IN APPLICABLE LAWS.

PLAN OF DISTRIBUTION

Based on interpretations of the SEC set forth in no-action letters issued to third parties, we believe that the Exchange Notes issued in the applicable Exchange Offer in exchange for Initial Notes may be offered for resale, resold and otherwise transferred by you without compliance with the registration and prospectus delivery provisions of the Securities Act, provided:

- you are not an “affiliate” of ours within the meaning of Rule 405 under the Securities Act;
- you are acquiring the Exchange Notes in the ordinary course of your business; and
- you do not intend to participate in the distribution of the Exchange Notes.

If you tender Initial Notes in the applicable Exchange Offer with the intention of participating in any manner in a distribution of the Exchange Notes:

- you cannot rely on the above interpretations of the SEC; and
- you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with a secondary resale transaction, and the secondary resale transaction must be covered by an effective registration statement containing the selling security holder information required by Item 507 or 508, as applicable, of Regulation S-K under the Securities Act.

Each broker-dealer that receives Exchange Notes for its own account in the applicable Exchange Offer must acknowledge that it will deliver a prospectus in connection with any resale of such Exchange Notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker dealer in connection with resales of Exchange Notes received in exchange for Initial Notes where such Initial Notes were acquired as a result of market-marking activities or other trading activities. We have agreed that, for a period of 180 days after the effective date of this prospectus, we will make this prospectus, as amended or supplemented, available to any broker-dealer for use in connection with any such resale. In addition, until February 1, 2018, all dealers effecting transactions in the Exchange Notes may be required to deliver a prospectus.

We will not receive any proceeds from any sale of Exchange Notes by broker-dealers. Exchange Notes received by broker-dealers for their own account in the applicable Exchange Offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on the Exchange Notes or a combination of such methods of resale, at market prices prevailing at the time of resale, at prices related to such prevailing market prices or negotiated prices. Any such resale may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from any such broker-dealer or the purchasers of any such Exchange Notes. Any broker-dealer that resells Exchange Notes that were received by it for its own account in the applicable Exchange Offer and any broker or dealer that participates in a distribution of such Exchange Notes may be deemed to be an “underwriter” within the meaning of the Securities Act and any profit on any such resale of Exchange Notes and any commission or concessions received by any such persons may be deemed to be underwriting compensation under the Securities Act. The Letter of Transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a broker-dealer will not be deemed to admit that it is an “underwriter” within the meaning of the Securities Act.

For a period of 180 days after the effective date of this prospectus, we will promptly send additional copies of this prospectus and any amendment or supplement to this prospectus to any broker-dealer that requests such documents in the Letter of Transmittal. We have agreed to pay all expenses incident to each Exchange Offer (including the expenses of one counsel for the holders of the Notes) other than commissions or concessions of any brokers or dealers and will indemnify the holders of the Notes (including any broker-dealers) against certain liabilities, including liabilities under the Securities Act.

By acceptance of the applicable Exchange Offer, each broker-dealer that receives Exchange Notes in such Exchange Offer hereby agrees to notify us prior to using the prospectus in connection with the sale or transfer of

Exchange Notes, and acknowledges and agrees that, upon receipt of notice from us of the happening of any event which makes any statement in the prospectus untrue in any material respect or which requires the making of any changes in the prospectus in order to make the statements therein not misleading (which notice we agree to deliver promptly to such broker-dealer), such broker-dealer will suspend use of the prospectus until we have amended or supplemented the prospectus to correct such misstatement or omission and has furnished copies of the amended or supplemented prospectus to such broker-dealer.

The validity of the Exchange Notes offered hereby will be passed upon for us by Akin Gump Strauss Hauer & Feld LLP.

GLOSSARY OF OIL AND GAS TERMS

The following is a description of the meanings of some of the oil and natural gas industry terms used in this prospectus.

BBL. Stock tank barrel, or 42 U.S. gallons liquid volume, used in this prospectus in reference to crude oil or other liquid hydrocarbons.

BOE. Barrels of oil equivalent, with six thousand cubic feet of natural gas being equivalent to one barrel of oil.

BTU or British thermal unit. The quantity of heat required to raise the temperature of one pound of water by one degree Fahrenheit.

Condensate. Liquid hydrocarbons associated with the production of a primarily natural gas reserve.

Field. An area consisting of either a single reservoir or multiple reservoirs, all grouped on or related to the same individual geological structural feature and/or stratigraphic condition.

MBBLS. Thousand barrels of crude oil or other liquid hydrocarbons.

MBOE. Thousand barrels of oil equivalent.

MCF. Thousand cubic feet of natural gas.

MMBTU. Million British Thermal Units.

MMCF. Million cubic feet of natural gas.

Net revenue interest (NRI). An owner's interest in the revenues of a well after deducting proceeds allocated to royalty and overriding interests.

Plugging and abandonment. Refers to the sealing off of fluids in the strata penetrated by a well so that the fluids from one stratum will not escape into another or to the surface. Regulations of all states require plugging of abandoned wells.

PUD. Proved undeveloped.

Present value of future net revenues (PV-10). The present value of estimated future revenues to be generated from the production of proved reserves, before income taxes, of proved reserves calculated in accordance with Financial Accounting Standards Board guidelines, net of estimated production and future development costs, using prices and costs as of the date of estimation without future escalation, without giving effect to hedging activities, non-property related expenses such as general and administrative expenses, debt service and depreciation, depletion and amortization, and discounted using an annual discount rate of 10%.

Productive well. A well that is found to be capable of producing hydrocarbons in sufficient quantities such that proceeds from the sale of the production exceed production expenses and taxes.

Proved reserves. The estimated quantities of oil, natural gas and natural gas liquids which geological and engineering data demonstrate with reasonable certainty to be commercially recoverable in future years from known reservoirs under existing economic and operating conditions.

Table of Contents

Proved undeveloped reserves (PUD). Proved reserves that are expected to be recovered from new wells drilled to known reservoirs on undrilled acreage for which the existence and recoverability of such reserves can be estimated with reasonable certainty, or from existing wells on which a relatively major expenditure is required to establish production.

Reservoir. A porous and permeable underground formation containing a natural accumulation of producible natural gas and/or oil that is confined by impermeable rock or water barriers and is separate from other reservoirs.

Standardized Measure. The present value of estimated future cash inflows from proved oil and natural gas reserves, less future development, abandonment, production and future income tax expenses, discounted at 10% per annum to reflect timing of future cash flows and using the same pricing assumptions as were used to calculate PV-10. Standardized Measure differs from PV-10 because Standardized Measure includes the effect of future income taxes.

Undeveloped acreage. Lease acreage on which wells have not been drilled or completed to a point that would permit the production of commercial quantities of oil and natural gas regardless of whether such acreage contains proved reserves.

Working interest (WI). The operating interest that gives the owner the right to drill, produce and conduct operating activities on the property and receive a share of production and requires the owner to pay a share of the costs of drilling and production operations.
